This immersive novel bursts with life. -- Kirkus Reviews, starred review When superstitious Sab sees a giant black butterfly, an omen of death, she knows that she's doomed! According to legend, she has one week before her fate catches up with her -- on her 11th birthday. With her time running out, all she wants is to celebrate her birthday with her entire family. But her sister, Ate Nadine, stopped speaking to their father one year ago, and Sab doesn't even know why. If Sab's going to get Ate Nadine and their father to reconcile, she'll have to overcome her fears -- of her sister's anger, of leaving the bubble of her sheltered community, of her upcoming doom -- and figure out the cause of their rift. So Sab and her best friend Pepper start spying on Nadine and digging into their family's past to determine why, exactly, Nadine won't speak to their father. **The Girl with the Butterfly Hands Lynne**

Williams,2022-11-17 Chin Yu was born in a London slum to a Chinese man and a British woman. When Chin was seven the family moved to her father's village in China but he died soon after they arrived. Her mother took the children to live in Hong Kong where, a few years later, she remarried. A few months after Britain had joined World War II, all British women and children were ordered to be evacuated to Australia. However, Chin and her brother were excluded because of the White Australia Policy, so they returned to Hong Kong. Eighteen months later the Japanese invaded and Chin's family were interned in a camp. Although there was great deprivation, Chin fell in love - with a Roman Catholic priest; he was released from the camp to continue his missionary work. A few months later, she and her brother were also released as part of an exchange of American and Japanese civilian prisoners

of war. After a long sea journey, they arrived at New York but found themselves suspected of being Japanese spies and were detained on Ellis Island until the employers of their uncle in Oregon agreed to sponsor them. After a few months there they moved to San Francisco where Chin worked in the propaganda section of the British consulate and she met her first husband, Dick Ellison, who converted her into a passionate socialist. They moved to New York where they were befriended by many radical activists in Greenwich Village. Chin studied ballet and got a part in the original production of *South Pacific* on Broadway. Later, she was a dancer in the London production of *Kiss me Kate*. After six months Dick came to London wanting a divorce. Many friends helped her get over him and had started having an affair with another actor when she was cast as an understudy in the UK production of *South Pacific*. Her opposite number was David Williams, an Australian who was married with a daughter. But they fell in love and had an intense relationship for the duration of *South Pacific* both in London and during its British tour – 3 years in toto – until David was divorced. Chin left the tour early to play in *Teahouse of the August Moon* in London. David and she married in 1954 and in 1956 a son and daughter (twins) were born. Chin had minor roles in various films, TV plays and even a (non-singing) role in an opera but she was best known for her performance of hand-mime – beautiful hand gestures choreographed to accompany lyrics that David sang in their cabaret act. The family moved to Beckenham, Kent, which is just outside London. Lynne (the author) lived with them and Chin found her to be a difficult child. In 1960 Chin was in the successful play *A Majority of One* in London, David was managing a theatre nearby in Croydon. All seemed perfect until they heard that David's father was very ill. They decided to move to Australia. Unfortunately, they were too late to see David's father alive, but all his family welcomed Chin very warmly. The last chapter summarises Chin's life (another fifty years) in Sydney. She was a very supportive wife, a loving and

generous mother and stepmother and later, a devoted grandmother. Although she never regained the celebrity she had enjoyed in London, she still played a significant role in the Australian entertainment industry.

**Paper Boats in Puddles** Priya Velayudhan,2017-09-13 Paper boats are loved for their simplistic perfection and the delight they bring to children - both young, old and the really aged. Though they are set afloat in puddles, each one of them carries a hope to travel far and wide, riding higher waves - just like every one of these stories. Written with much love and hope during titbits of stolen moments from that elusive thing called Time, every single one of them carries a strong message that calls for one to pause and ponder upon. From the comfort of a loving family to the grappling pangs of hunger, from the inevitable judgements stamped by society to the flicker of hope in humanity that comes to us in many ways, these stories are humane to the last word.
