Solidarity in Biomedicine and Beyond Barbara Prainsack, Alena Buyx, 2017-01-19 In times of global economic and political crises, the notion of solidarity is gaining new currency. This book argues that a solidarity-based perspective can help us to find new ways to address pressing problems. Exemplified by three case studies from the field of biomedicine: databases for health and disease research, personalised healthcare, and organ donation, it explores how solidarity can make a difference in how we frame problems, and in the policy solutions that we can offer.

Handbook of Natural Language Processing and Machine Translation Joseph Olive, Caitlin Christianson, John McCary, 2011-03-02 This comprehensive handbook, written by leading experts in the field, details the groundbreaking research conducted under the breakthrough GALE program--The Global Autonomous Language Exploitation within the Defense Advanced Research Projects Agency (DARPA), while placing it in the context of previous research in the fields of natural language and signal processing, artificial intelligence and machine translation. The most fundamental contrast between GALE and its predecessor programs was its holistic integration of previously separate or sequential processes. In earlier language research programs, each of the individual processes was performed separately and sequentially: speech recognition, language recognition, transcription, translation, and content summarization. The GALE program employed a distinctly new approach by executing these processes simultaneously. Speech and language recognition algorithms now aid translation and transcription processes and vice versa. This combination of previously distinct processes has produced significant research and performance breakthroughs and has fundamentally changed the natural language processing and machine translation fields. This comprehensive handbook provides an exhaustive exploration into these latest

technologies in natural language, speech and signal processing, and machine translation, providing researchers, practitioners and students with an authoritative reference on the topic.

Dominance Devin O'Branagan,2015-12-07 Wealthy Conor Fitzgerald's secret life as a BDSM Dom is complex, motivated by a desperate need for redemption. Since he couldn't prevent the tragedy that befell his late wife, he's determined to help as many other women as he can-both in and out of the bedroom. On this passionate mission, he works with a friend whose sexual intimacy issues caused her to attempt suicide; with a young woman so uncomfortable in her body that she considers herself worthless; and with a victim of the same monster who brutalized his wife. In his quest to help them, can Conor also solve the mystery surrounding his lost love's fate and learn to forgive himself in the process? A moving erotic romance for adult audiences.

Rhinoceros Tap Sandra Boynton,1996-01-10 Sing a song of Boynton! Before there was the Grammy-nominated Philadelphia Chickens, the #1 New York Times children's bestseller, there was Rhinoceros Tap, the collection of seriously silly songs. This truly delightful set—a Recording Industry Association of America Gold album with 647,000 copies in print—combines a big illustrated songbook and CD so children and grown-ups alike can read along, sing along, dance along, cluck along, and oink along to the fifteen original songs. There's O, Lonely Peas, to appeal to every finicky young eater. The five-year-old's lament, Bad Babies. A mouse's impassioned ballad to his beloved, I Love You More Than Cheese. Plus the lead number, Rhinoceros Tap, the ever-popular “Barnyard Dance,” and more. With lyrics and pictures by Boynton and music written with and played by the one and only Michael Ford, these songs have the style, swing, charm, and pizzazz that little listeners

deserve. Ready? All together now.

See a Little Light Bob Mould, 2011-06-15 The long-awaited, full-force autobiography of American punk music hero, Bob Mould. Bob Mould stormed into America's punk rock scene in 1979, when clubs across the country were filling with kids dressed in black leather and torn denim, packing in to see bands like the Ramones, Black Flag, and the Dead Kennedys. Hardcore punk was a riot of jackhammer rhythms, blistering tempos, and bottomless aggression. And at its center, a new band out of Minnesota called Hüsker Dü was bashing out songs and touring the country on no money, driven by the inspiration of guitarist and vocalist Bob Mould. Their music roused a generation. From the start, Mould wanted to make Hüsker Dü the greatest band in the world - faster and louder than the hardcore standard, but with melody and emotional depth. In *See a Little Light*, Mould finally tells the story of how the anger and passion of the early hardcore scene blended with his own formidable musicianship and irrepressible drive to produce some of the most important and influential music of the late 20th century. For the first time, Mould tells his dramatic story, opening up to describe life inside that furnace and beyond. Revealing the struggles with his own homosexuality, the complexities of his intimate relationships, as well as his own drug and alcohol addiction, Mould takes us on a whirlwind ride through achieving sobriety, his acclaimed solo career, creating the hit band Sugar, a surprising detour into the world of pro wrestling, and most of all, finally finding his place in the world. A classic story of individualism and persistence, Mould's autobiography is an open account of the rich history of one of the most revered figures of punk, whose driving force altered the shape of American music.

Blue Moo Sandra Boynton, 2007-11-08 Sandra Boynton and Michael Ford—the team behind *Rhinoceros Tap*, the Grammy-nominated #1 New York Times bestseller *Philadelphia Chickens*, and

other toe-tapping book-and-CD sets—bring great words, great music, great performers to children and vintage children alike. Put a nickel in the jukebox, assuming you can locate a jukebox, and that you remember what a nickel is. Here's legendary Beach Boy Brian Wilson singing lead and 10-part harmonies on Speed Turtle. The incomparable Neil Sedaka crooning Your Nose. B. B. King brings you a wistful One Shoe Blues, Gerry and the Pacemakers offer Mersey Lullaby, and Broadway great Patti LuPone sings—what else—the Rabbit Tango. And then there's the hit single from Boynton's Your Personal Penguin sung by the impossibly cute Davy Jones of The Monkees. I mean jeepers, even Sha Na Na is here. And OH! The book! Boynton has filled it with all things 50s and 60s. And, well, golly, it's so happy and colorful and just terrific, Mister! Grab your saddle shoes, plunk two straws into that swell chocolate malt, and let's twist again like we did last century. 119,000 copies in print.
