Father Ralph Pfau and the Golden Books Glenn F. Chesnut,2017-01-04 Father Ralph Pfau was one of AAs four most-published and most-formative authors (along with Bill Wilson, Richmond Walker, and Ed Webster) during the new movements earliest thirty years, during which it grew from only 100 members to almost 300,000. In the first ten years Pfau spent working to spread AA, he said I have traveled nearly 750,000 miles I have spoken before nearly two hundred thousand members of AA at retreats, meetings and conventions, and personally discussed problems with more than ten thousand alcoholics. He produced fourteen extremely popular books, called the Golden Books, under the pen name Father John Doe, along with other books and recordings. When he joined Alcoholics Anonymous in 1943, he became the first Roman Catholic priest to get sober in the newly formed movement. An alcoholic and drug addict, he had spent the previous ten years being removed from parish after parish, as his drinking and addiction to downers got out of control over and over again. He taught the spirituality of imperfection, drawing from St. Threse of Lisieuxs Little Way and St. Augustines teaching of God as Truth Itself the forgiving God who touches us in our fallenness, in acts of sudden psychological insight in which our whole perspective on life undergoes sweeping positive quantum changes. Over and over he calmed peoples fear of God by reminding them that perfection was a myth, and that no human being could do it all. He was one of the most creative and interesting American Catholic theologians of his era.

The Romantic Historicism to Come Jonathan Crimmins,2018-04-19 Vacillating between the longue durée and microhistory, between ideological critique and historical sympathy, between the contrary formalisms of close and distant reading, literary historians operate with such disparate senses of what the term “history” means that the field risks compartmentalization and estrangement. The Romantic Historicism to Come engages this uncertainty in order to construct a more robust, more capacious idea of history. Focusing attention on Romantic conceptions of history's connection to the future, The Romantic Historicism to Come examines the complications of not only Romantic historicism, but also our own contemporary critical methods: what would it mean if the causal assumptions that underpin our historical judgments do not themselves develop in a stable, progressive manner? Articulating history's minimum conditions, Jonathan Crimmins develops a theoretical apparatus that accounts for the concurrent influence of the various sociohistorical forces that pressure each moment. He provides a conception of history as open to radical change without severing its connection to causality, better addressing the problem of the future at the heart of questions about the past.

Cincinnati Beer Michael D. Morgan,2019 Despite a brewing pedigree richer than that of Milwaukee or St. Louis, Cincinnati's role in American beer history is quite often underappreciated. Drawing on years of research, Michael D. Morgan, author of the award-winning Over-the-Rhine: When Beer Was King, tackles this subject with a fresh perspective. Complete with new findings, the true story of the city's first brewer comes to light, as do the oft-heralded deeds - and overlooked misdeeds - of the beer barons who built empires their progeny drove to ruins. From the story of the Scottish brewery that made Cincy famous for English ales, through forgotten Prohibition political scandals, to the birth and rise of the modern craft beer movement, Cincinnati Beer explores previously untold stories of our beer-soaked past.
