Story People Brian Andreas,1997-11 Compilation of stories and drawings from the author's first three StoryPeople books: Mostly true (1993), Still mostly true (1994), and Going somewhere soon (1995). StoryPeople are wooden sculptures in human form, each hand-stamped with a story.

The Story People Heather Kaufman,2016 Bookstore owner Benjamin Palermo is ready to turn the page to the next chapter of his life, and every lady in town is eager to help by finding him a suitable wife! The subtle humor and gentle inspiration of A Storied Life will encourage readers to savor life's little snippets of joy.

The Story of People Catherine Barr,Steve Williams,2019-03-05 Get read to through time as the incredible story of human beings unfolds before our very eyes... When did the first humans live? How did humans spread all over the world? How has science and technology changed the way we live? And what will happen to humans in the future? The team behind The Story of Space and The Story of Life present a first book about the human world for very young children, looking at how humans evolved and the history of humanity up to the present day.

The Star People S. D. Nelson,2014-05-16 A grandmother's love is forever In this mystical story of remembrance and tradition, Sister Girl and her brother, Young Wolf, wander far from their village and face great danger, including stampeding animals and a wall of fire. The children barely save themselves, and as night approaches, they find themselves alone in the barren and unforgiving wilderness. How will they find home? As the stars shine brightly, the spirit of their grandmother, Elk Tooth Woman, appears to guide them: “The Star People are always with you. Look up, and you will see me among the stars.” S. D. Nelson's compelling illustrations, inspired by the ledger-book style of the Plains Indians, capture the beauty of humans and nature existing as one.

Most People Michael Leannah,2017-08-15 2017 Gold Moonbeam Children's Book Award: For dedication to children's books and literacy and for inspired writing, illustrating and publishing. The world can be a scary place. Anxious adults want children to be aware of dangers, but shouldn't kids be aware of kindness too? Michael Leannah wrote Most People as an antidote to the scary words and images kids hear and see every day. Jennifer Morris's emotive, diverting characters provide the perfect complement to Leannah's words, leading us through the crowded streets of an urban day in the company of two pairs of siblings (one of color). We see what they see: the hulking dude with tattoos and chains assisting an elderly lady onto the bus; the Goth teenager with piercings and purple Mohawk returning a lost wallet to its owner; and the myriad interactions of daily existence, most of them well intended. Most People is a courageous, constructive response to the dystopian world of the news media. Fountas & Pinnell Level M

Turtle Island Eldon Yellowhorn,Kathy Lowinger,2017-12-12 Unlike most books that chronicle the history of Native peoples beginning with the arrival of Europeans in 1492, this book goes back to the Ice Age to give young readers a glimpse of what life was like pre-contact. The title, Turtle Island, refers to a Native myth that explains how North and Central America were formed on the back of a turtle. Based on archeological finds and scientific research, we now have a clearer picture of how the Indigenous people lived. Using that knowledge, the authors take the reader back as far as 14,000 years ago to imagine moments in time. A wide variety of topics are featured, from the animals that came and disappeared over time, to what people ate, how they expressed themselves through art, and how they adapted to their surroundings. The importance of story-telling among the Native peoples is always present to shed light on how they explained their world. The end of the book takes us to modern times when the story of the Native peoples is both tragic and hopeful.

The Story of Your Life Matthew West,Angela Thomas,2011-09-01 When Grammy-nominated recording artist Matthew West started writing his top-selling new album, The Story of Your Life(Sparrow, 2010) he asked fans to submit personal experiences. More than 10,000 tales of hope, perseverance, and redemption poured in. With friend and author Angela Thomas, West presents some of these powerful stories paired with meaningful devotions they inspired. Wendy gave birth to her daughter in jail. When all seemed hopeless, she found God and her life transformed into something beautiful. Cory, a married youth pastor, had an affair and his life fell apart. With God's mercy, he and his wife gathered the broken pieces and started again. Sheila always struggled with severe insecurity. Now she lives confidently in the purpose God has for her. This unforgettable devotional journey inspires readers to discover God as the author of their unique lives and to share the power of their story. Also available this season—a companion DVD of the same title and a standalone guide, The Story of Your Life Interactive Journey. The DVD and book help readers, individually or as part of a group study, personalize and explore more deeply the messages of God's hope and redemption in their own stories.

News for All the People: The Epic Story of Race and the American Media Juan González,Joseph Torres,2011-10-31 A landmark narrative history of American media that puts race at the center of the story. Here is a new, sweeping narrative history of American news media that puts race at the center of the story. From the earliest colonial newspapers to the Internet age, America's racial divisions have played a central role in the creation of the country's media system, just as the media has contributed to—and every so often, combated—racial oppression. News for All the People reveals how racial segregation distorted the information Americans received from the mainstream media. It unearths numerous examples of how publishers and broadcasters actually fomented racial violence and discrimination through their coverage. And it chronicles the influence federal media policies exerted in such conflicts. It depicts the struggle of Black, Latino, Asian, and Native American journalists who fought to create a vibrant yet little-known alternative, democratic press, and then, beginning in the 1970s, forced open the doors of the major media companies. The writing is fast-paced, story-driven, and replete with memorable portraits of individual journalists and media executives, both famous and obscure, heroes and villains. It weaves back and forth between the corporate and government leaders who built our segregated media system—such as Herbert Hoover, whose Federal Radio Commission eagerly awarded a license to a notorious Ku Klux Klan organization in the nation's capital—and those who rebelled against that system, like Pittsburgh Courier publisher Robert L. Vann, who led a remarkable national campaign to get the black-face comedy Amos 'n' Andy off the air. Based on years of original archival research

and up-to-the-minute reporting and written by two veteran journalists and leading advocates for a more inclusive and democratic media system, News for All the People should become the standard history of American media.

American Story Bob Dotson,2013-03-26 “These are remarkable and poignant stories that need to be told.” —Ken Burns More than six million people watch Bob Dotson’s Emmy award-winning segment, American Story, on NBC’s Today Show. For the last four decades, Dotson has traveled the country searching out inspiring individuals who quietly perform everyday miracles. In the process, he has become the treasured cartographer of America’s heart and soul. Talking Hawaii's Story Michiko Kodama-Nishimoto,Warren Nishimoto,Cynthia A. Oshiro,2009-05-01 Talking Hawaii’s Story is the first major book in over a generation to present a rich sampling of the landmark work of Hawaii’s Center for Oral History. Twenty-nine extensive oral histories introduce readers to the sights and sounds of territorial Waikiki, to the feeling of community in Palama, in Kona, or on the island of Lanai, and even to the experience of a German national interned by the military government after Pearl Harbor. The result is a collection that preserves Hawaii’s social and cultural history through the narratives of the people who lived it—co-workers, neighbors, family members, and friends. An Introduction by Warren Nishimoto and Michi Kodama-Nishimoto provides historical context and information about the selection and collection methods. Photos of the interview subjects accompany each oral history. For further reading, an appendix also provides information about the Center for Oral History’s major projects.

The Good People Hannah Kent,2017-09-19 From the author of Burial Rites, a literary novel with the pace and tension of a thriller that takes us on a frightening journey towards an unspeakable tragedy.-Paula Hawkins, bestselling author of The Girl on the Train and Into the Water Based on true events in nineteenth century Ireland, Hannah Kent's startling new novel tells the story of three women, drawn together to rescue a child from a superstitious community. Determined to banish evil, Nora and Mary enlist the help of Nance, an elderly wanderer who understands the magic of the old ways. Set in a lost world bound by its own laws, THE GOOD PEOPLE is Hannah Kent's startling new novel about absolute belief and devoted love. Life Is in the Transitions Bruce Feiler,2020-07-14 A New York Times bestseller! A pioneering and timely study of how to navigate life's biggest transitions with meaning, purpose, and skill Bruce Feiler, author of the New York Times bestsellers The Secrets of Happy Families and Council of Dads, has long explored the stories that give our lives meaning. Galvanized by a personal crisis, he spent the last few years crisscrossing the country, collecting hundreds of life stories in all fifty states from Americans who’d been through major life changes—from losing jobs to losing loved ones; from changing careers to changing relationships; from getting sober to getting healthy to simply looking for a fresh start. He then spent a year coding these stories, identifying patterns and takeaways that can help all of us survive and thrive in times of change. What Feiler discovered was a world in which transitions are becoming more plentiful and mastering the skills to manage them is more urgent for all of us. The idea that we’ll have one job, one relationship, one source of happiness is hopelessly outdated. We all feel unnerved by this upheaval. We’re concerned that our lives are not what we expected, that we’ve veered off course, living life out of order. But we’re not alone. Life Is in the Transitions introduces the fresh, illuminating vision of the nonlinear life, in which each of us faces dozens of disruptors. One in ten of those becomes what Feiler calls a lifequake, a massive change that leads to a life transition. The average length of these transitions is five years. The upshot: We all spend half our lives in this

unsettled state. You or someone you know is going through one now. The most exciting thing Feiler identified is a powerful new tool kit for navigating these pivotal times. Drawing on his extraordinary trove of insights, he lays out specific strategies each of us can use to reimagine and rebuild our lives, often stronger than before. From a master storyteller with an essential message, Life Is in the Transitions can move readers of any age to think deeply about times of change and how to transform them into periods of creativity and growth.

We the People Mary Tsukamoto,Elizabeth Pinkerton,1988

Story of My People Edoardo Nesi,2013-05-07 Winner of the 2011 Strega Prize, this blend of essay, social criticism, and memoir is a striking portrait of the effects of globalization on Italy’s declining economy. Starting from his family’s textile factory in Prato, Tuscany, Edoardo Nesi examines the recent shifts in Italy’s manufacturing industry. Only one generation ago, Prato was a thriving industrial center that prided itself on craftsmanship and quality. But during the last decade, cheaply made goods—produced overseas or in Italy by poorly paid immigrants—saturated the market, making it impossible for Italian companies to keep up. In 2004 his family was forced to sell the textile factory. How this could have happened? Nesi asks, and what are the wider repercussions of losing businesses like his family’s, especially for Italian culture? Story of My People is a denouncement of big business, corrupt politicians, the arrogance of economists, and cheap manufacturing. It’s a must-read for anyone seeking insight into the financial crisis that’s striking Europe today.
