Papier-Mâché Monsters Dan Reeder,2009-09-01 Step-by-step instructions for creating papier-mâché monstrosities and expanding the limits of your imagination, from the author of Paper Mache Dragons Celebrated monster-making master Dan Reeder is at it again—helping others to let out their inner monsters! All that’s needed are a few simple materials and a wild imagination. Reeder guarantees success if the tried-and-tested, goof-proof how-to steps in this humorous read are followed. But there’s more—he’s also giving away all of his secrets for creating ghoulish monster elements such as jaws, claws, horns, scales, webbing, tentacles, eyeballs, fingers, toes, gnarly hands and feet, and even perfect drool! Learn how to make a basic monster and you’ll be well on your way to creating more hideous creatures, beasts, dragons, and whatever else your dark side can think of! “I’m not one to argue that the world doesn’t need more monsters, be they made of papier and/or cloth mâché, as demonstrated in Dan’s entertaining new book, or flesh and blood, as demonstrated by the one standing behind you right now.” —Gary Larson, creator, Far Side “For lovers of the truly grotesque, Reeder provides detailed photo instructions for large figures constructed of clothes hangers, newspaper, and glue. Cloth skin, teeth, and slathered-on paint finish them off. The toothy dragons are particularly effective.” —School Library Journal

How to Make Tiny Paper Mache Dogs Jonni Good,2014-05 The author makes it easy for you to create a tiny paper mache dog of your own. You only need a few basic tools and some materials that you may already have lying around the house. The only thing you may need to purchase is a few feet of aluminum wire for the armature -- or use some wire you already have on hand. First, choose a pattern from the 27 breeds included in the book. Then build your armature by bending the wires, using the pattern for a guide. This makes sure that your finished sculpture will have the right proportions for your breed. Add a few bits of crumpled aluminum foil to round out the forms, with the pattern guiding you, and then twist and bend your little dog into any position you desire. With these simple steps it's easy to create a lively original sculpture of your own design. When your armature is finished, the author shows you how to make the two layers of paper mache as smooth as you want it to be. You can add wrinkles, fur, happy mouths and other details after the paper mache is dry. If you would like to paint your dog, you can use the author's recipe for an inexpensive home-made gesso to add interesting textures. Then the author gives you suggestions for painting your sculpture, including an easy way to paint brindled spots, how to give an all-white dog an interesting coat, how to emphasize heavily-textured fur with acrylic glazing liquid, and more. The author is a well-known paper mache artist who has written several popular books on the subject. She also writes tutorials and creates videos for her blog, at UltimatePaperMache.com.

The Zero-Waste Chef Anne-Marie Bonneau,2021-04-13 *SHORTLISTED for the 2021 Gourmand World Cookbook Award* *SHORTLISTED for the 2022 Taste Canada Award for Single-Subject Cookbooks* A sustainable lifestyle starts in the kitchen with these use-what-you-have, spend-less-money recipes and tips, from the friendly voice behind @ZeroWasteChef. In her decade of living with as little plastic, food waste, and stuff as possible, Anne-Marie Bonneau, who blogs under the moniker Zero-Waste Chef, has preached that zero-waste is above all an intention, not a hard-and-fast rule. Because, sure, one person eliminating all their waste is great, but thousands of people doing 20 percent better will have a much bigger impact. And you likely already have all the tools you need to begin. In her debut book, Bonneau gives readers the facts to motivate them to do better, the simple (and usually free) fixes to ease them into wasting less, and finally, the recipes and strategies to turn them into self-reliant, money-saving cooks and makers. Rescue a hunk of bread from being sent to the landfill by making Mexican Hot Chocolate Bread Pudding, or revive some sad greens to make a pesto. Save 10 dollars (and the plastic tub) at the supermarket with Yes Whey, You Can Make Ricotta Cheese, then use the cheese in a galette and the leftover whey to make sourdough tortillas. With 75 vegan and vegetarian recipes for cooking with scraps, creating fermented staples, and using up all your groceries before they go bad--including end-of-recipe notes on what to do with your ingredients next--Bonneau lays out an attainable vision for a zero-waste kitchen.

Play, Make, Create, A Process-Art Handbook Meri Cherry,2019-06-11 Packed with joyful and educational art experiences for kids, Play, Make, Create offers fun and engaging imaginative activities focused on the fun and reward of creating, not just producing a final project. Founded in a process-based philosophy, this unique book includes more than 40 activities set up as invitations, or thoughtfully designed prompts to explore, create, and play. Author Meri Cherry has more than 20 years of teaching experience, and her blog (mericherry.com) has set the standard for meaningful and enriching process art experiences that are both manageable for parents, and appealing and fun for kids. Play, Make, Create begins with a guide for parents, teachers, and facilitators that discusses how to set up materials in an inviting way, how to present an activity and talk to kids about art, and how to stock the right materials for ongoing creativity. Also included are best-practice tips for clean-up, answers to frequently asked questions, and more. The book offers four types of creative invitations: Invitations to Explore (easy ideas for fun and play), Invitations to Create (open-ended, craft-based activities), Invitations to Play (sensory-based activities), and Big Projects (ongoing process-art activities). Most feature basic materials and tools (paper, inexpensive paints, pencils, glue) that require little setup. Among the projects and activities you'll find: A collage project that takes a no-rules approach to creating with cut-out drawings and pictures. Ideas for building a science station that allow kids to experiment with kitchen cabinet supplies such as soap, measuring spoons, cotton balls, and baking soda. A prompt to draw a self-portrait, using a mirror (parents can draw themselves, too). Instructions for making homemade colored playdough. The activities in Play, Make, Create promote active, meaningful, and socially interactive learning. Children are encouraged to wonder, experiment, and use critical thinking—and most of all, enjoy the process. By following their own inclinations and making their own choices, children gain self-confidence and hone their problem-solving skills. Get Play, Make, Create and give children the gift of creativity!
