But the problem is not you, it's that dieting, with its emphasis on rules and regulations, has stopped you from listening to your body. Written by two prominent nutritionists, Intuitive Eating focuses on nurturing your body rather than starving it, encourages natural weight loss, and helps you find the weight you were meant to be. Learn: *How to reject diet mentality forever *How our three Eating Personalities define our eating difficulties *How to feel your feelings without using food *How to honor hunger and feel fullness *How to follow the ten principles of Intuitive Eating, step-by-step *How to achieve a new and safe relationship with food and, ultimately, your body With much more compassionate, thoughtful advice on satisfying, healthy living, this newly revised edition also includes a
