Patrol Walter Dean Myers,2005-01-04 Vietnam. A young American soldier waits for his enemy, rifle in hand, finger on the trigger. He is afraid to move and yet afraid not to move. Gunshots crackle in the still air. The soldier fires blindly into the distant trees at an unseen enemy. He crouches and waits -- heart pounding, tense and trembling, biting back tears. When will it all be over? Walter Dean Myers joined the army on his seventeenth birthday, at the onset of American involvement in Vietnam, but it was the death of his brother in 1968 that forever changed his mind about war. In a gripping and powerful story-poem, the award-winning author takes readers into the heart and mind of a young soldier in an alien land who comes face-to-face with the enemy. Strikingly illustrated with evocative and emotionally wrenching collages by Caldecott Honor artist Ann Grifalconi, this unforgettable portrait captures one American G.I.'s haunting experience.

Doom Patrol Book One Grant Morrison,2016-02-23 The groundbreaking series from Grant Morrison that led American comics in a wholly unexpected direction. Originally conceived in the 1960s by the visionary team of writer Arnold Drake and artist Bruno Premiani, the Doom Patrol was reborn a generation later through Grant Morrison's singular imagination. Though they are super-powered beings, and though their foes are bent on world domination, convention ends there. Shunned as freaks and outcasts, and tempered by loss and insanity, this band of misfits faces threats so mystifying in nature and so corrupted in motive that reality itself threatens to fall apart around them-but it's still all in a day's work for the Doom Patrol. Written by Grant Morrison and featuring art by Richard Case, John Nyberg, Doug Braithwaite, Scott Hanna and Carlos Garzon, DOOM PATROL BOOK ONE collects issues #19-34 and includes introductions by Morrison and editor Tom Peyer.

Iowa State Patrol Scott M. Fisher,Foreword by Mike Horihan,2013 The Iowa State Patrol was started by Iowa's first female secretary of state, Ola Babcock Miller, who was a champion for highway safety. Her vision for the Iowa Highway Patrol was a group of well-trained officers who would enforce Iowa's traffic laws but also, more critical to her, spread the word about the importance of safe driving. In 1935, fifty men were sworn in as officers of the Iowa Highway Safety Patrol. Known thereafter as the First Fifty, they had been selected from a group of more than 3,000 applicants and more than 100 invited for the initial training at Camp Dodge. One member of that group, Buck Cole, proposed the patrol's motto of Courtesy-Service-Protection, a tradition that has been passed down through the generations to today's Iowa State Patrol, whose male and female troopers promote Mrs. Miller's original premise of keeping the driving public safe.

Trooper Down! Marie Bartlett,2012-04-03 It's a trooper's worst nightmare. What begins as a routine patrol suddenly turns violent when someone pulls a weapon. Moments later, the trooper is down—wounded or dead. Then, like a swarm of angry bees, every other trooper on the force mobilizes to catch the suspect. Whether they're issuing a ticket for speeding "just a little" over the limit or conducting an all-out manhunt, the people who have chosen this perilous and demanding profession are rarely revealed as vividly or candidly as they are here. In Trooper Down! Marie Bartlett uses her gripping hell-for-leather style to paint a fascinating portrait of one of the nation's most elite law-enforcement agencies. In interviews and anecdotes, troopers relate stories of narrow misses, breathtaking confrontations, strange and hilarious encounters with various "crazies," and, most heartbreakingly, working the wrecks—aiding the injured and dying in highway accidents—while troopers' wives and widows tell of the heart-wrenching realities trooper families face. Through this remarkable book, we not only comprehend the life of a trooper, we are unforgettably there.

Ocean City Beach Patrol Fred Miller,2004 Ocean City Beach Patrol is the story of the elite group of men and women who serve as guards along the sandy beaches and gently rolling surf of Ocean City, an eight-mile-long barrier island off the coast of southern New Jersey. Although the coastline slopes gradually into the sea and the water is generally calm, deadly rip currents and strong undertows can occur at any time. Thus, the lifeguards often risk their lives to protect the thousands of bathers enjoying these waters each summer.

HIGH-RISK PATROL Gerald W. Garner,2016-05-01 In this exceptional new third edition, the author has retained much of the practical everyone goes home approach as in previous editions, but adds depth and potentially lifesaving information to keep the police officer safe and secure. The book provides a general orientation for survival, and details the specifics the intelligent police professional must master in order to survive the many types of risky situations he will be exposed to over a career. The book is painstakingly thorough in its approach to officer survival in an era where peacekeepers are required to be highly transparent and accountable in all of their actions. Every use of force by a law enforcement officer will be closely scrutinized. This is one reason why it is important that today's officer has access to every viable tactic and technique that may prevent the need for force in the first place. The book details everything from searching an arrested individual to searching a building; arresting a 300-pound outlaw biker to a surly teenager. Techniques and strategies discussed in the book include personal preparation for risk reduction, vehicle stops and contacts, defusing disturbances, domestic violence, burglaries and structure searches, barricades and hostage-takers, vehicle pursuits, ambush attacks, emotionally disturbed and mentally ill persons, prisoner control and transport, terrorist threats, off-duty confrontations, and reducing the emotional risks involved. At the end of each vital chapter, a quick and concise Risk Reduction Checklist is presented. These chapter summaries are excellent for review and merit rereading by the police professional intent on surviving to a healthy retirement. An Appendix has been included containing informative accounts of police deaths, culled from the Law Enforcement Officers Killed and Assaulted Report put together by the Federal Bureau of Investigation. Other accounts are also found at the end of each chapter. Each one makes a point by way of grim example, yet every tragedy described can help save the life of an alert police officer who might otherwise become one more statistic. This unique and comprehensive text will be invaluable to all law enforcement professionals, investigators, policymakers, and police academics.

Vice Patrol Anna Lvovsky,2021-05-28 Vice Patrol: Cops, Courts, and the Struggle over Urban Gay Life chronicles how local police and criminal justice systems intruded on gay individuals, criminalizing, profiling, surveilling, and prosecuting them from the 1930's through the 1960's. Anna Lvovsky details the progression of enforcement strategies through the targeting of gay-friendly bars by liquor boards, enticement of sexual overtures by plainclothes police decoys, and surveilling of public bathrooms via peepholes and two-way mirrors to catch someone in the act. Lvovsky shows how the use of tactics indistinguishable from entrapment to criminalize homosexual men in public and private spaces produced charges brought forward and disputed by attorneys and evidence that had to stand before judges, who at times intervened against punitive policies. In Vice Patrol the author demonstrates how developments in the psychological, medical, and sociological handling of homosexuality filtered into police stations, courthouses, and the wider culture--

The Arizona Highway Patrol as I Disremember It Paul E. Palmer Jr.,2011-12-12 Author Paul Palmer first began idolizing highway patrolmen when he was a boy living in Gila Bend, Arizona. As the patrolmen stopped by to visit his father, Paul soon realized that these brave men were true heroes. He had no idea then that one day he would work with the same men he held in such high esteem. As he shares a chronological glimpse into the life and career of an Arizona patrolman, Paul begins with his first job in 1966 as a dispatcher in Holbrook, Arizona, where he jokes his best view of the town was in his rearview mirror. While providing amusing portrayals of the men and women he worked with, Paul relies on slightly exaggerated real-life experiences to depict the wonderful, wild, and wacky people who made up the Arizona Highway Patrol. Paul shares his experiences of the next 40 years, serving in both civilian and sworn capacities and how he developed lasting friendships with the heroes who put their lives on the line every day to ensure the safety of others. The

Arizona Highway Patrol as I Disremember It provides an unforgettable look at the humorous side of law enforcement through the eyes of one of its own.

Space Patrol Jean-Noel Bassior,2012-05-09 Before Star Trek, there was Space Patrol. Science fiction television has its roots in this live, action-packed series that captured the imagination of Americans from 1950 to 1955, when space travel was just a dream. This book explores the freewheeling spirit of live TV, where anything could go wrong before millions of viewers--and often did. It spotlights (often in personal interviews) the risk-taking Space Patrol cast and crew who laid vital groundwork for television today. Included are episode logs for both television and radio shows as well as a complete guide to Space Patrol memorabilia.

The Patrol Michael Karel,2015-01-12 Soldiers Lost in Past screamed The Washington Post headline. PENTAGON - Truth is stranger than fiction. Today the Pentagon revealed that a nine man patrol, reported missing while on a training mission in North Carolina on March 19, had, according to all forensic evidence available, somehow been transported back in time. This forensic evidence as described in great detail by Dr. Simon Hurtz suggests that five bodies found were identified as members of the missing patrol through their dental records. Multiple tests confirmed that death had occurred between 140 -150 years ago. Other bodies discovered nearby were confirmed to be those of confederate soldiers, based upon analysis of the remnants of uniforms clinging to the corpses. Neither Dr. Hurtz, David Hack, the President's national security advisor nor any scientist they had consulted with could explain with any rationality how this could have happened. The National Weather Service did confirm that a lightning event, well beyond the scope of normalcy, occurred at the time and place of the patrol's last known position.
