**Mind-Blowing Modular Origami** Byriah Loper, 2016-10-11 Modular origami is the latest craze in paper folding! These three-dimensional models are created from a number of small pieces of paper that are easily folded and then cleverly fit together to form a spectacular shape. They range from paper polyhedra to bristling buckyballs that are reminiscent of sea urchins—to ornate flower-like spheres. Each piece of paper is held by the tension of the other papers—demonstrating the remarkable hidden properties of paper, which is at the same time flexible but also strong! Author Byriah Loper has been creating modular origami sculptures for just five years, but in that time, he's pushed the upper limits of the art form with some of the largest, most complex geometric paper constructions ever assembled. While many geo-modular origami artists focus on creating dense floral spheres, Byriah has pioneered the open, linear wire frame approach, which results in a very complex-looking model that reveals the interior of its form. He exhibits his sculptures annually at the Origami USA convention in New York, and was recently a featured artist at the Surface to Structure exhibition at the Cooper Union gallery in the East Village. A great way to learn origami, the easy-to-follow diagrams and step-by-step instructions in this book show you how to fold the paper components and then assemble them to create 22 incredible models. Each model is a new challenge, and the paper sculptures you create look fantastic on your desk or shelf!

When her holiday-obsessed neighborhood is selected for a documentary, the DIY expert realizes she's in over her head as the cameras start rolling and she starts fumbling. But the variable most likely to result in her total failure falls solely on the broad, muscular shoulders of the charismatic cameraman who's documenting her every move. The man she once had a fiery hot one-night stand with. Scott Davis uses work to avoid anything beyond a fling. Unfortunately, his strategy of quickly moving from one filming location to another leads him straight back to the one woman he never got over: Jackie Strauss. But he's only in town temporarily and getting involved with anyone in the documentary is strictly forbidden, so he keeps his camera up as a barrier and somehow resists the achingly strong desire to ravage Jackie under one of her perfectly placed mistletoes. With Scott's next flight out already booked, can Jackie convince him their love is worth the risk of losing everything? \*This spicy holiday rom-com has it all: an ornery cat, quirky neighbors who are like family, small-town holiday festivities, a ride-or-die bestie, multiple Richard Simmons mentions (because why not), and an HEA that's sure to melt hearts. *Rising Out of Hatred* Eli Saslow, 2019-09-03 From a Pulitzer Prize-winning reporter, the powerful story of how a prominent white supremacist changed his heart and mind. This is a book to help us understand the American moment and to help us better understand one another. "The story of Derek Black is the human being at his gutsy, self-reflecting, revolutionary best, told by one of America's best storytellers at his very best. *Rising Out of Hatred* proclaims if the successor to the white nationalist movement can forsake his ideological upbringing, can rebirth himself in antiracism, then we can too no matter the personal cost. This book is an inspiration." —Ibram X. Kendi, National Book Award-winning author of *Stamped from the Beginning: The Definitive History of Racist Ideas in America* Derek Black grew up at the epicenter of white nationalism. His father founded Stormfront, the largest racist community on the Internet. His godfather, David Duke, was a KKK Grand Wizard. By the time Derek turned nineteen, he had become an elected politician with his own daily radio show—already regarded as the leading light of the burgeoning white nationalist movement. We can infiltrate, Derek once told a crowd of white nationalists. We can take the country back. Then he went to college. At New College of Florida, he continued to broadcast his radio show in secret each morning, living a double life until a classmate uncovered his identity and sent an email to the entire school. Derek Black ... white supremacist, radio host ... New College student??? The ensuing uproar overtook one of the most liberal colleges in the country. Some students protested Derek's presence on campus, forcing him to reconcile for the first time with the ugliness of his beliefs. Other students found the courage to reach out to him, including an Orthodox Jew who invited Derek to attend weekly Shabbat dinners. It was because of those dinners—and the wide-ranging relationships formed at that table—that Derek started to question the science, history, and prejudices behind his worldview. As white nationalism infiltrated the political mainstream, Derek decided to confront the damage he had done. *Rising Out of Hatred* tells the story of how white-supremacist ideas migrated from the far-right fringe to the White House through the intensely personal saga of one man who eventually disavowed everything he was taught to believe, at tremendous personal cost. With great empathy and narrative verve, Eli Saslow asks what Derek Black's story can tell us about America's increasingly divided nature.

*The Eternal Footman* James Morrow, 2014-04-15 Can civilization survive the untimely demise of God? "A buoyant romp . . . superlatively intelligent and entertaining" (The Baltimore Sun). Completing the World Fantasy Award-winning author's darkly comic trilogy, *The Eternal Footman* brings us into a future world in which God's skull is in orbit, competing with the moon, and a plague of "death awareness" spreads across the Western hemisphere. As the United States sinks into apocalypse, two people fight to preserve life and sanity. One is Nora Burkhart, a schoolteacher who will stop at nothing to save her only son, Kevin. The other is the genius sculptor Gerard Korty, who struggles to create a masterwork that will heal the metaphysical wounds of the age. A few highlights: a bloody battle on a New Jersey golf course between Jews and anti-Semites; a theater troupe's stirring dramatization of the Gilgamesh epic; and a debate between Martin Luther and Erasmus. And a chilling villain in the person of Dr. Adrian Lucido—founder of a new pagan church in Mexico, and inventor of a cure worse than any disease . . . "Morrow hilariously joins the ranks of the great satirists." —The Denver Post "[An] insanely ingenious plot, reminiscent, variously, of B-science-fiction movies in the 1950s, Evelyn Waugh's *The Loved One*, and Terry Southern at his most charmingly deranged." —Kirkus Reviews "Any novel that springs from a sparkling intellect rather than a dreary neurosis is cause for celebration, and *The Eternal Footman*, with its load of truth and laughter, justifies a considerable quantity of champagne." —Tom Robbins, New York Times—bestselling author of *Even Cowgirls Get the Blues*
