*The North Wind and the Sun* – Aesop,2021-03-22 Who do you think is stronger – the Sun or the North Wind? They both found themselves in a dispute because they both thought that they were strongest. They saw a traveler who was just passing by and they decided that whoever made the man remove his cloak would be proclaimed the strongest. A winner is declared. Who will it be and what is the moral of the story? Find out in Aesop's fable *The North Wind and the Sun*. Aesop's fables feature animals, legendary creatures, plants, inanimate objects, or forces of nature that speak, solve problems, and generally have human characteristics. All the stories story lead to a particular moral lesson. Aesop (620–564 BCE) was a storyteller that was believed to have lived in Ancient Greece. He is celebrated for a number of fables now collectively known as Aesop's Fables. In the few scattered sources about his life, Aesop was described as a slave who by his cleverness acquires freedom and becomes an adviser to kings and city-states. Although Aesop's existence remains unclear, numerous tales credited to him were gathered across the centuries and in many languages in a storytelling tradition that continues to this day.
