Category 7 Bill Evans,Marianna Jameson,2007-07-10 A Category 4 hurricane, with winds of up to 155 miles per hour, tears roofs off buildings, smashes windows and doors, and can send floodwaters up to the second floor. Evacuation is suggested for up to six miles inland. Hurricane Katrina was a Category 4 when she made landfall. Hurricane Simone is a Category 7—the biggest, strongest storm in recorded history. When she hits New York City, skyscrapers will fall. Subways and tunnels will flood. Lower Manhattan and much of Queens and Brooklyn will disappear under more than thirty feet of water. All along the Eastern Seaboard, towns and cities are being evacuated as wind-driven rain lashes the coast and storm surges crash through seawalls. Roads are packed with fleeing motorists whose cars are jammed with every personal possession that can be crammed in, plus family members, friends, and beloved pets. A huge natural disaster is brewing in the Atlantic. Except that Simone isn't natural. She's the product of rogue weather science being wielded by billionaire Carter Thompson as part of a personal vendetta against US President Winslow Benson. Once Carter wanted to bring rain to the desert and feed the starving peoples of the planet. Now he wants to show Benson—and the rest of the world—just how powerful wind and water can be. If technology created Simone, perhaps technology can stop her. It's up to Kate Sherman, once a member of Carter's weather team; and Jake Baxter, a weatherman for the CIA, to try, using a secret US Navy weapon. The catch? It has to be deployed inside the hurricane. At the Publisher's request, this title is being sold without Digital Rights Management Software (DRM) applied.

Mortal Qiu LinDiDai,2020-04-01 One flower and one world, the universe is also dust; there is no connection between the real and the false; one thought is eternal, one thought is eternal; the Dao is the Dao, the heavens are like the heavens, I have no heaven; the heavens and the heavens are like the heavens, I have no heaven, I am also the Dao. Truth and falsehood, presence or absence, truth or falsehood, these were just telepathic thoughts transformations! With a single thought, he gave birth to a world with the universe in his heart; the Mystery Granny Sect opened its doors wide to welcome him into the mortal world; he stepped through the myriad universe and lived his life in billions of worlds; life and death was the path, life and death was the way, the pots and pans were as big as the sky; the fusion of purple qi required two parts, the heaven and earth for three members, and the four phenomena were sometimes even more so, the completion of the five elements! This story is purely fictitious, the plot is not duplicated, if there is the same story, it is pure coincidence; the names of the characters are all in the same voice, such as Mo Gao (Ghost Catcher), etc., if there is a pure coincidence of the same name!
