Gesell Dome Guillermo Saccomanno, 2016 Like True Detective through the lenses of William Faulkner, Gesell Dome is a mosaic of misery, a page-turner that will keep you enthralled right until its shocking end. Opening with reports of a child abuse scandal at an elementary school, then weaving its way through dozens of sordid storylines and characters - including various murders, corrupt politicians and real-estate moguls, and the Nazi past of the city - Gesell Dome chronicles the dark underbelly of a popular resort town tensely awaiting the return of the tourist season.

Waves and Particles in Light and Matter Augusto Garuccio, Alwyn van der Merwe, 2012-12-06 From September 24 through 30, 1992 the Workshop on Waves and Particles in Light and Matter was held in the Italian city of Trani in celebration of the centenary of Louis de Broglie's birth. As is well known, the relationship between quantum theory and objective reality was one of the main threads running through the researches of this French physicist. It was therefore in a fitting tribute to him on his 90th birthday that ten years ago an international conference on the same subject was convened in Perugia. On that occasion, physicists from all over the world interested in the problematics of wave-particle duality engaged in thoughtful debates (the proceedings of which were subsequently published) on recent theoretical and experimental developments in our understanding of the foundations of quantum mechanics. This time around, about 120 scientists, coming from 5 continents, in the warm and pleasant atmosphere of Trani's Colonna Conference Center focussed their discussions on recent results concerned with the EPR paradox, matter-interferometry, reality of de Broglie's waves, photon detection, macroscopic quantum coherence, alternative theories to usual quantum mechanics, special relativity, state reduction, and other related topics. The workshop was organized in plenary sessions, round tables, and poster sessions, and the present volume collects most-but not all-of the

presented papers. A number of acknowledgements are due. We thank, first of all, the contributors, without whose constant dedication this volume could not have been published.

Queer Women in Modern Spanish Literature Ana I. Simón-Alegre, Lou Charnon-Deutsch, 2021-11-29 This original collection of essays explores the work and life choices of Spanish women who, through their writings and social activism, addressed social justice, religious dogmatism, the educational system, gender inequality, and tensions in female subjectivity. It brings together writers who are not commonly associated with each other, but whose voices overlap, allowing us to foreground their unconventionality, their relationships to each other, and their relation to modernity. The objective of this volume is to explore how the idea of queerness played an important role in the personal lives and social activism of these writers, as well as in the unconventional and nonconformist characters they created in their work. Together, the essays demonstrate that the concept of queer women is useful for investigating the evolution of women's writing and sexual identity during the period of Spain's fitful transition to modernity in the nineteenth century. The concept of queerness in its many meanings points to the idea of non-normativity and gender dissidence that encompasses how women intellectuals experienced friendship, religion, sex, sexuality, and gender. The works examined include autobiography, poetry, memoir, salon chronicles, short and long fiction, pedagogical essays, newspaper articles, theater, and letters. In addition to exploring the significant presence of queer women in nineteenth- and twentieth-century Spanish literature and culture, the essays examine the reasons why the voices of Spanish women authors have been culturally silenced. One thrust in this collection explores generational transitions of Spanish writers from the romantics and their hermandad lírica (lyrical sisterhood) through to las Sinsombrero (Women Without Hats), and finally, current Spanish writers linked to the LGBTQ+ community.

The Long Loneliness Dorothy Day, 2017-06-27 The compelling autobiography of a remarkable Catholic woman, sainted by many, who championed the rights of the poor in America's inner cities. When Dorothy Day died in 1980, the New York Times eulogized her as "a nonviolent social radical of luminous personality . . . founder of the Catholic Worker Movement and leader for more than fifty years in numerous battles of social justice." Here, in her own words, this remarkable woman tells of her early life as a young journalist in the crucible of Greenwich Village political and literary thought in the 1920s, and of her momentous conversion to Catholicism that meant the end of a Bohemian lifestyle and common-law marriage. The Long Loneliness chronicles Dorothy Day's lifelong association with Peter Maurin and the genesis of the Catholic Worker Movement. Unstinting in her commitment to peace, nonviolence, racial justice, and the cause of the poor and the outcast, she became an inspiration to such activists as Thomas Merton, Michael Harrington, Daniel Berrigan, Cesar Chavez, and countless others. This edition of The Long Loneliness begins with an eloquent introduction by Robert Coles, the Pulitzer Prize-winning author and longtime friend, admirer, and biographer of Dorothy Day.

Hope for the Hurting Tony Evans, 2022-01-11 Life is painful. Everyone's story comes with unique challenges, difficulties, bumps, and bruises that leave you lost and drowning in their wake. It could be a financial disaster, a health issue, a broken relationship, or the loss of a loved one. Dr. Tony Evans, bestselling author and pastor of Oak Cliff Bible Fellowship, understands life's hardships firsthand. In a span of less than two years, he lost his brother, sister, brother-in-law, two nieces, father, and wife. At the same time, both of his daughters received cancer diagnoses. In the wake of all this pain, Dr. Evans had to put into practice, at the deepest levels, the truths he has preached about God for more than forty years. God's Word doesn't promise us a life free from pain and trouble. It promises

us something else—Someone else. Someone who will walk with us through all of life's trials and troubles. There is hope for the hurting: His name is Jesus.

Latin Palaeography Bernhard Bischoff, 1990-04-12 This work, by the greatest living authority on medieval palaeography, offers the most comprehensive and up-to-date account in any language of the history of Latin script. It also contains a detailed account of the role of the book in cultural history from antiquity to the Renaissance, which outlines the history of book illumination. Designed as a textbook, it contains a full and

Libra Don DeLillo, 1991-05-01 From the author of *White Noise* (winner of the National Book Award) and *The Silence*, an eerily convincing fictional speculation on the events leading up to the assassination of John F. Kennedy In this powerful, unsettling novel, Don DeLillo chronicles Lee Harvey Oswald's odyssey from troubled teenager to a man of precarious stability who imagines himself an agent of history. When history presents itself in the form of two disgruntled CIA operatives who decide that an unsuccessful attempt on the life of the president will galvanize the nation against communism, the scales are irrevocably tipped. A gripping, masterful blend of fact and fiction, alive with meticulously portrayed characters both real and created, *Libra* is a grave, haunting, and brilliant examination of an event that has become an indelible part of the American psyche.

Bazooka Joe and His Gang The Topps Company, Talley Morse, 2013-05-14 The story behind the iconic comic characters and the bubble gum they came with—includes over 100 reproductions spanning six decades. Bazooka Joe and his Gang have been synonymous with bubble gum ever since their debut in 1953, providing an irresistible combination of cheap laughs wrapped around pink, sugary sweetness. This book celebrates the iconic mini-comics that are recognized the world over and reveals their origins in midcentury New York City. The story of Bazooka Bubble Gum is also detailed with extensive essays, including a profile of Wesley Morse, the original illustrator of Bazooka Joe. Included are reproductions of more than 100 classic comics spanning six decades—including the complete first series, reprinted in its entirety for the first time—as well as jokes, fortunes, and tiny ads for mail-order merchandise. Like Bazooka

Bubble Gum itself, the book is pure nostalgia and a treat for kids and adults alike.

Rembrandt's Self-Portraits H. Perry Chapman, Rembrandt Harmenszoon van Rijn, 1992-10-01 H. Perry Chapman has produced the first comprehensive treatment of the entire body of Rembrandt's self-portraits in their cultural and historical setting and in the context of the artist's life. Prevailing scholarship has tried to discredit the idea that the self-portraits stemmed from any particular inner need, but Chapman counters by presenting fascinating evidence that they represent a conscious and progressive quest for individual identity in a truly modern sense. H. Perry Chapman, in my view, gives us the Rembrandt we need in the 1990s. . . . [Her] sensitivity to questions of style and expression, combined with original research, leads to a conclusion . . . that 'Rembrandt's lifelong preoccupation with self-portraiture can be seen as a necessary process of identity formation or self-definition'--in short, autobiography.--Walter Liedtke, The Journal of Art Chapman is a graceful writer. Her arguments are balanced, well documented, and vigorously pursued. . . . The publication of this book is cause for gratitude and joy.--Thomas D'Evelyn, Christian Science Monitor
