Out Natsuo Kirino,2022-07-19 ONE OF TIME MAGAZINE'S 100 BEST MYSTERY AND THRILLER BOOKS OF ALL TIME • Winner of Japan's Grand Prix for Crime Fiction • Edgar Award Finalist • Nothing in Japanese literature prepares us for the stark, tension-filled, plot-driven realism of Natsuo Kirino's award-winning literary mystery Out. This mesmerizing novel tells the story of a brutal murder in the staid Tokyo suburbs, as a young mother who works the night shift making boxed lunches strangles her abusive husband and then seeks the help of her coworkers to dispose of the body and cover up her crime. The coolly intelligent Masako emerges as the plot's ringleader, but quickly discovers that this killing is merely the beginning, as it leads to a terrifying foray into the violent underbelly of Japanese society. At once a masterpiece of literary suspense and pitch-black comedy of gender warfare, Out is also a moving evocation of the pressures and prejudices that drive women to extreme deeds, and the friendships that bolster them in the aftermath.

Ice Out Susan Speranza,2022-05-24 Francesca Bodin has a near-perfect life as an accomplished music teacher and professional flutist living in the Vermont countryside with her husband Ben, and their four-year old daughter, Addie. This ends suddenly when a snowmobiling accident traps the three of them in a frozen lake. Ben, after escaping onto the ice, leaves her and Addie to die. Francesca believes she sees their dog pull Addie from the lake and drag her into the nearby woods. Desperate to help her daughter, she crawls from the icy waters and follows them. Once she enters the forest, however, she finds herself trapped in a sinister, dream-like world where night never ends, where Addie's whereabouts remain hidden from her, and where she encounters a group of women who, like Francesca, have been left to die and now seek to unleash their revenge on those who have harmed them. When they have Ben in their sights, Francesca realizes that if she is ever to escape this nightmare and save her daughter, she must first save the husband who abandoned them. While Francesca's pilgrimage through this bleak landscape is on the surface a desperate attempt to find her daughter and reestablish her life as it was before the accident, it ultimately becomes an allegorical journey that takes her from despair to hope, from grief to acceptance, and from bitterness to forgiveness.

Pushed Out Rynne Pilgeram,2021-05-11 What happens to rural communities when their traditional economic base collapses? When new money comes in, who gets left behind? Pushed Out offers a rich portrait of Dover, Idaho, whose transformation from “thriving timber mill town” to “economically depressed small town” to “trendy second-home location” over the past four decades embodies the story and challenges of many other rural communities. Sociologist Rynne Pilgeram explores the structural forces driving rural gentrification and examines how social and environmental inequality are written onto these landscapes. Based on in-depth interviews and archival data, she grounds this highly readable ethnography in a long view of the region that takes account of geological history, settler colonialism, and histories of power and exploitation within capitalism. Pilgeram's analysis reveals the processes and mechanisms that make such communities vulnerable to gentrification and points the way to a radical justice that prioritizes the economic, social, and environmental sustainability necessary to restore these communities.

England Eats Out John Burnett,2016-09-17 Why do so many people now eat out in England? Food and the culture surrounding how we consume it are high on everyone's agenda. England Eats Out is the ultimate book for a nation obsessed with food. Today eating out is more than just getting fed; it is an expression of lifestyle. In the past it has been crucial to survival for the impoverished but a primary form of entertainment for the few. In the past, to eat outside the home for pleasure was mainly restricted to the wealthier classes when travelling or on holiday- there were clubs and pubs for men, but women did not normally eat in public places. Eating out came to all classes, to men, women and young people after World War Two as a result of rising standards of living, the growth of leisure and the emergence of new types of restaurants having wide popular appeal. England Eats Out explores these trends from the early nineteenth century to the present. From chop-houses and railway food to haute cuisine, award winning author John Burnett takes the reader on a gastronomic tour of 170 years of eating out, covering food for princes and paupers. Beautifully illustrated, England Eats Out covers highly topical subjects such as the history of fast food; the rise of the celebrity chef and the fascinating history of teashops, coffee houses, feasts and picnics.

Opting Out: Conscience and Cooperation in a Pluralistic Society David S. Oderberg,2018-07-05 Should people with deeply held objections to certain practices be allowed to opt out of involvement with them? Should a Christian baker who objects to homosexuality be allowed to deny service to a customer seeking a cake for a gay wedding? Should a Catholic nurse be able to refuse to contribute to the provision of abortions without losing her job? The law increasingly answers no to such questions. But David Oderberg argues that this is a mistake. He contends that in such cases, opting out should be understood as part of a right of dissociation – and that this right needs better legal protection than it now enjoys.

Into the Woods and Out Again Dina Glouberman,2018-06-01 1971 was the year Dina Glouberman went mad. Now, for the first time, Dr Dina Glouberman, renowned psychotherapist and author, co-founder of the world-famous Skyros Holidays, creator of Imagework therapy, and author of The Joy of Burnout, writes with candour and humour about a spell in a psychiatric ward. Indeed, she describes it as enlivening and enlightening, a catalyst for her rich and creative life.This memoir traces the journey from those wild and intense weeks in the Middlesex Hospital through five years of normal life and then on to twelve years of extraordinary creativity, when she had two babies, co-founded Skyros Holidays on a Greek island, pioneered her Imagework approach to therapy and personal development, had a life-changing spiritual experience, faced the loss of her father and brother, and wrote her first book. At the end of this book, a new cycle is just beginning, as she burns out, dismantles her marriage and her life, and discovers what is next. This remarkable memoir is a revealing meditation on the behind-the-scenes world of therapy and psychoanalysis in the 1960s, as well as on marriage, mothering, madness, imagination, aloneness, community and spirituality. Into the Woods and Out Again captures the inner life of a woman who has played a major role in the contemporary holistic and therapeutic world.

Man Out Andrew L. Yarrow,2018-09-11 The story of men who are hurting—and hurting America by their absence Man Out describes the millions of men on the sidelines of life in the United States. Many of them have been pushed out of the mainstream because of an economy and society where the odds are stacked against them; others have

chosen to be on the outskirts of twenty-first-century America. These men are disconnected from work, personal relationships, family and children, and civic and community life. They may be angry at government, employers, women, and the system in general—and millions of them have done time in prison and have cast aside many social norms. Sadly, too many of these men are unsure what it means to be a man in contemporary society. Wives or partners reject them; children are estranged from them; and family, friends, and neighbors are embarrassed by them. Many have disappeared into a netherworld of drugs, alcohol, poor health, loneliness, misogyny, economic insecurity, online gaming, pornography, other off-the-grid corners of the internet, and a fantasy world of starting their own business or even writing the Great American novel. Most of the men described in this book are poorly educated, with low incomes and often with very few prospects for rewarding employment. They are also disproportionately found among millennials, those over 50, and African American men. Increasingly, however, these lost men are discovered even in tony suburbs and throughout the nation. It is a myth that men on the outer corners of society are only lower-middle-class white men dislocated by technology and globalization. Unlike those who primarily blame an unjust economy, government policies, or a culture sanctioning laziness, *Man Out* explores the complex interplay between economics and culture. It rejects the politically charged dichotomy of seeing such men as either victims or culprits. These men are hurting, and in turn they are hurting families and hurting America. It is essential to address their problems. *Man Out* draws on a wide range of data and existing research as well as interviews with several hundred men, women, and a wide variety of economists and other social scientists, social service providers and physicians, and with employers, through a national online survey and in-depth fieldwork in several communities.

Priced Out Uwe E. Reinhardt,2020-09 Uwe Reinhardt was a towering figure and moral conscience of health care policy in the United States and beyond. Famously bipartisan, he advised presidents and Congress on health reform and originated central features of the Affordable Care Act. In *Priced Out*, Reinhardt offers an engaging and enlightening account of today's U.S. health care system, explaining why it costs so much more and delivers so much less than the systems of every other advanced country, why this situation is morally indefensible, and how we might improve it.

Called Out Paula Faris,2020-04-21 Too often we lean into the wrong things and burn out. We buy society's lie that our worth is our work, our value is our vocation, our calling is our career. Confusing what we do with who we are wreaks havoc on our bodies, our souls, and our relationships. *Called Out* is a deeply personal book from Paula Faris, the beloved on-air reporter for ABC News and former co-host of *The View*. She shares her journey through conquering fears that nearly kept her from the high-profile, high-stakes world of broadcast journalism, and then the dangers when that world threatened to consume her. She burned out and faced public humiliation, physical breakdowns, and family struggles. But along the way, she heard God gently calling her out of that dangerous place. As she struggled to find who she was outside of what she did, she discovered her true purpose and true calling. Today, she is the host of ABC's popular podcast *Journeys of Faith*. Written with passion and conviction, this book reflects on what it truly means to be called, how to move past the fear holding you back, and how to walk in God's path for you.
