The Great International Paper Airplane Book Jerry Mander,George Dippel,Howard Luck Gossage,1967 Paper airplanes as serious science? No longer shamefully relegated to the back rows of elementary-school sports stadiums, paper airplanes come into their own with this amusing-and instructive-book. The Great International Paper Airplane Book documents the proceedings of the first (and possibly only) International Paper Airplane Competition conducted by Scientific American. In addition to the behind-the-scenes story and official records of the Competition, readers will discover intriguing mini-essays on the historical, aesthetic, technological, and folkloric aspects of the paper airplane and on its startling implications for the future of aviation. Best of all, there are dozens of cut-fold-and-fly-them-yourself planes to experiment with. Combining real science with outright fun, this book appeals to paper airplane enthusiasts and would-be aviators of every age.

Patrick Sweeney and the Giant Paper Airplane Sean Warren,2023-04-21 Patrick Sweeney and the Giant Paper Airplane (66K words) is a MG novel that takes place in SkyCity, a fantastical place where kids who don't do their homework find their families split up by the Prefecture of Homework, aka the Homework Police.Eleven-year-old Patrick Sweeney has a talent for making paper airplanes but finds himself in over his head-high above the ground-when a giant paper airplane lifts him into the air. The otherworldly aircraft carries Patrick over a vast city with enormous towers, much larger than any he's seen before. The airplane then shuttles him through a tower window, into the apartment of fellow student Merilee Baragon. She tells Patrick he's landed in SkyCity, where families are split up when kids don't do their homework.Merilee is an excellent student and aviator, which makes Patrick jealous. He takes back control of the giant paper airplane and flies Merilee away into the night, which leads to her homework being incomplete. When the Prefect of Homework tracks Merilee down, she and Patrick fly away and flee SkyCity, but they find more danger in a bamboo forest, a giant cave, and a mysterious cloud concealing a huge, fire-tongued snake. It's the start of an exciting quest to reunite families, eliminate homework, and simply stay alive!Patrick is an introverted dreamer, a romantic and a reluctant hero who's challenged by Merilee. Together they overcome incredible challenges as the power of their imaginations holds them aloft and propels them-above and beyond the chilling fog of routine and drudgery that inevitably creeps into all our lives. In Patrick Sweeney and the Giant Paper Airplane, imagination is the magic that drives the story, paired with elements celebrated in 1984, James and the Giant Peach, and Miyazaki's Kiki's Delivery Service.

The Paper Airplane Fulvio Testa,Kurt Baumann,1981-01-01 A child imagines his paper airplane flying with the birds over the ocean and over Africa. Includes instructions for making a paper airplane.
