Hurricane Izzy - An OBX Story Greg Smrdel,2018-03-07 Hurricane Izzy starts innocently enough as a tropical wave off the coast of Africa. She quickly gains strength and speed as she fights her way across the Atlantic on a direct path to North Carolina's Outer Banks. It's also a story of man losing his dog and girl prior to the storm. The story keeps track of all 3 during the hurricane.

Storm Surge John F. Banas,2021-06-16 All is not what it seems. A lot can happen to a person in a Disaster Area... Brenda Meyers is having a bad day. Her daughter is trapped somewhere in New Orleans right before Hurricane Katrina strikes. Her increasingly estranged husband may be on the verge of losing yet another job. To top it all off, her cheating former fiancé is claiming to have evidence that his wife and Brenda's husband are having an affair. But nothing matters more than finding and rescuing her daughter. Brenda insists that a rescue mission can be made before the storm hits. Her husband isn't so keen on the idea – he's heard that the city may flood, making the rescue even harder. So, when her former fiancé offers his boat and his help, Brenda reluctantly accepts, knowing full well that her husband and Ex cannot get along. Her worries prove correct; while racing the raging storm, she uncovers a fiendish plot to murder her well insured husband - who happens to harbor secrets of his own. Will she be able to survive the ravages of Katrina, find her daughter, and prevent a professional hit without painting a target on her own back?

The Storm from Hell Enock Lynn Norrbom,2011-10 Jerry noticed that he was not in a mental fog any longer. In fact, it was like he had not taken a drink at all. The reality of all of this had sobered him up. There seemed to be a lot of noise coming from about two hundred yards away by some rocks. Jerry started to move in the direction of the rocks. There were a lot of lights and people around the edge of the rocks, and as Jerry got closer, he still could not see everything, but he could hear some whistling or high-pitched screaming. Jerry didn't understand until he got much closer and could see three or four dolphins caught in a small pool of water--too small, in fact, for them to survive, and the people around were talking and pointing their flashlights at them. Once Jerry reached them, he asked, Does anyone know just what has caused the water to recede? Just then an older man answered, Well, I don't know for sure, but the news says that the entire west coast is just like this, and no one seems to know why.

Storm Sam Usher,2018-09-06 It's blowing up a storm, and a boy and his grandad decide it's the perfect weather for kite-flying. There's just one problem - first they have to find the kite. Their search brings up lots of wonderful memories of previous adventures together, but when they finally make it outside, their adventure really takes off!

The Storm Marc Harshman,1995 Though confined to a wheelchair, Johnathan faces the terror of a tornado all by himself and saves the lives of the horses on the family farm. Full-color illustrations.

Category 7 Bill Evans,Marianna Jameson,2007-07-10 A Category 4 hurricane, with winds of up to 155 miles per hour, tears roofs off buildings, smashes windows and doors, and can send floodwaters up to the second floor. Evacuation is suggested for up to six miles inland. Hurricane Katrina was a Category 4 when she made landfall. Hurricane Simone is a Category 7—the biggest, strongest storm in recorded history. When she hits New York City, skyscrapers will fall. Subways and tunnels will flood. Lower Manhattan and much of Queens and Brooklyn will disappear under more than thirty feet of water. All along the Eastern Seaboard, towns and cities are being evacuated as wind-driven rain lashes the coast and storm surges crash through seawalls. Roads are packed with fleeing motorists whose cars are jammed with every personal possession that can be crammed in, plus family members, friends, and beloved pets. A huge natural disaster is brewing in the Atlantic. Except that Simone isn't natural. She's the product of rogue weather science being wielded by billionaire Carter Thompson as part of a personal vendetta against US President Winslow Benson. Once Carter wanted to bring rain to the desert and feed the starving peoples of the planet. Now he wants to show Benson—and the rest of the world—just how powerful wind and water can be. If technology created Simone, perhaps technology can stop her. It's up to Kate Sherman, once a member of Carter's weather team; and Jake Baxter, a weatherman for the CIA, to try, using a secret US Navy weapon. The catch? It has to be deployed inside the hurricane. At the Publisher's request, this title is being sold without Digital Rights Management Software (DRM) applied.

The Silent Storm Sherry Garland,2018-09-15 Thirteen-year-old Alyssa has not spoken since witnessing her parents drown at sea during a storm. Now, three years later, a hurricane is headed for Galveston Island, threatening to unleash Alyssa's memories of the horrific storm that ripped her family apart. When Hurricane Berta hits, Alyssa is desperately trying to find a way to get home to her grandfather and his mustang horses.

Finding the old man injured, Alyssa realizes that to help her grandfather, she must first confront the silent storm of memories locked deep within her.

The Storm Arif Anwar,2018-05-15 “A remarkable debut, in which fiction vividly portrays specific events in history.”—Booklist (starred review) “This powerful and important debut is a story for our time.” —Library Journal (starred review) From an immensely talented new voice in international fiction, a sweeping tour de force that seamlessly interweaves five love stories that, together, chronicle sixty years of Bangladeshi history. Shahryar, a recent PhD graduate and father of nine-year-old Anna, must leave the US when his visa expires. In their last remaining weeks together, we learn Shahryar’s history, in a village on the Bay of Bengal, where a poor fisherman and his wife are preparing to face a storm of historic proportions. That story intersects with those of a Japanese pilot, a British doctor stationed in Burma during World War II, and a privileged couple in Calcutta who leaves everything behind to move to East Pakistan following the Partition of India. Inspired by the 1970 Bhola cyclone, in which half a million-people perished overnight, the structure of this riveting novel mimics the storm itself. Building to a series of revelatory and moving climaxes, it shows the many ways in which families love, betray, honor, and sacrifice for one another. At once grounded in history and fantastically imaginative, *The Storm* explores the humanity that connects us beyond the surface differences of race, religion, and nationality. It is an epic novel in the tradition of Khaled Hosseini’s *The Kite Runner* and Rohinton Mistry’s *A Fine Balance*, by a singularly gifted and perceptive new writer.

Storm Jack Drummond,2010-04-01 When the small town of Melville is caught in a freak storm, its inhabitants must do everything they can to survive. But with a ruthless eco-terrorist at large, and no chance of rescue from the outside world, the townsfolk are on their own, facing one of the greatest environmental threats the world has ever seen... Dramatic, powerful and bursting with adventure, *Storm* is an un-putdown-able thriller.

Tornado Season Courtney Craggett,2020 TORNADO SEASON arrives as a storm is raging. Yet its stories urge us not to seek shelter, but to leave it. To walk out of our inner place of hiding and face the whirlwind. To recognize it. To acknowledge it and fight it. Ethnicity and culture alongside the U.S.-Mexico border; deportation and immigration; life in the U.S. foster care system--of these tumultuous subjects Courtney Craggett writes with honesty, a big heart, and a complete lack of sentimentality. She shows us ordinary people who suffer, dream, hope, and strive for something just a little bit better. And by doing so, she elevates these stories from the realm of the timely into that of the timeless. Long after the storm has passed, the stories in TORNADO SEASON will ring true and dear for they sing of the innermost yearning of the human heart for freedom, justice, and love. -- Miroslav Penkov

The Book of Storms Ruth Hatfield,2014-11-06 A boy on a quest against the power of the storm Eleven-year-old Danny's parents are storm chasers - which sounds fun and exciting, and it is, so long as you aren't the son who has to wait behind at home. And one night, after a particularly fierce storm, Danny's parents don't come back. Stranger still, the old sycamore tree in Danny's yard seems to have been struck by lightning, and when he picks up a fragment of wood from the tree's heart, he finds he can hear voices ... including that of next door's rather uppity cat, Mitzy. The stick is a taro, a shard of lightning that bestows upon its bearer unnerving powers, including the ability to talk with plants and animals - and it is very valuable. So valuable, in fact, that it attracts the attention of a Sammael, an ancient figure of darkness and a buyer of souls. And he will do anything to get his hands on it ... And so begins a dangerous and daring quest. Danny, who is bewildered, alone and unaccustomed to acts of bravery, must confront his fears, find his parents and unravel the secrets of *The Book of Storms* ...

Storm Chaser Mary Kay Morel,2020 Emily is excited to chase storms with her father, a meteorologist. When they finally find a tornado to study, though, they get stuck in its path! Emily must think fast and remember all the tornado safety tips she learned. Will she and her dad be able to safely ride out the storm?

Climatological Data United States. Weather Bureau,1961 Collection of the monthly climatological reports of the United States by state or region with monthly and annual National summaries.

Summer Snow Storm Stephen Marlowe,2014-02-01 It's no surprise that meteorologists sometimes make less-than-accurate predictions about the day's weather. But when a cadre of top-ranking weather experts fail to catch wind of a freak summer snow storm, all hell breaks loose. Amidst this turmoil, an unusual folk hero emerges who seems to have a preternatural knack for dead-on weather predictions. What's the source of this strange superpower?
