3d Paper Model Munster Koach Two Two Suns, 2017-07-05 Classic television of the 60s gave us a number of TV shows where cars were a central or major supporting element. Two of the most

famous and well known were from the situation comedy. The Munsters the Munster Coach and Dragula. The Munster Coach was the family vehicle, carrying the family on their trips. Where did they go? All the same places any normal family would, and probably a few more (tar pits, bat caves, graveyards, ghost towns). Of course Herman also used it to get to his job at the local funeral parlor; euphemistically referred to as the parlor. We suggest you collect a copy of the Munsters Koach. All you need is to cut out the details from the paper and glue them according to the instructions. Attention! The kit does not include glue and scissors! Difficulty level: medium Complexity of assembly- 8/10 NUMBER OF PARTS: 412 SCALE: 1/24 SIZE (CM): 23 x 8 x 8 (L x W x H) SIZE (in): 9 x 3 x 3 (L x W x H) The set includes: working sheets 13pcs. + Assembly instruction. Note: this model is necessary to collect itself. In the photo the finished model. Why do you need to buy this paper model?: 1. For all fans of the TV series The Munsters. This is an excellent opportunity to have at home an exact copy of the car. 2.Excellent pastime. This is an anti-stress for you and your loved ones. This build of the model develops assiduity and attention. 3. Not a high price for a personal car at home: -) 4. Your relatives and friends will admire your achievements. And they want to have the same one too. It is possible to collect under painting. Thank you for being with us! Please send your opinions and suggestions on the mail twosuns@yahoo.com We strive to be better and your opinion is very important to us. Sincerely your team Two Suns.
