Into the Storm Bundle (To Save his Child, An Innocent Man) Margaret

Watson, 2017-06-26 This boxed set includes the first TWO books in the popular romantic suspense Into the Storm series that readers call "a wonderful mix of emotion, three-dimensional characters, adventure, twists and turns and intrigue." To Save His Child Caine O'Roarke regretted vanishing into thin air and leaving Lexie Hollister asleep in his bed – but he had no choice. The mercenary had been called in for an urgent mission in the middle of the night. He'd miss Lexie, but the former Seal told himself that he and Lexie would both get over it. They'd been completely wrong for each other – in all but one way. Eleven months later, when Lexie's father asks Caine to rescue his daughter from the civil war in San Rafael, he barely recognizes Lexie. The former party girl has grown up, and she's the only nurse in a small village. And she has a child. His child. Will Caine be able to save the woman he hasn't been able to forget? Will Lexie be able to forgive him for disappearing? And will they be able to survive the jungle and figure out how to create a family? An Innocent Man Twelve years ago, Connor MacCormac roared out of the small town of Pine Butte on his motorcycle, vowing never to return. The town's bad boy had been accused of a despicable act, and everyone believed he was guilty. Now he's back, and to her shame, Sarah Wesley is still infatuated with the brooding loner – the man who abandoned her sister to die. Connor is determined to expose Pine Butte's hidden secrets so he can put the past behind him and move on. But he hadn't counted on Sarah Wesley. The teenager he remembered has grown into a beautiful, accomplished woman. A woman who seems to want him as much as he wants her. He'd sworn he was done with Pine Butte

and its citizens. But will he be able to leave Sarah behind?

Richelle Mead Dark Swan Bundle: Storm Born, Thorn Queen, Iron Crowned & Shadow Heir Richelle Mead, 2012-02-01 The Dark Swan series by #1 New York Times bestselling author Richelle Mead is together at last in this complete bundle! Just typical. No love life to speak of for months, then all at once, every horny creature in the Otherworld wants to get in your pants... Storm Born--Book One Eugenie Markham is a powerful shaman who does a brisk trade banishing spirits and fey who cross into the mortal world. Mercenary, yes, but a girl's got to eat. Her most recent case, however, is enough to ruin her appetite. Hired to find a teenager who has been taken to the Otherworld, Eugenie comes face to face with a startling prophecy--one that uncovers dark secrets about her past and claims that Eugenie's first-born will threaten the future of the

world as she knows it. Now Eugenie is a hot target for every ambitious demon and Otherworldly ne'er-do-well, and the ones who don't want to knock her up want her dead. She finds formidable allies in Dorian, a seductive fairy king with a taste for bondage, and Kiyo, a gorgeous shape-shifter who redefines animal attraction. But with enemies growing bolder and time running out, Eugenie realizes that the greatest danger is yet to come, and it lies in the dark powers that are stirring to life within her... Thorn Queen--Book Two

Eugenie Markham is paid to bind and banish creatures from the Otherworld. But after her last battle, she's also become queen of the Thorn Land. It's hardly an envious life, not with her kingdom in tatters, her love life in chaos, and Eugenie eager to avoid the prophecy about her firstborn destroying mankind. And now young girls are disappearing from the Otherworld, and no one--except Eugenie--seems willing to find out why. Eugenie has spilled plenty of fey blood in her time, but this enemy is shrewd, subtle, and nursing a very personal grudge. And the men in her life aren't making things any easier. Her boyfriend Kiyo is preoccupied with his pregnant ex, and sexy fey king Dorian always poses a dangerous distraction. With or without their help, Eugenie must venture deep into the Otherworld and trust in an unpredictable power she can barely control. Reluctant queen or not, Eugenie has sworn to do her duty--even if it means facing the darkest--and deadliest--side of her nature... Iron Crowned--Book Three

Eugenie Markham is the best at banishing entities trespassing in the mortal realm. But as the Thorn Land's queen, she's fast running out of ways to end the brutal war devastating her kingdom. Her only hope: the Iron Crown, a legendary object even the most powerful gentry fear... Who Eugenie can trust is the hardest part. Fairy king Dorian has his own agenda for aiding her search. And

Kiyo, her shape-shifter ex-boyfriend, has every reason to betray her along the way. To control the Crown's ever-consuming powers, Eugenie will have to confront an unimaginable temptation--one that will put her soul and the fate of two worlds in mortal peril... Shadow Heir--Book Four Eugenie Markham strives to keep the mortal realm safe from trespassing entities. But as the Thorn Land's prophecy-haunted queen, there's no refuge for her and her soon-to-be-born-children when a mysterious blight begins to devastate the Otherworld... The spell-driven source of the blight isn't the only challenge to Eugenie's instincts. Fairy king Dorian is sacrificing everything to help, but Eugenie can't trust the synergy drawing them back together. The uneasy truce between her and her shape shifter ex-lover Kiyo is endangered by secrets he can't--or won't--reveal. And as a formidable force rises to also threaten the human world, Eugenie must use her own cursed fate as a weapon--and risk the ultimate sacrifice...

Programming with Specifications David Luckham,2012-12-06 Topics • what this book is about, • its intended audience, • what the reader ought to know, • how the book is organized, • acknowledgements. Specifications express information about a program that

is not normally part of the program, and often cannot be expressed in a programming language. In the past, the word specification has sometimes been used to refer to somewhat vague documentation written in English. But today it indicates a precise statement, written in a machine processable language, about the purpose and behavior of a program. Specifications are written in languages that are just as precise as programming languages, but have additional capabilities that increase their power of expression. The terminology formal specification is sometimes used to emphasize the modern meaning. For us, all specifications are formal. The use of specifications as an integral part of a program opens up a whole new area of programming - programming with specifications. This book describes how to use specifications in the process of building programs, debugging them, and interfacing them with other programs. It deals with a new trend in programming - the evolution of specification languages from the current generation of programming languages. And it describes new strategies and styles of programming that utilize specifications. The trend is just beginning, and the reader, having finished this book, will viii Preface certainly see that there is much yet to be done and to be discovered about programming with specifications.

Run the Storm George Michelsen Foy, 2019-08-06 In the bestselling tradition of *The Perfect Storm* and *The Finest Hours*, “an exquisitely written and dramatic book...a literary page-turner” (Doug Stanton, #1 New York Times bestselling author of *Horse Soldiers*)—the 2015 mysterious disappearance of the SS *El Faro*, a gigantic American cargo ship that sank in the Bermuda Triangle, taking with it thirty-three lives. On October 1, 2015, the SS *El Faro*, a massive American cargo ship disappeared in Hurricane Joaquin,

a category 4 storm. The ship, its hundreds of shipping containers, and its entire crew plummeted to the bottom of the ocean, three miles down. It was the greatest seagoing US merchant marine shipping disaster since World War II. The massive ship had a seasoned crew, state-of-the-art navigation equipment, and advance warning of the storm. It seemed incomprehensible that such a ship could sink so suddenly. How, in this day and age, could something like this happen? Relying on Coast Guard inquest hearings, as well as on numerous interviews, George Michelsen Foy brings us “the most insightful exploration of this unthinkable disaster” (Outside), a story that lasts only a few days, but which grows almost intolerably suspenseful as deep-rooted flaws leading to the disaster inexorably link together and worsen. We see captain, engineers, and crew fight for their lives, and hear their actual words (as recorded on the ship’s black box) while the hurricane relentlessly tightens its noose around the ship. We watch, minute by minute, all that is happening on board—the ship’s mysterious tilt to one side, worried calls to the engine room, ship-to-shore reports, the courage of the men and women as they fight to survive, and the berserk ocean’s savage consumption of the massive hull. And through it all, the pain and ultimate resilience of the families of El Faro’s crew. Now with a new afterword, this “tour de force of nautical expertise” (Ocean Navigator) is a masterwork of stunning power.

Until a woman who's been right in front of him for years manages to impress Storm in a way very few women—or men—ever have. For years, their lives cross, they feel the pull of their connection, but then they go their separate ways. But when Jagger sees that girl chasing someone down the street, he doesn't think twice before he wades right in.
