Pineapple Hurricane Amy Vasant,2020-05-22 Pineapple Port Mysteries by Wall Street Journal and USA Today bestselling author Amy Vasant, is a funny, clean and gore-free small-town, female amateur sleuth series, but with all the pulse-pounding excitement of a detective thriller. When a Pineapple Port resident is found dead during an approaching hurricane, Charlotte fears someone's trying to disguise murders as storm-related accidents. The first two victims have more than the storm in common - both were hoarding valuable storm supplies like toilet paper and water. Hm. Maybe the killer is karma! Bringing together the area's community leaders to spread a warning could lead to even more trouble. Last time the Five Families got together, someone ended up dead. But things could be much deadlier if Declan's crazy ex is right and the Puzzle Killer's broken out of prison... And did that lamppost just explode, or is someone trying to kill Charlotte and Declan? Charlotte vows to solve the crime before the storm hits. Mariska and Darla vow to find some toilet paper for sale, even if they have to call in help from their old neighbor, the revenge-genius, Gloria. Buckle down for a blustery ride as the storm hits! Quips get flung and puns get slung, making for a hilarious read, but even better, Pineapple Port's just a place you want to hang out. The dialog crackles---you'll hear the voices of your own nutty friends and relatives in every conversation. Throughout the series, you find serial killers, crazy ex-girlfriends, loving dogs, romance, government operatives, FBI agents, danger... and a cast of characters almost as funny as they are loving, supportive and brave. The series appeals to men and women. If Janet Evanovich's Stephanie Plum and the Golden Girls had a baby, it would be the Pineapple Port series! If you like Jana DeLeon, Angie Fox, Leslie Langtry, Susan M. Boyer, Gina-LaManna, Julie Smith or any funny, action-packed mystery, you're about to find your next favorite series. Amy is one of my favorite authors. I highly recommend all of her books. No matter what genre she writes in, she manages to create books that demand that the pages be immediately turned to find out what happened, because you really care about the characters. ~ Dianne Harman, USA Today and Amazon Chart #1 Bestselling Author

Pirates, Pineapples, and People Nikki Beare,2019-07-23 “Nikki Beare came with her family to live on the Keys. Her interest in the Keys and its history made her become a real part of the Conchs, but more in the nature of “grafted on stock”. From the very beginning, she endeared herself to all with whom she came in contact. She enjoyed hearing the Old Timers recount the many tales of the sea, the ships, the islands, and the brave men who spent so much of their lives in the task of island hopping with passengers, freight, and mail.”—C. Marvin Thompson In her book, Pirates Pineapples and People, which was first published in 1961, Nikki Beare tells of the history of the Upper Florida Keys—the history of a very unique area. “It is a part of the United States that has very few written records. The Upper Keys have had a tremendous and fabulous history from earliest times. “Over the centuries, any records that were written (very few) have been lost...washed away in the numerous hurricanes that touched the coral shores. By poking around in old book stores, libraries, reading old newspapers, writing to the National Archives in Washington, D.C., reading letters written by historians, a basis for fact has been established. What cannot be found on paper is in the memories of the old-timers...Some are tales handed down from one generation to another...others are true stories, as close as possible to actual happenstance without actual records to verify.”—Nikki Beare

Hurricane Punch Tim Dorsey,2009-10-13 That lovable, under-undermedicated dispenser of truth, justice, and trivia is back with a vengeance—just as his cherished home state is about to take a beating from a conga line of hurricanes bearing down on the peninsula. But as Serge and his burnout buddy Coleman go storm-chasing, bodies begin turning up at a disturbing rate, even by Florida standards. It looks like a serial killer is on the loose—another serial killer—which highly offends Serge's moral sensibilities. And he vows he'll stop at nothing to unmask his thrill-killing rival and make All Things Right—though Coleman's triathlete approach to the sport of polyabuse binging threatens to derail the mission more completely than the entire combined Sunshine State police community could ever hope to.

Pineapple Anthology of Florida Writers James C. Clark,2015-10-17 This is the first in a series of collections of fiction and nonfiction about Florida by legendary writers who came here—some to escape the chilly North, some to find freedom, and some to investigate what the fuss was all about. From Audubon in 1834 to Dave Barry in 1990, these writers reveal Florida's natural beauty and her residents human foibles. In poetry, John Greenleaf Whittier exposes our shameful slave-holding past, and Elizabeth Bishop extols our turtles and sandbars and tropical rain. Jules Verne shoots a moon rocket off from Tampa, and Hunter Thompson delivers up his own gonzo brand of journalism in a story of marine salvage in the Keys. Hemingway rants about the governments laxity in the face of tragedy, while Harriet Beecher Stowe offers some advice on the time-honored practice of buying land in the Sunshine State. Storm of the Century Willie Drye,2019-08-01 In 1934, hundreds of jobless World War I veterans were sent to the remote Florida Keys to build a highway from Miami to Key West. The Roosevelt Administration was making a genuine effort to help these down-and-out vets, many of whom suffered from what is known today as post-traumatic stress disorder. But the attempt to help them turned into a tragedy. The supervisors in charge of the veterans misunderstood the danger posed by hurricanes in the low-lying Florida Keys. In late August 1935, a small, stealthy tropical storm crossed the Bahamas, causing little damage. When it entered the Straits of Florida, however, it exploded into one of the most powerful hurricanes on record. But US Weather Bureau forecasters could only guess at its exact position, and their calculations were well off the mark. The hurricane that struck the Upper Florida Keys on the evening of September 2, 1935 is still the most powerful hurricane to make landfall in the US. Supervisors waited too long to call for an evacuation train from Miami to move the vets out of harm’s way. The train was slammed by the storm surge soon after it reached Islamorada. Only the 160-ton locomotive was left upright on the tracks. About 400 veterans were left unprotected in flimsy work camps. Around 260 of them were killed. This is their story, with newly discovered photos and stories of some of the heroes of the Labor Day 1935 calamity.

Pineapple Chunks with Sardines Harvey Cail,2018-05-28 If you ever thought about getting a boat and sailing away, here is the first part of the story about a family sailing their boat from San Francisco to the North-East-Coast of England and back to San Francisco. This book, the first of a trilogy, spans eight countries and covers their adventures from San Francisco to Colon, at the Caribbean end of the Panama Canal. Harvey and Shirley, with their two kids Barbara 11, and Simon 14, visit exotic ports isolated islands and deserted coves, some surrounded by pristine desert landscapes and others hidden by dense jungle. Sailing on and on, sometimes for days and nights on end, four hours on and four off, they endure brutal heat and experience violent gales. After a year continually underway or at anchor, they lose the urge to hurry for harbor and become true sailors, living their lives on the sea. Operating independently, with no long-range communication or outside support, they are entirely dependent on their boat and themselves. The story includes insights into life on a forty-five-foot boat during an ongoing cruise: home schooling, eating, sleeping and working the ship, advanced seamanship and pre-satellite navigation, managing ship's stores and running the galley. The book title, Pineapple Chunks with Sardines, pertains to breakfast at dawn during a violent, force-eleven storm in the Bay of Biscay, January 17th, 1988. The menu was random because only Shirley, who was off watch and asleep, knew the code marked on the unlabeled cans. In the euphoria of recovery from seasickness, I ate it with relish.
