Yet, you will join many hundreds of educators who have learned how to create multiplayer games for any age on any subject. Lee Sheldon began his writing career in television as a writer-producer, eventually writing more than 200 shows ranging from *Charlie's Angels* (writer) to *Edge of Night* (head writer) to *Star Trek: The Next Generation* (writer-producer). Having written and designed more than 40 commercial and applied video games, Lee spearheaded the first full writing for games concentration in North America at Rensselaer Polytechnic Institute and the second writing concentration at Worcester Polytechnic Institute, where he is now a professor of practice. Lee is a regular lecturer and consultant on game design and writing in the United States and abroad. His most recent commercial game, the award-winning *The Lion's Song*, is currently on Steam.

Andreas Capellanus on Love Andreas (Capellanus.), 1982 The De Amore of Andreas Capellanus (André the Chaplain), composed in France in the 1180s, is celebrated as the first comprehensive discussion of theory of courtly love.

The book is believed to have been intended to portray conditions at Queen Eleanor of Aquitaine's court at Poitiers between 1170 and 1174, and written the request of her daughter, Countess Marie of Troyes. As such, it is important for its connections to themes of contemporary Latin lyric, in troubadour poetry and in the French romances of Chrétien de Troyes. Thereafter its influence spread throughout Western Europe, so that the treatise is of fundamental importance for students of medieval and renaissance English, French, Italian and Spanish. In this comprehensive edition, P.G. Walsh includes Trojel's Latin text with his own facing English translation with explanatory notes, commentary and indexes, along with introduction which sets the treatise in its contemporary context and assesses its purpose and importance.
