**Hinduism for Our Times** Arvind Sharma,1996 This book examines the contours of this creative tension in the context of Hinduism in our own times. For Hinduism, a religion of unknown antiquity, is also, in several ways, surprisingly modern. Hinduism for Our Times is an attempt to raise this dimension of Hinduism to an unprecedented level of self-awareness.

**Vedic Cosmography and Astronomy** Richard L. Thompson,2004 The mysteries of the fifth Canto of the Srimad Bhagavatam have long puzzled students of Vedic cosmography and astronomy. Confronted with a description of the universe that seems much at variance with the information provided by our senses and standard astronomical calculations, foreign observers and even Indian commentators from the middle ages up to the present have concluded that the Bhagavatam's account elaborated in other Puranas must be mythological. On the other hand the same persons have been much impressed with vedic astronomical treatises the jyotisastras which provide remarkably accurate measurements of the solar system.

**Babaji's Kriya Yoga** Jan Suzanne Ahlund,Marshall Govindan,2009-01-01 Action with awareness is both the vehicle and the destination in all phases of Babaji's Kriya Yoga. Through it we become aware of That which is aware; which is the one constant underlying all of our thoughts and experiences. Babaji's Kriya Yoga is a means of self-knowledge, of knowing our selves and the truth of our being. It brings action with awareness and a devotional spirit into our practice of asanas, pranayama, meditation, mantras and also into all our thoughts, words, dreams and desires and actions. This sadhana has enormous potential to make us more conscious human beings. It requires the willingness of the body, mind, heart and will, to align with the soul in aspiration of purification and perfection. This book provides detailed instructions, diagrams and photographs in the practice of a particular set of 18 Yoga asanas or postures, known as Babaji's Kriya Hatha Yoga. The essays and instructions herein enable the practitioner to go beyond the development and health of the physical body, and to transform the practice of yoga asana into a spiritual practice, inducing a higher state of consciousness. Unlike earlier publications related to Hatha Yoga, this volume will show you how to transform your Hatha Yoga practice into a means for Self-Realization. It introduces students to the Five-fold Path of Babaji's Kriya Yoga. This book is dedicated to Yoga students new to Kriya Yoga and also to Initiated students looking to deepen their own practice.

*The First Hindu Mission to America* Sunrit Mullick,2010 This book positions Brahmo Samaj leader Protap Chunder Mozoomdar as the originator of the Hindu mission movement to the United States of America in the late 19th century. It is known that Protap Mozoomdar, together with Swami Vivekananda, represented Hinduism at the Parliament of Religions at Chicago in 1893. But what has missed the focus of scholars is that Mozoomdar visited the United States ten years earlier in 1883, making him the pioneer of the Hindu mission movement to the United States. The book is the first detailed study of Protap Chunder

Mozoomdar in America. It is written through primary research on American newspapers, periodicals, manuscripts, diaries and archival material available in American libraries, and material in possession of the author. On the whole, the book presents new information of interest to both the general reader and the scholarly community.

Hindutva Jyotirmaya Sharma,2011

The Uddhava Gita ,2002-09-28 Widely read, The Bhagavad Gita is a classic of world spirituality while The essential companion to The Bhagavad Gita, The Uddhava Gita has remained overlooked. This new accessible and only English translation in print of The Uddhava Gita offers a previously unexplored path to understanding Hinduism and Krishna's wisdom. Written centuries apart, the ideas of the two dialogues are similar although their approach and contexts differ. The Bhagavad Gita is filled with the urgency of battle while The Uddhava Gita takes place on the eve of Krishna's departure from the world. The Uddhava Gita offers the reader philosophy, sublime poetry, practical guidance, and, ultimately, hope for a more complete consciousness in which the life of the body better reflects the life of the spirit.

The Mandala Astrological Tarot A. T. Mann,2009 There are many tarot sets on the market?but not one like this! The first thing you'll notice about this unique book-and-card set is the deck's square shape, which allows each card to be positioned facing not just two, but all four cardinal points of the compass: this provides readings of great depth and accuracy. Then, the original design eliminates the conventional human figures of the tarot, replacing them with mandala

images that aid meditation. What's more, the 22 major arcane signs are divided into three groups corresponding to the signs of the zodiac, the elements, and the planets. This spiritually aware approach to the tarot provides a remarkable new set of tools for understanding the forces that shape our lives.

**Hinduism in Modern Indonesia** Martin Ramstedt, 2005-06-28 This book provides new data and perspectives on the development of 'world religion' in post-colonial societies through an analysis of the development of 'Hinduism' in various parts of Indonesia from the early twentieth century to the present. This development has been largely driven by the religious and cultural policy of the Indonesian central government, although the process began during the colonial period as an indigenous response to the introduction of modernity.

**Waves of Devotion** Swami Dhanurdhara, 2000

But darkness lurks at the heart of the victorious regime. A pointed question piques a young journalist's curiosity: What happened to Sita? Where is Ram's absent wife whose abduction triggered the war with Lanka? And so begins the journalist's search for the missing queen. Soon her investigation attracts the notice of Ayodhya's all-powerful secret police and its mysterious head, the Washerman. Forced to flee Ayodhya, the journalist makes her way through a war-devastated Lanka in search of answers. In this stylish speculative thriller, Samhita Arni skilfully combines her love for mythology with riveting storytelling. Published by Zubaan.

**The Mahabharatha** Samhita Arni, 2004-10 Eleven year old Samhita Arni's beautifully illustrated version of the Mahabharatha is a bold and fresh re-telling of the great epic.

**My Science, My Religion** Michael A. Cremo, 2012 This book is a collection of twenty-four papers that Michael A. Cremo, who is not a professional scientist, presented at scientific and academic conferences. Versions of some of these papers have appeared in peer-reviewed academic publications. In these papers, Cremo explores the relationship between science and religion, in terms of his specific scientific and religious commitments. Many of the papers in this book deal with archeological evidence for extreme human antiquity, consistent with the Puranic histories. Other papers explore the history of archeology in India. In his book Human Devolution, Cremo presented a Vedic alternative to the current theory of human origins. Some of the papers in My Science, My Religion are related to this topic. This collection will be of interest to theologians, scientists, historians of science, philosophers of science, and scholars of science and religion.

**27 Stars, 27 Gods** Vic Dicara, Vraja Kishor Das, 2012-12-29 Over a decade of dedicated research! Over a year of writing and editing! With the blessings and guidance of a swami, a babaji, and a Sanskrit scholar, Vic DiCara presents you the world's most definitive, simple and completely awesome explanation of the mythology and meaning within the 27 stars of ancient Indian astrology! If you are an astrologer or a fan of astrology, you will be transformed by Vic's radically clear and straightforward explanations of Sanskrit, Vedic mythology, and mastery of intuitive symbolism. If you are a lover of India and her culture, you will delight in these deep revelations and rare expositions of familiar gods like Vishnu, not-so-familiar gods like Varuna, and nearly forgotten gods like Ajaikapat. If you are a spiritual seeker, you will discover the origin of the universe, the meaning of life, and essential clues in the eternal quest for the fountain of youth. The 160 pages of this book are abundantly replete with exact references and footnotes to satisfy the scholars among you. The book is dripping with dramatic storytelling, filled with philosophy as clear and deep as a Himalayan lake, and precisely presents the perfectly useful astrological symbolism of the divine stars.

\* \* If there is anything Vedic and spiritual about Hindu astrology, then this is the book that can teach us about it. Vic leads us into the wonderful depths of Vedic wisdom by relating the myths connected with each of the 27 lunar mansions and their deities. Using this approach, this book goes considerably deeper than other Jyotish textbooks I have seen. Warmly recommended, even to non-astrologers! Can we hope for follow-up book about the Hindu planetary deities? - Dieter Koch, Indologist and Archaeoastronomer Co-creator of the Swiss Ephemeris

Vic DiCara's exploration and definitive research on the lunar mansions brings the primordial zodiac alive with the rich symbolism and sacred stories of Indian lore. We often forget that the basis of Vedic astrology will always be the mystical mythology associated with Jyotish, the science of light. Mr. DiCara's brilliant text illuminates our path home to the divine through his deep understanding and the blessings of the gods and goddesses of ancient India - Dennis M. Harness, Ph.D. Psychologist, Writer and Vedic Astrologer

27 Stars, 27 Gods is a fantastically deep book about the fixed stars of Vedic astrology. It is well written and well researched, and is a clear and enjoyable read! I highly recommend it for everyone from astrologers to yogis and everyone in between. - Juliana Swanson, RN ACVA Teacher, Jyotish Visharada & Kovid

More than a journey through the outer universe of astrological stars, 27 Stars 27 Gods is a journey through the driving forces of the subconscious inner universe. By helping us identify these influences Vic DiCara helps us understand ourselves better and progress more smoothly on our life's journey. 27 Stars 27 Gods can be a reference book in the hands of an experienced astrologer, but it is also a self improvement tool for any reader interested in exploring life in depth. It presents symbols, mythology, ancient storytelling and divine lila in language that immediately catches one's interest and speaks to us like a friend - never prescriptive, but always revealing our opportunities. Let me congratulate Vic on this unique book. Unlike most books in the spiritual market, this is not at all a copy of a copy of a copy. It is an outstanding new addition to our knowledge, written with an inspired pen of intensity and wit. - Sripad Sacinandana Swami Vaishnava Guru & Sanyassi
