Dewey and Eros Jim Garrison, 2010-06-01 We become what we love, states Jim Garrison in *Dewey and Eros: Wisdom and Desire in the Art of Teaching*. This provocative book represents a major new interpretation of Dewey's education philosophy. It is also an examination of what motivates us to teach and to learn, and begins with the idea of education of eros (i.e., passionate desire)-the supreme aim of education as the author puts it-and how that desire results in a practical philosophy that guides us in recognizing what is essentially good or valuable. Garrison weaves these threads of ancient wisdom into a critical analysis of John Dewey's writings that reveal an implicit theory of eros in reasoning, and the central importance of educating eros to seek the Good. Chapters: Plato's Symposium: Eros, the Beautiful, and the Good • Care, Sympathy, and Community in Classroom Teaching: Feminist Reflections on the Expansive Self • Play-Doh, Poetry, and Ethereal Things • The Aesthetic Context of Inquiry and the Teachable Moment • The Education of Eros: Critical and Creative Value Appraisal • Teaching and the Logic of Moral Perception This book can be used in graduate courses in foundations, teacher education, philosophy of education, qualitative research, arts and education, language and literacy, and women and education. Jim Garrison is Professor of Philosophy of Education at Virginia Tech in Blacksburg, VA. He is pastpresident of the John Dewey Society and a winner of the Society's Outstanding Achievement Award.

It appeals to the kid in everybody. That same kind of magic captures the kid in everybody when they pick up *Timeless Toys: Classic Toys and the Playmakers Who Created Them*. *Timeless Toys* represents one of the finest documentaries and displays of modern toys ever written. Oh Crap! Potty Training Jamie Glowacki,2015-06-16 From potty-training expert and social worker Jamie Glowacki, who's already helped over half a million families successfully toilet train their preschoolers, comes a newly revised and updated guide that's "straight-up, parent-tested, and funny to boot" (Amber Dusick, author of *Parenting: Illustrated with Crappy Pictures*). Worried about potty training? Let Jamie Glowacki, potty-training expert, show you how it's done. Her six-step, proven process to get your toddler out of diapers and onto the toilet has already worked for tens of thousands of kids and their parents. Here's the good news: your child is probably ready to be potty trained EARLIER than you think (ideally, between 20-30 months), and it can be done FASTER than you expect (most kids get the basics in a few days—but Jamie's got you covered even if it takes a little longer). If you've ever said to yourself: -How do I know if my kid is ready? -Why won't my child poop in the potty? -How do I avoid "potty power struggles"? -How can I get their daycare provider on board? -My kid was doing so well—why is he regressing? -And what about nighttime?! *Oh Crap! Potty Training* can solve all of these (and other) common issues. This isn't theory, you're not bribing with candy, and there are no gimmicks. This is real-world, from-the-trenches potty training information—all the questions and all the answers you need to do it once and be done with diapers for good.
