Paper Towel. Life is a Story - story.one Sevgül

Karas,2024-01-01 A collection of 12 poems written by a girl who thinks too much about the future and the past.

Paper Towel Lucas Byrd,Bransen Byrd,2019-10-04 This is a true story of the love between two brothers and their pet garter snake named Paper Towel. It is a story of love and compassion toward God's creations, especially those with disabilities. Paper Towel is written as a comical character who has feelings of love, sadness, hope, and playfulness. In the beginning of the story, Bransen and Lucas find Paper Towel and bring him home to live with them. The boys allow Paper Towel to play with them, and they learn to take care of him. However, as the story unfolds, there is a time when Paper Towel's eye gets hurt in a tricycle accident, and he never looks the same again. Believing that it is time for Paper Towel to go live with other snakes like him, the boys sadly let him free to go live outside. They pray for his safety and hope he finds friends. However, within a few months, Paper Towel returns home because none of the other snakes would associate with him since he has an eye that is damaged, and he looks different than them. Bransen and Lucas are happy he has come back, and they continue to love and care for him. Through this experience, Bransen and Lucas learn the true meaning of showing God's love and care toward all people and animals.

About Your Father and Other Celebrities I Have Known

Peggy Rowe, 2020-04-14 Peggy Rowe is at it again—this time giving a hilarious inside look at growing up Rowe, both before and after Mike’s rise to fame. Since the day they said, “I do,” Peggy’s previous “doting” lifestyle met with her husband John’s minimalist ways and became the backdrop for years of adventure and a quirky sense of humor because of their differences. From thoughts of wearing headlamps in the house to save energy, to squeezing out the last drop of toothpaste with a workbench vise, Peggy learned to pick her battles and celebrate the hilarity in each situation. Once their boys were born, woodstove mishaps and garbage dumping tales were the seed for Mike’s obsession with doing dirty jobs and the comical presence he is known for today. As Mike rose to fame, Peggy was his biggest fan—who gave motherly advice and constructive criticism, of course. She baked cookies for Mike to take to Joan Rivers for a Christmas party hostess gift, and even wrote fan letters under faux names and mailed them from different cities to Mike’s producer. By the time Mike hits it big, Peggy and John retire to face more adventures, with a lightning strike in their condo, an elderly friend who ate marijuana leaves, and entering into celebrity status by making Viva paper towel and Lee jeans commercials, plus so much more. Peggy’s stories relive the details that intrigue and entertain old and new fans alike. So if you want a bigger, even funnier take on the Rowe family, *About Your Father and Other Celebrities I Have Known* delivers.

Smacked Eilene Zimmerman, 2020-02-04 A journalist pieces together the mysteries surrounding her ex-husband's descent into drug addiction while trying to rebuild a life for her family, taking readers on an intimate journey into the world of white-collar drug abuse. "A rare combination of journalistic rigor, personal courage, and writerly grace."—Bill Clegg, author of *Portrait of an Addict as a Young Man* Something was wrong with Peter. Eilene Zimmerman noticed that her ex-husband looked thin, seemed distracted, and was frequently absent from activities with their children. She thought he looked sick and needed to see a doctor, and indeed, he

told her he had been diagnosed with an autoimmune disorder. Yet in many ways, Peter seemed to have it all: a beautiful house by the beach, expensive cars, and other luxuries that came with an affluent life. Eilene assumed his odd behavior was due to stress and overwork—he was a senior partner at a prominent law firm and had been working more than sixty hours a week for the last twenty years. Although they were divorced, Eilene and Peter had been partners and friends for decades, so when she and her children were unable to reach Peter for several days, Eilene went to his house to see if he was OK. So begins *Smacked*, a brilliant and moving memoir of Eilene’s shocking discovery, one that sets her on a journey to find out how a man she knew for nearly thirty years became a drug addict, hiding it so well that neither she nor anyone else in his life suspected what was happening. Eilene discovers that Peter led a secret life, one that started with pills and ended with opioids, cocaine, and methamphetamine. He was also addicted to work; the last call Peter ever made was to dial in to a conference call. Eilene is determined to learn all she can about Peter’s hidden life, and also about drug addiction among ambitious, high-achieving professionals like him. Through extensive research and interviews, she presents a picture of drug dependence today in that moneyed, upwardly mobile world. She also embarks on a journey to re-create her life in the wake of loss, both of the person—and the relationship—that profoundly defined the woman she had become.

Insight Into Information Al S. Morrison, 2004
Insight Into Information is based on sixty years of research on the Secret Messages and Hidden Maps Inside of Information. These several levels of subtle, subliminal and secret meanings provide reverberating, resonant echoes in all information much as the background music in movies but with more levels of meaning in these fields: science, religion, literature, entertainment, TV, advertising, technology and literally all fields of endeavor at home, at work, in school and at play. Many have already benefited from this information. The author, a retired clinical and rehabilitation psychologist, used this information in his private, clinical and consulting practice in schools and industry. This new, proven research shows: The helpful hidden hooks from which you can benefit. You will learn the inborn universal maps which influence and guide all of us in marvelous ways--including the name GOD on the human head and face. The harmful, deceptive hooks inside of words of which you are not aware but which can influence you. The word now is an example, as in buy now: Now is an anagram of won and own. These anagrams puzzle our brain and set up delays which advertisers want and to get you to participate in the anagram game. You will learn how to avoid such hidden hooks. Don't be cheated. Know these hidden hooks, control your choices and make well informed decisions. The Table of contents lists the chapters which describe the many ways you can benefit from knowing these hidden messages and secret maps in religion; health and healing; fun and entertainment; advertising;

merchandising; education; communications; literature and the hidden influences inside of names. The Afterword at the end of the book tells the story of how the author became interested, did the research, used the research with patients and organizations, and wrote the book: the when, where, why and how of the origin of the information in this book.

Dealing with both unusual and everyday topics in a creative and fun way, this devotional helps parents engage their children in meaningful conversation and pass on a spiritual heritage to their families.

Mindwarp, a Novella Richard Hébert, 2011-04-19 *MindWarp* has been named to Kirkus Reviews' Best of 2011 list. The Florida Writers Association also awarded the title novella its top prize for short fiction in the 2011 Royal Palm Literary Award competition. In this award-winning collection of short fiction, a deranged author turns a barroom buddy into his fictional foil as he warps his own and the friends reality beyond recognition an ageless man sits on a rock in the desert on Yom Kippur waiting for a goat to be brought to him a shanty-town child saves and befriends a crippled rabbit hit by a speeding car, only to face the impersonal cruelty of modern life a woman rides a bus in silence to her family homestead once a year, concealing her personal mystery from the bus attendant, a neighbor who grew up in her sheltering shadow a shell-shocked war veteran waits beside railroad tracks each day for his tormentor to pass Kirkus, which bills itself as *The World's Toughest*

Book Critic, describes the work as a scintillating collection(that) uses offbeat character studies to wrestle with snaky issues of identity and self-knowledge. Quirky, opaque figures abound. (T)he quality of (Hberts) prose, his deadpan realism, mordant wit and acute powers of description ground his flights of abstraction in the soil of experience. A beguiling blend of high-concept narrative and old-school literary chops. The entire Kirkus review can be accessed at
