Brock Kingsley

Taken by Storm Jennifer Lynn Barnes, 2012-05-01 The third and final fast-paced installment in the popular Raised by Wolves series, called the most compelling YA werewolf series out there by New York Times best-selling author Melissa Marr. A rogue Were is killing humans, and Cedar Ridge is the center of the crisis. Bryn, human alpha of the Cedar Ridge pack, must meet with the Senate to deal with the problem. Though the subject is the rogue wolf, Bryn knows the other packs want what she has. Her territory. Her females. Her pack. They want her death. She could never survive a battle with another alpha, so she'll have to keep her wits about her as she navigates the fine line between helping the Senate and hurting her chances at keeping her lands, protecting her pack, and surviving.

Tracking a Storm 6-Pack, 2018-10-01 Meteorologists don't just predict the weather. They track hurricanes and tornadoes, and help people plan for disasters--before they strike! Learn about this fascinating STEAM career with this high-interest 6-Pack that features a hands-on STEAM activity.

A Pack of Storms and Stars Olivia Wildenstein, 2023-03-20 The Boulder Pack is back with Liam's spin-off... Till a mating link do us part. That was rule number 1 of the arrangement I struck up with my Alpha a few weeks after he arrived in Beaver Creek to solve a pack murder. Liam Kolane and I would have exclusive fun until my wolf clicked with its true mate or until I found a male keen on long-term, since Liam had zero interest in forever. Well, he and I crashed and burned long before another male came along, because I broke our one and only other commandment: I got attached. And not only to my scarred and aloof Alpha but also to his sweet nine-month-old son. The problem with breaking up with your Alpha? You remain his shifter, so you're stuck seeing him every day. Another problem . . . some deviants presume he likes you enough to save you. Good thing I have four older brothers who taught me to save myself. Dive into the first spin-off of the wildly

romantic Boulder Wolves series, perfect for fans of Patricia Briggs and Jaymin Eve. *Nikki and Liam's story is a standalone, not suitable for children under 16 due to the graphic nature of some scenes. *Nikki is a brand-new character in the series.

But for Storm, daughter of a father murdered by Water and a warrior mother claimed by Earth, there will be no easy destiny. The Elementals bestow her with a great and terrible gift. Storm-bringer. Storm-rider. Storm-queller. Storm has powers that no one, not even the island Elders, can understand. Soon Storm faces a decision that will change her life - and that of everyone who lives on her island - forever. A powerful new fantasy series from Ellen Renner, prize-winning author of *Tribute* and *Castle of Shadows*. Familiar themes are invigorated in this assured novel; its ethical conundrums, deft characterisation and sense of magic are

reminiscent of Ursula K Le Guin's Earthsea series. - Guardian, Books of the Month A whirlwind adventure which will sweep you into its enchanted world. At its epicentre is a strong heroine in a coming of age quest that will leave you breathless. - South Wales Evening Post, Children's Book of the Week This is a strong story that had me gripped in an instant and has left me wanting for more with each and every chapter. So I can't wait for the next book - The Reader Teacher (blog) A strong start to the series which establishes the world and character and sets out Storm's dilemma. This will doubtless be a hit and I look forward to finding out how the story continues. - Book Murmuration (blog)

Mi María: Surviving the Storm Ricia Anne Chansky, Marci Denesiuk, 2021-09-04 When Hurricane María made landfall in Puerto Rico in September 2017, it left no part of the archipelago unscathed. The hurricane triggered floods and mudslides, washed out roads, destroyed tens of thousands of homes, farms, and businesses, caused the largest blackout in US history, knocked out communications, led to widespread food, drinking water, and gasoline shortages, and caused thousands of deaths. The seventeen oral histories collected in *Mi María: Surviving the Storm* share stories of surviving the storm and its long aftermath as people waited for relief and aid that rarely arrived. Zaira and her husband floated on a patched air mattress for sixteen hours while floodwaters rose around them. The road washed out in front of Emmanuel as he desperately tried to drive his pregnant wife who had begun labor to the hospital. Luis and his father anxiously counted the days that the dialysis clinic remained closed and lifesaving treatment was unavailable, while Miliana's mother was sent home from the hospital —undiagnosed— only to fall critically ill in her own home. Weaving together long-form oral histories and shorter testimonios, the book offers a multivocal peoples' history of disaster that fosters a greater understanding of the failures of governmental disaster response and the correlating perseverance of the people impacted by these failures, highlighting the colonial relationship between Puerto Rico and the United States. Ultimately, the ways in which these oral histories demonstrate the

strength of community response to disaster in Puerto Rico are pertinent to other parts of the world that are being impacted by our current climate emergency.

Silence has fallen. The Psy are free to feel emotion. Free to love. But Silence was never a prison for Ivan Mercant. The biggest threat to his future lies dormant in his brain—a psychic monster that wants only to feed. And now, the brutal leash he's kept on that monster is slipping. He prepared for this day, for the end of Ivan Mercant . . . but that was before he met Lei. As primal as she is human, this wild changeling brings color into his life, laughter to his soul. Soleil Bijoux Garcia is a healer who has lost everything. She exists in a world of desolate aloneness . . . till the day she finds herself face-to-face with a lethal stranger. The animal who is her other half knows this man, but her memories are tattered fragments. Sorrow and a need for vengeance are all that drive her. Her mission? To kill the alpha of the DarkRiver leopard pack. But fate has other plans.
