**The Open Boat and Other Stories** Stephen Crane,2019-11-20 'The Open Boat and Other Stories' is a collection of short stories by American author Stephen Crane. It was based on Crane's experience of surviving a shipwreck off the coast of Florida earlier that year while traveling to Cuba to work as a newspaper correspondent. Crane was stranded at sea for thirty hours when his ship, the SS *Commodore*, sank after hitting a sandbar. He and three other men were forced to navigate their way to shore in a small boat; one of the men, an oiler named Billie Higgins, drowned after the boat overturned. Crane's personal account of the shipwreck and the men's survival, titled *Stephen Crane's Own Story*, was first published a few days after his rescue.

The Sun Played Hide-and-Seek Brian P. Cleary,2017-08-01 A young student has to give a presentation about personification—and she's petrified! How can she explain something that gives human traits to things that aren't human? If only she could take a trip to the park and show everyone the way the fountain hiccups, the daffodils dance, and the wind whispers a tune . . . or maybe that's just what she'll have to do!

A Kind of Flying: Selected Stories Ron Carlson,2009-10-01 These stories are full of surprises,

jolts, and lightning strikes of recognition. Do yourself a favor and read Ron Carlson. —Stephen King

Ron Carlson's stories, sometimes wicked or bittersweet, often zany, are rich with a hard-earned hopefulness frequently absent in contemporary fiction. In this generous gathering from collections no longer available, longtime fans and new readers alike can savor the development of a master of idiosyncrasy. Properly celebrated for his range, Carlson offers us a rural sheriff who's wary of UFOs (Phenomena), a lawyer on a mission in remote Alaska (Blazo), a baseball player turned killer-by-accident (Zanduce at Second), and a nineteen-year-old who experiences an unsettling sexual awakening during an Arizona summer (Oxygen). Here also is a man accusing Bigfoot of stealing his wife, followed by Bigfoot's incomparable response. Not least of the treasures is The H Street Sledding Record, a story perfect for family holiday reading, in which a young father creates the magic of Santa by throwing manure on his roof on Christmas Eve. This book proves Carlson's axiom that a short story is not a single thing done a single way, and it offers us—finally—a full view of his remarkable talents.

*True Stories of Heroes: Usborne True Stories* Paul Dowsnell, 2012-08-01 Thirteen thrilling true stories of courage and heroism. From firefighters battling a blazing nuclear reactor, to a helicopter rescue team on board a fast sinking ship and one housewife's brave defiance of the Gestapo, this book contains inspiring tales of extraordinary courage from everyday people. A gripping and engaging collection of amazing real life stories, perfect for readers who prefer fact to fiction.

Crane's personal account of the wreck and survival of men, titled Stephen Crane's Own Story, was first published a few days after his rescue. *Rising Water* Marc Aronson,2019-03-19 The incredible true story of the twelve boys trapped with their coach in a flooded cave in Thailand and their inspiring rescue. On June 23, 2018, twelve members of the Wild Boars soccer team and their coach were exploring the Tham Luang cave complex in northern Thailand when disaster struck. A rainy season downpour flooded the tunnels, trapping them as they took shelter on a shelf of the dark cave. Eight days of searching yielded no signs of life, but on July 2 they were discovered by two British divers. The boys and their coach were eventually rescued in an international operation that took three days. What could have been a terrible tragedy became an amazing story of survival. Award-winning author Marc Aronson brings us the backstory behind how this astounding rescue took place. *Rising Water* highlights the creative thinking and technology that made a successful mission possible by examining the physical, environmental, and psychological factors surrounding the rescue. From the brave Thai Navy SEAL who lost his life while placing oxygen tanks along the passageways of the cave, to the British divers that ultimately swam the boys to safety, to the bravery of the boys and their coach, this is the breathtaking rescue that captivated the entire world.
