Moving on Into Morning Elsie Wear Stockwell,2009-04 Cancer survivor stories make headlines. Unfortunately, most fourth stage lung cancer patients are forced to think in terms of months, not years, before they die. Moving on into Morning tells the story of our hope, frustration, and despair during the eighteen months preceding my wife's death from lung cancer. Seventy-four of her poems, forty of her illustrations, and my narrative tell a story shared by millions of families throughout the world who have watched the departure of a loved one with a terminal illness. There are some miracles, but there are very few headlines. Elsie has left us, but she has taken us to places we may never know.

Monarch Candice Wuehle,2023-03-07 Candice Wuehle's irresistibly weird debut novel Monarch is the kind of book that you want to start reading again immediately after turning the last page—not just to trace the conspiracy at its heart, but to appreciate how its kaleidoscope of beauty pageants, Y2K anxieties, famous dead girls, and deep state machinations synthesizes into an exploration of what makes up a self . . . Poetic, haunting.—Kristen Martin, NPR After waking up with a strange taste in her mouth and mysterious bruises, former child pageant star Jessica Clink unwittingly begins an investigation into a nefarious deep state underworld. Equipped with the eccentric education of her father, Dr. Clink (a professor of Boredom Studies and the founder of an elite study group known as the Devil’s Workshop), Jessica uncovers a disquieting connection between her former life as a beauty queen and an offshoot of Project MKUltra known as MONARCH. As Jessica moves closer to the truth, she begins to suspect the involvement of everyone around her, including her own mother, Grethe (a Norwegian pageant queen turned occult American wellness guru for suburban housewives). With the help of Christine (her black-lipsticked riot grrrl babysitter and confidante), Jessica sets out to take down Project MONARCH. More importantly, she must discover if her first love, fellow teen queen Veronica Marshall, was genuine or yet another deep state plant. Merging iconic true crime stories of the ’90s (Lorena Bobbitt, Nicole Brown Simpson, and JonBenét Ramsey) with theories of human consciousness, folklore, and a perennial cultural fixation with dead girls, MONARCH questions the shadow sides of self-concept: Who are you if you don’t know yourself?
