This practical and easy to apply book is recommended for anyone who works with abused children and would like further insight as well as practical and informative advice on healing the traumatized child.' - Trauma and Loss: Research and Interventions 'Her accounts of the way in which play is used to make sense of traumatic experiences are full of insight and often moving. All aspects of the work are covered... This is an exceptional volume...goes far beyond a mere text book.' - Therapy Weekly This second edition of Ann Cattanach's highly commended book explores the use of play therapy with abused children as a way of helping them heal their distress and make sense of their experiences through expanding their own creativity in play. Models of intervention are described with consideration given to the particular needs of the child and the work setting of the therapist. Suggestions include short and medium term interventions, individual/group and sibling work.
