Heart. Soul. Mind. Strength. Andrew T. Le Peau,Linda Doll,2022-08-02 Some publishers tell you what to believe. Other publishers tell you what you already believe. But InterVarsity Press helps you believe. J. I. Packer The history of evangelicalism cannot be understood apart from the authors and books that shaped it. Over the past century, leading figures such as pastor-scholar John Stott, apologist James W. Sire, evangelist Rebecca Manley Pippert and spiritual formation writer Eugene Peterson helped generations of readers to think more biblically and engage the world around them. For many who take their Christianity seriously, books that equip them for a life of faith have frequently come from one influential publisher: InterVarsity Press. Andy Le Peau and Linda Doll provide a narrative history of InterVarsity Press, from its origins as the literature division of a campus ministry to its place as a prominent Christian publishing house. Here is a behind-the-scenes look at the stories, people, and events that made IVP what it is today. Recording good times and bad, celebrations and challenges, they place IVP in its historical context and demonstrate its contribution to the academy, church and world. In honor of IVP's seventy-fifth anniversary, senior editor Al Hsu has updated this edition with new content, bringing the story up to 2022 and including stories about contemporary authors such as Esau McCaulley and Tish Harrison Warren. As IVP continues to adapt to changes in publishing and the global context, the mission of publishing thoughtful Christian books has not changed. IVP stands as a model of integrative Christianity for the whole person—heart, soul, mind and strength.

Balzac's Shorter Fictions Tim Farrant, 2002-02-14 Balzac's reputation is as a novelist. But short stories make up over half *La Comédie humaine*, besides scores of other tales and articles. Short forms appear early in Balzac's output, and shape his work throughout his career. *Balzac's Shorter Fictions* looks at the whole of this corpus, at the nature of short fiction, and at how Balzac's novels developed from his stories - at the links between literary genesis and genre. It explores the roles of short fiction in Balzac's creation, its part in producing effects of virtuality and perspective, and reflects ultimately on the relationship between brevity and length in *La Comédie humaine*. This, the first complete English-language study of Balzac's work for over forty years, synthesizes recent research on Balzac's practice within the context of modern thought on the author. It is an indispensable book for students and scholars of Balzac, and for all those interested in prose fiction.

Dreams of Difference, Songs of the Same Amy Herzog, 2010 Musical spectacles are excessive and abstract, reconfiguring time and space and creating intense bodily responses. Amy Herzog's engaging work examines those instances where music and movement erupt from within more linear narrative frameworks. The representational strategies found in these films are often formulaic, repeating familiar story lines and stereotypical depictions of race, gender, and class. Yet she finds the musical moment contains a powerful disruptive potential. *Dreams of Difference, Songs of the Same* investigates the tension and the fusion of difference and repetition in films to ask, How does the musical moment work? Herzog looks at an eclectic mix of works, including the Soundie and Scopitone jukebox films, the musicals of French director Jacques Demy, the synchronized swimming spectacles of Esther Williams, and an apocalyptic musical by Taiwanese director Tsai Ming-liang. Several refrains circulate among these texts: their reliance on clichés, their rewriting of cultural narratives, and their hallucinatory treatment of memory and history. Drawing on the philosophical work of Gilles Deleuze, she explores all of these dissonances as productive forces, and in doing so demonstrates the transformative power of the unexpected.

The Curse of the Marquis de Sade Joel Warner, 2023-02-21 NEW YORK TIMES EDITORS' CHOICE • The captivating, deeply reported true story of how one of the most notorious novels ever written—Marquis de Sade's *120 Days of Sodom*—landed at the heart of one of the biggest scams in modern literary history. "Reading *The Curse of the Marquis de Sade*, with the Marquis, the sabotage of rare manuscript sales, and a massive Ponzi scheme at its center, felt like a twisty waterslide shooting through a sleazy and bizarre landscape. This book is wild."—Adam McKay, Academy Award-winning filmmaker Described as both "one of the most important novels ever written" and "the gospel of evil," *120 Days of Sodom* was written by the Marquis de Sade, a notorious eighteenth-century aristocrat who waged a campaign of mayhem and debauchery across France, evaded execution, and inspired the word "sadism," which came to mean receiving pleasure from pain. Despite all his crimes, Sade considered this work to be his greatest transgression. The original manuscript of *120 Days of Sodom*, a tiny scroll penned in the bowels of the Bastille in Paris, would embark on a centuries-spanning odyssey across Europe, passing from nineteenth-century banned book collectors to pioneering sex researchers to avant-garde artists before being hidden away from Nazi book burnings. In 2014, the world heralded its return to France when the scroll was purchased for millions by Gérard Lhéritier, the self-made son of a plumber who had used his savvy business skills to upend France's renowned rare-book market. But the sale opened the door to vendettas by the government, feuds among antiquarian booksellers, manuscript sales derailed by sabotage, a record-breaking lottery jackpot, and allegations of a decade-long billion-euro con, the specifics of which, if true, would make the scroll part of France's largest-ever Ponzi scheme. Told with gripping reporting and flush with deceit and scandal, *The Curse of the Marquis de Sade* weaves together the sweeping odyssey of *120 Days of Sodom* and the spectacular rise and fall of Lhéritier, once the "king of manuscripts" and now known to many as the Bernie Madoff of France. At its center is an urgent question for all those who cherish the written word: As the age of handwriting comes to an end, what do we owe the original texts left

behind?

The Wild Ass's Skin Honoré de Balzac, 1908

The Magic Skin Honoré de Balzac, 1901

The Magic Skin Honoré de Balzac, 2024-03-02 *La Peau de chagrin* (The Skin of Shagreen), known in English as *The Magic Skin* and *The Wild Ass's Skin*, is an 1831 novel by French novelist and playwright Honoré de Balzac (1799-1850). Set in early 19th-century Paris, it tells the story of a young man who finds a magic piece of shagreen (untanned skin from a wild ass) that fulfills his every desire. For each wish granted, however, the skin shrinks and consumes a portion of his physical energy. *La Peau de chagrin* belongs to the *Études philosophiques* group of Balzac's sequence of novels, *La Comédie humaine*. Before the book was completed, Balzac created excitement about it by publishing a series of articles and story fragments in several Parisian journals. Although he was five months late in delivering the manuscript, he succeeded in generating sufficient interest that the novel sold out instantly upon its publication. A second edition, which included a series of twelve other philosophical tales, was released one month later. Although the novel uses fantastic elements, its main focus is a realistic portrayal of the excesses of bourgeois materialism. Balzac's renowned attention to detail is used to describe a gambling house, an antique shop, a royal banquet, and other locales. He also includes details from his own life as a struggling writer, placing the main character in a home similar to the one he occupied at the start of his literary career. The central theme of *La Peau de chagrin* is the conflict between desire and longevity. The magic skin represents the owner's life-force, which is depleted through every expression of will, especially when it is employed for the acquisition of power. Ignoring a caution from the shopkeeper who offers him the skin, the protagonist greedily surrounds himself with wealth, only to find himself miserable and decrepit at the story's end. *La Peau de chagrin* firmly established Balzac as a writer of significance in France. His social circle widened significantly, and he was sought eagerly by publishers for future projects. The book served as the catalyst for a series of letters he exchanged with a Polish baroness named Ewelina Hańska, who later became his wife. It also inspired Giselher Klebe's opera *Die tödlichen Wünsche*. (wikipedia.org)
