If You Give a Mouse a Cookie Laura Joffe

Numeroff, 2022-06-14 If a hungry little traveler shows up at your house, you might want to give him a cookie. If you give him a cookie, he's going to ask for a glass of milk. He'll want to look in a mirror to make sure he doesn't have a milk mustache, and then he'll ask for a pair of scissors to give himself a trim.... The

consequences of giving a cookie to this energetic mouse run the young host ragged, but young readers will come away smiling at the antics that tumble like dominoes through the pages of this delightful picture book.

What the Road Said Cleo Wade, 2021-03-23 A comforting and uplifting picture book from bestselling poet and activist Cleo Wade. Which way do I go? That is your choice to make, said the Road. It's okay to be afraid or to sometimes wander down the wrong path. The High-Performing Preschool Gillian Dowley McNamee, 2015-05-04
"Masterful. . . . presents a cogent and compelling picture of preschool programs serving low socioeconomic status students who achieve equity and excellence." -Choice The

High-Performing Preschool takes readers into the lives of three- and four-year-old Head Start students during their first year of school and focuses on the centerpiece of their school day: story acting. In this activity, students act out stories from high-quality children's literature as well as stories dictated by their peers. Drawing on a unique pair of thinkers—Russian psychologist Lev Vygotsky and renowned American teacher and educational writer Vivian G. Paley—Gillian Dowley McNamee elucidates the ways, and reasons, this activity is so successful. She shows how story acting offers a larger blueprint for curricula that helps ensure all preschools—not just those for society's well-to-do—are excellent. McNamee outlines how story acting cultivates children's oral and written language skills. She shows how it creates a crucial opportunity for teachers to guide children inside the interior logic and premises of an idea, and how it fosters the creation of a literary community. Starting with Vygotsky and Paley, McNamee paints a detailed portrait of high-quality preschool teaching, showing how educators can deliver on the promise of Head Start and provide a setting for all young children to become articulate, thoughtful, and literate learners. "As McNamee demonstrates in detail, a classroom is never simply a setting: by engaging what is already there—the students' ideas, imaginations, experiences, stories, relations, and conversations—it becomes a powerful source of development." —Luis C. Moll, University of Arizona

Fun in the sun Shilpa Thotli, Harish Thotli, Come let's run to the hill with Leo and spend a beautiful sunny day with him and his pal Tim. Have you observed that the majority of preschool and early reader books follow the technique of teaching random three-letter words, initial words, and phrases? Random words and sentences do not

instill a love of reading in children. This is why we wanted to give the little early readers a bit more flavor, so we made storybooks with three-letter words. Reading a storybook instead of some random words can offer children more excitement and provide their preschool learning a much-needed boost. Our goal is to not only provide an immersive reading experience for the children through a delicate storyline and bright illustrations but also to involve them in the process. We want kids to think about and participate in the story. This is why we've included coloring pages and other interactive activities, as well as worksheets where kids can test their memory and reading skills, and a section where they'll be asked a few questions about themselves in line with the story so they can express their thoughts. All of our books have been created with the goal of being the best preschool or beginning readers books available. Why spend time teaching your children only phonics and first words when they can read entire books?

Pre-school Story Hour Vardine Moore, 1966

Three Letter Stories Shilpa Thotli, 2022-04-25
This book bundle offers three short stories with just three letters in each word for your Little readers. Designed for beginning readers and early readers, each story contains just words that are only three letters long. Children will be drawn into the story by the book's vibrant illustrations. The three-book set contains only three-letter words, the best way for your little readers to get started on their reading journey. Have you noticed that most preschool and early reader books use the strategy of teaching random three-letter words, CVC words, sight words, first words and phrases? Instilling a passion for reading in children through random phrases and sentences is inefficient. This is why, in order to add more charm to the little early readers, we

created storybooks with three-letter words. Preschoolers benefit greatly from reading stories rather than random words, which can delight kids and help them learn. With a gentle plot and vibrant images, we aim to not only present children with an engaging reading experience but also to engage them in the process. To do this, we want children to actively engage with and reflect on the tale as it is being read. Coloring papers and other interactive learning activities are provided, along with worksheets that test kids' recall and reading comprehension skills, as well as a part in which they are asked a few personal questions related to the storyline so they can share their opinions. Everything we write is done with the intention of being among the greatest books for preschoolers and beginning readers available. Why waste your time teaching your children just phonics and the first few words of a book when they can read a full book? Book 1 - Leo and Tim Meet our little boys Leo and Tim and learn more about them in the first book of the Series '3 Letter Stories.' Book 2 - Fun in the Sun Come let's run to the hill with Leo and spend a beautiful sunny day with him and his pal Tim. Book 3 - Leo is ill Our beloved Leo fell ill. Let's see how he got fit in just a day with Mom's care.
