Paper Planes in Hurricanes Alex Hayes,2023-12-13 A paper plane is simple. It could be a note for somebody. It could be crumpled up, in pursuit of folding a more perfect version. It is juvenile, floating in the air, with one purpose. It is meant to fly somewhere. And then, there is the hurricane. It is wind and debris and grief. It picks up our plane and turns it in to a pulp, shaping our little note in to something unrecognizable. Shouting, You wanted to fly, right? Well, aren't you still flying?. Sometimes, I feel like we may be paper planes. Folded up all pretty, lofting down gently with one intention. To feel, to be a person. And then, we get stuck in the storm. We go around and around, without rest. It never lets us go, never lets us stop flying. We knew we were supposed to live, but we were never prepared for how much it would all be.

Butterflies and Paper Planes Liven N. Gabriel,2023-06-13 i am but a passive observer, i am here to witness the reminders of life's cruel jest. i watch in silence, observing the unfolding scenes as they paint a vivid picture of the mockery that fate so often becomes. butterflies, flitting through the air, their dance a mere illusion of grace and flight. a spectacle mocking the complexities of life, as if to taunt me with their fleeting beauty. their fragile wings and vibrant colours, a cruel reminder of nature's ability to deceive. their delicate dance belied the harsh realities of existence, a facade of innocence masking the cruelty that lay beneath. paper planes, mere remnants of human ambition, soaring with empty promises. crafted from folded dreams, carrying the weight of futile aspirations, mocking the foolishness of our desires. their flight a charade, a feeble attempt to escape the gravity of our mundane existence. _____ Through the metaphorical lens of butterflies and paper planes, Liven N. Gabriel explores the fragility of life, fleeting moments and the beauty of the natural world. This is a dance we all partake in.

The Final Storm Mack Maloney,2013-06-18 Only ace pilot Hawk Hunter can bring a Russian-backed traitor to justice. From "the best high-action thriller writer out there today, bar none" (Jon Land, USA Today--bestselling author). The Soviet Union had nearly been defeated when the vice president of the United States revealed himself as a traitor. He deactivated the defense grid just long enough for the Russians to strike, reducing America to a battle-scarred wasteland. The United States would have remained in shambles, were it not for Hawk Hunter, the greatest fighter pilot the world has ever known. He rebuilt the country one dogfight at a time, with one goal firmly fixed in his mind: to bring America's greatest traitor to justice. Backed by a team of commandos, Hunter storms the vice president's compound in Bermuda, and returns with the traitor in chains. To convict him for his crimes, the war's story must be told in full for the first time. And there is no one better to begin the telling than Hawk Hunter. He has risked his life on every front, and it's his courage that will ensure America rises again. The Final Storm is the sixth book of the Wingman series, which also includes Wingman and The Circle War.

Southern Storm Samme Chittum, 2018-04-03 The gripping true tale of a devastating plane crash, the investigation into its causes, and the race to prevent similar disasters in the future. On the afternoon of April 4, 1977, Georgia housewife Sadie Burkhalter Hurst looked out her front door to see a frantic stranger running toward her, his clothes ablaze, and behind him the mangled fuselage of a passenger plane that had just crashed in her yard. The plane, a Southern Airways DC-9-31, had been carrying eighty-one passengers and four crew members en route to Atlanta when it entered a massive thunderstorm cell that turned into a dangerous cocktail of rain, hail, and lightning. Forced down onto a highway, the plane cut a swath of devastation through the small town of New Hope, breaking apart and killing bystanders on the ground before coming to rest in Hurst's front yard. Ultimately, only twenty-two people would survive the crash of Flight 242, and urgent questions immediately arose. What caused the pilots to fly into the storm instead of away from it? Could the crash have been prevented? *Southern Storm* addresses these issues and many more, offering a fascinating insider's look at this dramatic disaster and the systemic overhauls that followed it.

Our Shared Storm Andrew Dana Hudson, 2022-04-05 Through speculative fiction, five interlocking novelettes explore the possible realities of our climate future. What is the future of our climate? Given that our summers now regularly feature arctic heat waves and wildfire blood skies, polar vortex winters that reach all the way down to Texas, and "100-year" storms that hit every few months, it may seem that catastrophe is a done deal. As grim as things are, however, we still have options. Combining fiction and nonfiction and employing speculative tools for scholarly purposes, *Our Shared Storm* explores not just one potential climate future but five possible outcomes dependent upon our actions today. Set in the year 2054, during the Conference of the Parties global climate negotiations (a.k.a., The COP) in Buenos Aires, Argentina. Each story features a common cast of characters, but with events unfolding differently for them—and human society—in each alternate universe. These five scenarios highlight the political, economic, and culture possibilities of futures where investments in climate adaptation and mitigation promised today have been successfully completed, kicked down the road, or abandoned altogether. From harrowing to hopeful, these stories highlight the choices we must make to stabilize the planet. *Our Shared Storm* is an experiment in deploying practice-based research methods to explore the opportunities and challenges of using climate fiction to engage scientific and academic frameworks. As such, the book includes an introduction and afterword, providing a framework for examining the SSPs as speculative narratives and the COP as a site for climate imaginaries, and offering a new theoretical contribution in the concept of "post-normal fiction"—a humanities iteration of sustainability's "post-normal science."

A Companion to Australian Cinema Felicity Collins, Jane Landman, Susan Bye, 2019-06-05 The first comprehensive volume of original essays on Australian screen culture in the twenty-first century. *A Companion to Australian Cinema* is an anthology of original essays by new and established authors on the contemporary state and future directions of a well-established national cinema. A timely intervention that challenges and expands the idea of cinema, this book brings into sharp focus those facets of Australian cinema that have endured, evolved and emerged in the twenty-first century. The essays address six thematically-organized propositions – that Australian cinema is an Indigenous screen culture, an international cinema, a minor transnational imaginary, an enduring auteur-genre-landscape tradition, a televisual industry and a multiplatform ecology. Offering fresh critical perspectives and extending previous scholarship, case studies range from *The Lego Movie*, *Mad Max*, and Australian stars in Hollywood, to transnational co-productions, YouTube channels, transmedia and nature-cam documentaries. New research on trends – such as the convergence of television and film, digital transformations of screen production and the shifting roles of women on and off-screen – highlight how established precedents have been influenced by new realities beyond both cinema and the national. Written in an accessible style that does not require knowledge of cinema studies or Australian studies Presents original research on Australian actors, such as Cate Blanchett and Chris Hemsworth, their training, branding, and path from Australia to Hollywood Explores the films and filmmakers of the Blak Wave and their challenge to Australian settler-colonial history and white identity Expands the critical definition of cinema to include YouTube channels, transmedia documentaries, multiplatform changescapes and cinematic remix Introduces readers to founding texts in Australian screen studies *A Companion to Australian Cinema* is an ideal introductory text for teachers and students in areas including film and media studies, cultural and gender studies, and Australian history and politics, as well as a valuable resource for educators and other professionals in the humanities and creative arts.

Detroit, Lenacrave and Cleveland Brooke,2010-12-15 I was almost as hard headed as it gets while repeatedly insisting on missing and ignoring the entire point that Mom and a few others tried to get me to realize. GET YOUR EDUCATION!!! I still had some great times here and there every now and then, and I can only imagine how beautiful-my-life-would-have-been if I would have followed the The Golden Rules. Some wonderful things have happened to me even though I still feel that I truly did not deserve or even know how to sincerely enjoy thoroughly, but on the other hand, some not so wonderful things have happened to me that I basically brought on myself as a direct result of not following The Golden Rules. EDUCATION IS A MUST!!! I know my family was not the only family that has gone through a divorce, and I know there are millions of kids who went through divorce without a scratch. I am not blaming any of my failures as a man on the pitfalls of divorce, but I can clearly see now that my character flaws were a direct hit stemming from the casualties of my parents divorce. I did not ask to be me, and I certainly did not ask or expect to be stuck on stupid for almost three tenths of a century. It was what it was! If I would have known their divorce would eventually effect me which I believe set the wheels in motion that turned towards me turning out the way I have, I would have started Praying that night. But I had no idea it would, and neither did they. I can only imagine how beautiful my life would have been if their marriage was meant to be, but it was not about me. Brooke!
