FileMaker Pro 13: The Missing Manual Susan Prosser,Stuart Gripman,2014-06-27 You don't need a technical background to build powerful databases with FileMaker Pro 13. This crystal-clear guide covers all new FileMaker Pro 13 features, such as its improved layout tools and enhanced mobile support. Whether you're running a business, printing a catalog, or planning a wedding, you'll learn how to customize your database to run on a PC, Mac, Web browser, or iOS device. The important stuff you need to know: Get started. Tour FileMaker Pro's features and create your first database in minutes. Access data anywhere. Use FileMaker Go on your iPad or iPhone—or share data on the Web. Dive into relational data. Solve problems quickly by connecting and combining data tables. Create professional documents. Publish reports, invoices, catalogs, and other documents with ease. Harness processing power. Use calculations and scripts to crunch numbers, search text, and automate tasks. Add visual power and clarity. Create colorful charts to illustrate and summarize your data. Share your database on a secure server. Add the high-level features of FileMaker Pro

Advanced and FileMaker Pro Server.

Kinn's The Medical Assistant - E-Book Deborah B. Proctor, Alexandra Patricia Adams, 2014-03-27
The most comprehensive medical assisting resource available, Kinn's The Medical Assistant, 11th Edition provides unparalleled coverage of the practical, real-world administrative and clinical skills essential to your success in health care. Kinn's 11th Edition combines current, reliable content with innovative support tools to deliver an engaging learning experience and help you confidently prepare for today's competitive job market. Study more effectively with detailed Learning Objectives, Vocabulary terms and definitions, and Connections icons that link important concepts in the text to corresponding exercises and activities throughout the companion Evolve Resources website and Study Guide & Procedure Checklist Manual. Apply what you learn to realistic administrative and clinical situations through an Applied Learning Approach that integrates case studies at the beginning and end of each chapter. Master key skills and clinical procedures through step-by-step instructions and full-color illustrations that clarify techniques. Confidently meet national medical assisting standards with clearly identified objectives and competencies incorporated throughout the text. Sharpen your analytical skills and test your understanding of key concepts with critical thinking exercises. Understand the importance of patient privacy with the information highlighted in helpful HIPAA boxes. Demonstrate your proficiency to potential employers with an interactive portfolio builder on the companion Evolve Resources website. Familiarize yourself with the latest administrative office trends and issues including the Electronic Health Record. Confidently prepare for certification exams with online practice exams and an online appendix that mirrors the exam outlines and provides fast, efficient access to related content. Enhance your value to employers with an essential understanding of emerging disciplines and growing specialty areas.

Find information quickly and easily with newly reorganized chapter content and charting examples. Reinforce your understanding through medical terminology audio pronunciations, Archie animations, Medisoft practice management software exercises, chapter quizzes, review activities, and more on a completely revised companion Evolve Resources website.

The 50s: The Story of a Decade The New Yorker Magazine, 2016-07-05 This engrossing anthology assembles classic New Yorker pieces from a complex era enshrined in the popular imagination as the decade of poodle skirts and Cold War paranoia—featuring contributions from Philip Roth, John Updike, Nadine Gordimer, and Adrienne Rich, along with fresh analysis of the 1950s by some of today’s finest writers. The New Yorker was there in real time, chronicling the tensions and innovations that lay beneath the era’s placid surface. In this thrilling volume, classic works of reportage, criticism, and fiction are complemented by new contributions from the magazine’s present all-star lineup of writers. The magazine’s commitment to overseas reporting flourished in the 1950s, leading to important dispatches from East Berlin, the Gaza Strip, and Cuba during the rise of Castro. Closer to home, the fight to break barriers and establish a new American identity led to both illuminating coverage, as in a portrait of Thurgood Marshall at an NAACP meeting in Atlanta, and trenchant commentary, as in E. B. White’s blistering critique of Senator Joe McCarthy. The arts scene is recalled in critical writing rarely reprinted, including Wolcott Gibbs on *My Fair Lady*, Anthony West on *Invisible Man*, and Philip Hamburger on *Candid Camera*. Also featured are great early works from Philip Roth and Nadine Gordimer, as well as startling poems by Theodore Roethke and Anne Sexton, among others. Completing the panoply are insightful and entertaining new pieces by present-day New Yorker contributors examining the 1950s through contemporary eyes. The result is a vital portrait of American culture as only one magazine in the world could do it. Including

contributions by Elizabeth Bishop • Truman Capote • John Cheever • Roald Dahl • Janet Flanner • Nadine Gordimer • A. J. Liebling • Dwight Macdonald • Joseph Mitchell • Marianne Moore • Vladimir Nabokov • Sylvia Plath • V. S. Pritchett • Adrienne Rich • Lillian Ross • Philip Roth • Anne Sexton • James Thurber • John Updike • Eudora Welty • E. B. White • Edmund Wilson And featuring new perspectives by Jonathan Franzen • Malcolm Gladwell • Adam Gopnik • Elizabeth Kolbert • Jill Lepore • Rebecca Mead • Paul Muldoon • Evan Osnos • David Remnick Praise for The 50s “Superb: a gift that keeps on giving.”—Kirkus Reviews (starred review) “[A] magnificent anthology.”—Literary Review

Writings on Music, 1965-2000 Steve Reich,2002-04-11 In the mid-1960s, Steve Reich radically renewed the musical landscape with a back-to-basics sound that came to be called Minimalism. These early works, characterized by a relentless pulse and static harmony, focused single-mindedly

on the process of gradual rhythmic change. Throughout his career, Reich has continued to reinvigorate the music world, drawing from a wide array of classical, popular, sacred, and non-western idioms. His works reflect the steady evolution of an original musical mind. Writings on Music documents the creative journey of this thoughtful, groundbreaking composer. These 64 short pieces include Reich's 1968 essay Music as a Gradual Process, widely considered one of the most influential pieces of music theory in the second half of the 20th century. Subsequent essays, articles, and interviews treat Reich's early work with tape and phase shifting, showing its development into more recent work with speech melody and instrumental music. Other essays recount his exposure to non-western music -- African drumming, Balinese gamelan, Hebrew cantillation -- and the influence of these musics as structures and not as sounds. The writings include Reich's reactions to and appreciations of the works of his contemporaries (John Cage, Luciano Berio, Morton Feldman, Gyorgy Ligeti) and older influences (Kurt Weill, Schoenberg). Each major work of the composer's career is also explored through notes written for performances and recordings. Paul Hillier, himself a respected figure in the early music and new music worlds, has revisited these texts, working with the author to clarify their central narrative: the aesthetic and intellectual development of an influential composer. For long-time listeners and young musicians recently introduced to his work, this book provides an opportunity to get to know Reich's music in greater depth and perspective.
