Albee Abroad ,2023-07-03 The final volume of the New Perspectives in Edward Albee Studies series expands the analyses of Edward Albee's theatre beyond Anglophone countries. Ranging from academic essays, performance reviews, and interviews, the selected contributions examine different socio-political contexts, cultural dynamics, linguistic communities, and aesthetic traditions, from the 1960s to our contemporary days. Albee Abroad gladly brings together varied voices from Czech Republic, People's Republic of China, Brazil, Iran, Germany, Spain, and Greece, thus enriching Albee scholarship with more plural tones.

Blind Stories Marcos Lima,2021-02-22 A collection of the best chronicles published in the Histórias de cego project, initially a blog and later a YouTube channel, where, in addition to telling a little about his experience in such a visual society, Marcos Lima shows us the world through his eyes. With his senses as sharp as his sense of humor, he tells how he spent a day in a wheelchair, fulfilled a childhood dream when he explored the island of Malta and how the sport changed his life.

The Modern Brazilian Stage David George, 2014-07-03 Reading a play and watching it performed onstage are quite different experiences. Likewise, studying a country's theatrical tradition with reference only to playtexts overlooks the vital impact of a play's performance on the audience and on the whole artistic community. In this performance-centered approach to Brazilian theatre since the 1940s, David George explores a total theatrical language—the plays, the companies that produced them, and the performances that set a standard for all future stagings. George structures the discussion around several important companies. He begins with Os Comediantes, whose revolutionary 1943 staging of Nelson Rodrigues' *Vestido de Noiva* (Bridal Gown) broke with the outmoded comedy-of-manners formula that had dominated the national stage since the nineteenth century. He considers three companies of the 1950s and 1960s—Teatro Brasileiro de Comédia, Teatro de Arena, and Teatro Oficina—along with the 1967 production of *O Rei da Vela* (The Candle King) by Teatro Oficina. The 1970s represented a wasteland for Brazilian theatre, George finds, in which a repressive military dictatorship muzzled artistic expression. The Grupo Macunaíma brought theatre alive again in the 1980s, with its productions of *Macunaíma* and *Nelson 2 Rodrigues*. Common to all theatrical companies, George concludes, was the desire to establish a national aesthetic, free from European and United States models. The creative tension this generated and the successes of modern Brazilian theatre make lively reading for all students of Brazilian and world drama.

The Author in the Office Dr. Paul Jordan, 2006 Office-based writers from both sides of the River Plate chronicle the twentieth century. Martel's *La bolsa* (1891) initiates, and Dorfman's *Reader* (1995) concludes, a study of the white-collar citizens of Buenos Aires and Montevideo in their daytime habitat: the office. The literary background is the European literature of bureaucracy: Balzac, Galdós, Gogol, Dickens, Dostoyevsky, Kafka; the theoretical approach is through the sociologists Max Weber and C. Wright Mills; the historical context is the twentieth century: the decline of European power and the ascendancy of the USA; two World Wars; the Wall Street

crash; communism and fascism. Through the eyes of Arlt, Benedetti, Campodónico, Cortázar, De Castro, Denevi, Fernández, Marechal, Mariani, Martínez Estrada, Onetti and Ricci, we observe life on both sides of the River Plate, as the two countries succumb to polarisation, repression and, eventually, military dictatorship. This is the twentieth century, viewed by a bewildered, frequently anguished participant: the person at the next desk. PAUL R. JORDAN lectures in Hispanic Studies at the University of Sheffield.

The Story of the Rockefeller Foundation Raymond B. Fosdick, 2017-09-29 Since its original publication in 1952, Fosdick's book has been the single most reliable treatment of one of the most important philanthropies in the United States and indeed the world. Fosdick served as president of the foundation for twelve years, from 1936 to 1948, when it was the largest grant-making endowment in the world. As Steven Wheatley notes in his valuable new introduction, in part The Story of the Rockefeller Foundation was intended as an instrument of institutional self-defense. When it was written, the foundation community was under mounting political attack from the right, and the book was meant to help balance the Scales by cataloging the foundation's

good works. As a deliberate self-portrait, the book conceals as much as it reveals, while in the process it reveals a good deal about the author. Fosdick sees politics, like bureaucracy, as perhaps an avoidable problem and not an inevitable consequence of foundation activity. He sees foundations as engaging in the application of scientific, technical, and organizational solutions to public problems through a venture capital approach to discovering how to resolve them. Fosdick's higher ground approach became established philanthropic practice far beyond the Rockefeller Foundation. Consequently, this volume is significant as an institutional history as well as a charter for American foundations.

Reading Iberia Stuart Davis, 2007 This book is an edited volume of eleven specially-commissioned essays by a range of established and emerging UK-based Hispanists, which assess recent developments in the disciplines falling under the umbrella of 'Iberian Studies'. These essays, which cover a wide range of time periods and geographical areas, but are united by the common question of what it means to 'Read Iberia', offer an invigorating critique of many of the critical assumptions shaping the study of Iberian languages and literatures. This volume offers a timely intervention into the debate about the current repositioning of language/literature disciplines within the UK university.

Its intellectual starting point is the need for a committed and incisive re-evaluation of the role of literature and the way we teach and research it. The contributors address this issue from a diverse range of linguistic, cultural and theoretical backgrounds, drawing on both familiar and not-so-familiar texts and authors to question common reference points and critical assumptions. The volume offers not only a new and invigorating space for reimagining Iberian Studies from within, but also - through its commitment to interdisciplinary debate - an opportunity to raise the profile of Iberian Studies outside the community of academic Hispanists.

The Book of Archives and Other Stories from the Mora Valley, New Mexico A. Gabriel Meléndez, 2017-04-20 In the shadow of the Sangre de Cristo Mountains, New Mexico's Mora Valley harbors the ghosts of history: troubadours and soldiers, Plains Indians and settlers, families fleeing and finding home. There, more than a century ago, villagers collect scraps of paper documenting the valley's history and their identity—military records, travelers' diaries, newspaper articles, poetry, and more—and bind them into a leather portfolio known as "The Book of Archives." When a bomb blast during the Mexican-American War scatters the book's contents to the wind, the memory of the accounts lives on instead in the minds of Mora residents. Poets and storytellers pass down the valley's traditions into the twentieth century, from one generation to the next. In this pathbreaking dual-language volume, author A. Gabriel Meléndez joins their ranks, continuing the retelling of

Mora Valley's tales for our time. A native of Mora with el don de la palabra, the divine gift of words, Meléndez mines historical sources and his own imagination to reconstruct the valley's story, first in English and then in Spanish. He strings together humorous, tragic, and quotidian vignettes about historical events and unlikely occurrences, creating a vivid portrait of Mora, both in cultural memory and present reality. Local gossip and family legend intertwine with Spanish-language ballads and the poetry of New Mexico's most famous dueling troubadours, Old Man Vilmas and the poet García. Drawing on New Mexican storytelling tradition, Meléndez weaves a colorful dual-language representation of a place whose irresistible characters and unforgettable events, and the inescapable truths they embody, still resonate today.

Colonial Migrants at the Heart of Empire Ismael García-Colón, 2020-02-18
Colonial Migrants at the Heart of Empire is the first in-depth look at the experiences of Puerto Rican migrant workers in continental U.S. agriculture in the twentieth century. The Farm Labor Program, established by the government of Puerto Rico in 1947, placed hundreds of thousands of migrant workers on U.S. farms and fostered the emergence of many stateside Puerto

Rican communities. Ismael García-Colón investigates the origins and development of this program and uncovers the unique challenges faced by its participants. A labor history and an ethnography, *Colonial Migrants* evokes the violence, fieldwork, food, lodging, surveillance, and coercion that these workers experienced on farms and conveys their hopes and struggles to overcome poverty. Island farmworkers encountered a unique form of prejudice and racism arising from their dual status as both U.S. citizens and as “foreign others,” and their experiences were further shaped by evolving immigration policies. Despite these challenges, many Puerto Rican farmworkers ultimately chose to settle in rural U.S. communities, contributing to the production of food and the Latinization of the U.S. farm labor force.

After the Long Silence Claudia Tatinge Nascimento, 2019-07-23 *After the Long Silence* offers a ground-breaking, meticulously researched criticism of Brazilian contemporary performance created by its post-dictatorship generation, whose work expresses the consequences of decades of state-imposed censorship. By offering an in-depth examination of key artists and their works, Cláudia Tatinge Nascimento highlights Brazil’s political trajectory while never allowing the weight of historical events to offset key aesthetic trends. Brazilian theater artists born around the time of the nation’s 1964 military coup experienced the oppressive rule of dictatorship throughout their formative years, but came of age as Brazil re-entered democracy some two decades later. This book showcases how the post-dictatorship generation

developed performances that mapped the uncharted territories of Brazil's political trauma with new dramaturgies, site-specific and street productions, and aesthetic experimentation. The author's in-depth research into a wide array of archival materials and publications in both Portuguese and English demonstrates how the artistic practices of significant post-dictatorship artists such as Cia. dos Atores, Teatro da Vertigem, Grupo Galpão, Os Fofos Encenam, and Newton Moreno were driven by critical thinking and a postcolonial sentiment, proving symptomatic of the nation's shift from an ethos of half-truth telling into a transitional justice that fell short in affirming citizenship. Ideal for scholars of the intersection of theatre and politics, *After the Long Silence: The Theater of Brazil's Post-Dictatorship Generation* offers insight into the function of theater in times of political turmoil and artmaking practices that emerge in response to oppressive regimes.

Latin American Perspectives on Women Philosophers in Modern History

Christine Lopes, Katarina Ribeiro Peixoto, Pedro Prikladnitzky, 2022-06-21 This book presents Latin American Perspectives on women philosophers, comprising selected articles from the First International Conference of Women in Modern Philosophy that took place in Rio de Janeiro City, Brazil, Latin America, in June of 2019. The conference brought together over twenty national, transnational, and international philosophers from seven countries, whose

work combines historical and analytical insight to recover the philosophical legacy of women philosophers. Historical and analytical work on women's philosophical thought constitute efforts to re-conceptualize what counts as philosophical knowledge and re-appraise the epistemic relevance of written material that women thinkers produced for most of history. This collection and the conference that gave origin to it are testimony to the enduring power of multinational and multicultural philosophical collaboration.
