**Phu Bai** Paul Betit, 2006 *Phu Bai: A Vietnam War Story* It is June 1967, and United States military involvement in South Vietnam is nearing its zenith. As the war ratchets up, John Murphy and Charles Van Dyck of the Army's Criminal Investigation Division investigate the murder of an American soldier at Phu Bai. War intrudes as the two investigators build their case against the most likely suspect. But a bizarre twist turns it into an unusual manhunt in the middle of a war zone. A Vietnam War veteran, Mr. Betit was stationed at Phu Bai. For more than thirty years, he's worked as a newspaperman in Maine. He lives in Brunswick with his wife, Deborah. The couple has two sons. Betit also wrote *Kagnew Station*, a sequel set in Ethiopia. Cover Design: Just Write Books

*The Road to Dien Bien Phu* Christopher Goscha, 2023-08-15 A multifaceted history of Ho Chi Minh's climactic victory over French colonial might that foreshadowed America's experience in Vietnam On May 7, 1954, when the bullets stopped and the air stilled in Dien Bien Phu, there was no doubt that Vietnam could fight a mighty colonial power and win. After nearly a decade of struggle, a nation forged in the crucible of war had achieved a victory undreamed of by any other national liberation movement. *The Road to Dien Bien Phu* tells the story of how Ho Chi Minh turned a ragtag guerrilla army into a modern fighting force capable of bringing down the formidable French army. Taking readers from the outbreak of fighting in 1945 to the epic battle at Dien Bien Phu, Christopher Goscha shows how Ho transformed Vietnam from a decentralized guerrilla state based in the countryside to a single-party communist state shaped by a specific form of "War Communism." Goscha discusses how the Vietnamese operated both states through economics, trade, policing, information gathering, and communications technology. He challenges the wisdom of counterinsurgency methods developed by the French and still used by the Americans today, and explains why the First Indochina War was arguably the most brutal war of decolonization in the twentieth century, killing a million Vietnamese, most of them civilians. Panoramic in scope, *The Road to Dien Bien Phu* transforms our understanding of this conflict and the one the United States would later enter, and sheds new light on communist warfare and statecraft in East Asia today.

*Angel of Dien Bien Phu* Genevieve de Galard, 2013-05-31 As the only French woman among some 11,000 defenders at Dien Bien Phu, Geneviève de Galard had a unique perspective of the siege and fall of the French fortress. This memoir about her years as a flight nurse for the French air force offers previously unknown details about their defeat. De Galard was on the flights that evacuated casualties from the battle, often landing in the midst of Vietminh artillery barrages. After a French air force C-47 with de Galard on board was seriously damaged, she tended to the wounded and dying in a field hospital. Her efforts won her the Knight's Cross and the Croix de Guerre, and from the American press the name Angel of Dien Bien Phu. Following a tickertape parade in New York, President Eisenhower awarded her the Presidential Medal of Freedom in 1954. Now, Americans can learn the full

story.

The Last Valley Martin Windrow, 2009-03-04 In December 1953 French paratroopers, who had been searching for the elusive Vietnamese army, were quickly isolated by them and forced to retreat into their out-gunned and desolate jungle base—a small place called Dien Bien Phu. The Vietnamese besieged the French base for five long and desperate months. Eventually, the demoralized and weakened French were utterly depleted and withdrew in defeat. The siege at Dien Bien Phu was a landmark battle of the last century—the first defeat of modern western forces by an Asian guerilla army. The Last Valley is the first new account of the battle since the 1970s. The author has incorporated much new material from French and Vietnamese sources, including veteran interviews, making this the most complete account to-date. And Martin Windrow has received widespread praise from top historians such as John Keegan and Max Hastings (below), as well as reviewers on both sides of the Atlantic.

**Valley of Death** Ted Morgan, 2010-02-23 Pulitzer Prize-winning author Ted Morgan has now written a rich and definitive account of the fateful battle that ended French rule in Indochina—and led inexorably to America's Vietnam War. Dien Bien Phu was a remote valley on the border of Laos along a simple rural trade route. But it would also be where a great European power fell to an underestimated insurgent army and lost control of a crucial colony. Valley of Death is the untold story of the 1954 battle that, in six weeks, changed the course of history. A veteran of the French Army, Ted Morgan has made use of exclusive firsthand reports to create the most complete and dramatic telling of the conflict ever written. Here is the history of the Vietminh liberation movement's rebellion against French occupation after World War II and its growth as an adversary, eventually backed by Communist China. Here too is the ill-fated French plan to build a base in Dien Bien Phu and draw the Vietminh into a debilitating defeat—which instead led to the Europeans being encircled in the surrounding hills, besieged by heavy artillery, overrun, and defeated. Making expert use of recently unearthed or released information, Morgan reveals the inner workings of the American effort to aid France, with Eisenhower secretly disdainful of the French effort and prophetically worried that “no military victory was possible in that type of theater.” Morgan paints indelible portraits of all the major players, from Henri Navarre, head of the French Union forces, a rigid professional unprepared for an enemy fortified by rice carried on bicycles, to his commander, General Christian de Castries, a privileged, miscast cavalry officer, and General Vo Nguyen Giap, a master of guerrilla warfare working out of a one-room hut on the side of a hill. Most devastatingly, Morgan sets the stage for the Vietnam quagmire that was to come. Superbly researched and powerfully written, Valley of Death is the crowning achievement of an author whose work has always been as compulsively readable as it is important.

Warring Visions Thy Phu, 2021-10-18 In Warring Visions, Thy Phu explores photography from dispersed communities throughout Vietnam and the Vietnamese diaspora, both during and after the Vietnam War, to complicate narratives of conflict and memory. While the visual history of the Vietnam War has been dominated by American documentaries and war photography, Phu turns to photographs circulated by the Vietnamese themselves, capturing a range of subjects, occasions, and perspectives. Phu's concept of warring visions refers to contrasts in the use of war photos in North Vietnam, which highlighted national liberation and aligned themselves with an international audience, and those in South Vietnam, which focused on family and everyday survival. Phu also uses warring visions to enlarge the category of war photography, a genre that usually consists of images illustrating the immediacy of combat and the spectacle of violence, pain, and wounded bodies. She pushes this genre beyond such definitions by analyzing pictures of family life, weddings, and other quotidian scenes of life during the war. Phu thus expands our understanding of how war is waged, experienced, and resolved.

Cult, Culture, and Authority Olga Dror, 2007-03-31 Princess Liễu Hạnh, often called the Mother of the Vietnamese people by her followers, is one of the most prominent goddesses in Vietnamese popular religion. First emerging some four centuries ago as a local sect appealing to women, the princess' cult has since transcended its geographical and gender boundaries and remains vibrant today. Who was this revered deity? Was she a virtuous woman or a prostitute? Why did people begin worshiping her and why have they continued? Cult, Culture, and Authority traces Liễu Hạnh's cult from its ostensible appearance in the sixteenth century to its present-day prominence in North Vietnam and considers it from a broad range of perspectives, as religion and literature and in the context of politics and society. Over time, Liễu Hạnh's personality and cult became the subject of numerous literary accounts, and these historical texts are a major source for this book. Author Olga Dror explores the authorship and historical context of each text considered, treating her subject in an interdisciplinary way. Her interest lies in how these accounts reflect the various political agendas of successive generations of intellectuals and officials. The same cult was called into service for a variety of ideological ends: feminism, nationalism, Buddhism, or Daoism.

**Vietnamese Colonial Republican** Peter Zinoman, 2013-11-16 This volume is a comprehensive study of Vietnam's greatest and most controversial 20th century writer who died tragically in 1939 at the age of 28. Vu Trong Phung is known for a remarkable collection of politically provocative novels and sensational works of non-fiction reportage that were banned by the communist state from 1960 to 1986. Leading Vietnam scholar, Zinoman, resurrects the life and work of an important intellectual and author in order to reveal a neglected political project that is excluded from conventional accounts of modern Vietnamese political history. He sees Vu Trong Phung as a leading proponent of a localized republican tradition that opposed colonialism, communism, and unfettered capitalism—and that led both to the banning of his work and to the durability of his popular appeal in Vietnam today.

Unbreakable Hearts: A True, Heart-wrenching Story About Victory...Forfeited! Earl Dusty Trimmer, 2019-05-16 Earl "Dusty" Trimmer relates with both skill and personal experience events surrounding our most forgettable and misunderstood war in America's history. He brings it all home with his down-to-earth style and considerable knowledge. In Unbreakable Hearts, Dusty dives into the Vietnamese history and culture and skillfully brings the reader into understanding our Vietnamese enemy's amazing resolve. He brilliantly explains the evolution of our Vietnamese enemy over hundreds of years of invasions and wars. Always defending their country to remain free became an art. In Chapter 7, Dusty describes the Vietnamese women fighters as "Hellcats." My own experience with the formidable Vietnamese Viet Cong women's skills and expertise closely mirrors Dusty's. Hooch girls could plant booby traps in a GI's hooch with a skill and savvy they were forced to learn during decades of on-the-job training in continuous wars with unwelcomed invaders. My own Military Police experience after leaving the infantry revealed these incidents vividly. In later chapters, Dusty moves into our own veterans' profound resolve and toughness. North Vietnam's famed General Giap called us "an honorable enemy." One could suggest from this writing that our enemy taught us well. We did things in the Vietnam War the average person would have to go to the movies to believe. After reading Trimmer's descriptions, I must conclude that indeed this book could be one for the movie industry. Dusty Trimmer brings to life our days and nights living and fighting in these foreboding jungle warfare conditions. After reading this fine work and reflecting on my own experiences, I cut away a little more of the pain. Pride swells for having served with all of these wonderful veterans of the Vietnam War. Pain for our terrible losses. For myself, these experiences culminated in wisdom I would otherwise have failed to achieve. God bless Dusty for telling our story. Forward march, Brothers!

**The Full Story** Brian Caswell, David Phu An Chiem, 2002 Saigon to Sydney, from Fremantle to the Blue Mountains. Three intensely emotional relationships begin to crumble in the present, under pressures from the secrets of the past. This is a modern love story - a compelling journey that peels away the superficial present to reveal the history that lingers at the core of who we are, and proves that we are the sum of all who love us. Even if we can never know the Full Story.

*Dien Bien Phu 1954* David Stone, 2018-10-26 The French strategy of seeking to establish a fortified base across the Viet Minh's route to and from Laos provoked an awesome struggle that lasted from November 1953 to May 1954. During this time Dien Bien Phu, surrounded by 2000 ft hills and thus difficult to re-supply by air as the French had intended, became the scene of fearful contests between the locally savvy men of General Giap and the hapless French forces who, losing one strongpoint after another, were finally trapped in Dien Bien Phu garrison. The French lost the cream of their strategic reserve in the region and, within months, were agreeing to the independence of Vietnam, Laos and Cambodia. David Stone, a British Army officer of the post World War II era, leads the reader through the complex nature of this significant action.

**The Last Valley** Martin Windrow, 2004-12-13 In December 1953, the French army occupying Vietnam challenged the elusive Vietnamese army to engage in battle at Dien Bien Phu. The story of how the siege in the jungle wore on until the French were depleted, demoralized, and destroyed is meticulously researched for this volume.

**Ming China and Vietnam** Kathlene Baldanza, 2016-03-29 Studies of Sino-Viet relations have traditionally focused on Chinese aggression and Vietnamese resistance, or have assumed out-of-date ideas about Sinicization and the tributary system. They have limited themselves to national historical traditions, doing little to reach beyond the border. *Ming China and Vietnam*, by contrast, relies on sources and viewpoints from both sides of the border, for a truly transnational history of Sino-Viet relations. Kathlene Baldanza offers a detailed examination of geopolitical and cultural relations between Ming China (1368-1644) and Dai Viet, the state that would go on to become Vietnam. She highlights the internal debates and external alliances that characterized their diplomatic and military relations in the pre-modern period, showing especially that Vietnamese patronage of East Asian classical culture posed an ideological threat to Chinese states. Baldanza presents an analysis of seven linked biographies of Chinese and Vietnamese border-crossers whose lives illustrate the entangled histories of those countries.

**This Time We Win** James S Robbins, 2012-10-16 Most of what Americans have heard about the Tet Offensive is wrong. The brief battles in early 1968 during the Vietnam conflict marked the dividing line between gradual progress toward possible victory and slow descent to a humiliating defeat. That the enemy was handily defeated on the ground was considered immaterial; that it could mount attacks at all was deemed a military triumph for the Communists. This persistent view of Tet is a defeatist story line that continues to inspire America's foreign enemies and its domestic critics of the use of force abroad. In *This Time We Win*, James S. Robbins at last provides an antidote to the flawed Tet mythology still shaping the perceptions of American military conflicts against unconventional enemies and haunting our troops in combat. In his re-examination of the Tet Offensive, Robbins analyzes the Tet battles and their impact through the themes of terrorism, war crimes, intelligence failure, troop surges, leadership breakdown, and media bias. The result is an explosion of the conventional wisdom about this infamous surge, one that offers real lessons for today's unconventional wars. Without a clear understanding of these lessons, we will find ourselves refighting the Tet Offensive again and again.

**Dien Bien Phu** John Keegan, 1974-01-01

First a Torch Richard Baker, 2011 Bix, just graduated from a South Dakota high school, looks for his big adventure before settling for a lifetime on the farm. He rescues Chau, a

wealthy French-educated Vietnamese, from the racist violence that permeates American society in the early 1950's. As their friendship grows, Chau explains his education to European culture and convinces Bix to join the French Foreign Legion and help save his country from the communist Viet Minh. After teaming up with Steve, a street-wise ex-con, they take a wild ride across America before delivering Chau to a ship in San Francisco. Chau soon discovers his country has changed forever. Bix and Steve eventually join the Legion and befriend a German Legionnaire and is prostitute lover. Bix finds Chau during the siege of Dien Bien Phu. But something has changed. Chau is now fighting for the Viet Minh. Dien Bien Phu marked the end of French colonialism in Vietnam and the accelerated U.S. involvement in the region. Although they supplied Ho Chi Minh and his struggling army with arms and training to fight against the Japanese, U.S. intentions quickly deteriorated after World War II in an effort to stem the spread of communism. At Dien Bien Phu the finest European-trained French officers, and their professional military, backed by the U.S., were defeated by a history professor, a ship's cook, and a highly determined peasant army.
