

Present

Mike Erskine-Kellie, Susan McLennan

What Does It Mean to Be Present? Rana DiOrio, 2010-07-30 A Mom's Choice Gold Award Winner! Being present means... Noticing when someone needs help Waiting patiently for your turn Focusing on what's happening now Follow a group of friends at school, at home, and at the beach as they experience just what it means to be present. More Awards for *What Does It Mean to Be Present?* The Living Now: Books For Better Living Award The Nautilus Silver Award for Children's Picture Book The Moonbeam Gold Children's Book Award for Mind-Body-Spirit/Self-Esteem

The Present Spencer Johnson, M.D., 2007-12-18 Another Spencer Johnson #1 Bestseller #1 New York Times Business #1 Wall Street Journal #1 BusinessWeek From the Author of *Who Moved My Cheese?* Dr. Spencer Johnson's stories of timeless, simple truths have changed the work and lives of millions of readers around the world. Now comes an insightful new tale of inspiration and practical guidance for these turbulent times. *Good Things Happen To Those Who Open The Present The Gift That Makes Your Work And Life Better Each Day!* For over two decades, Spencer Johnson has been inspiring and entertaining millions with his simple yet insightful stories of work and life that speak directly to the heart and soul. *The Present* is an engaging story of a young man's journey to adulthood, and his search for *The Present*, a mysterious and elusive gift he first hears about from a great old man. This *Present*, according to the old man, is "the best present a person can receive." Later, when the young boy becomes a young man, disillusioned with his work and his life, he returns to ask the old man, once again, to help him find *The Present*. The old man responds, "Only you have the power to find *The Present* for yourself." So the young man embarks on a tireless

search for this magical gift that holds the secret to his personal happiness and business success. It is only after the young man has searched high and low and given up his relentless pursuit that he relaxes and discovers The Present—and all of the promises it offers. The Present will help you focus on what will make you happier and more successful in your work and in your personal life, today! Like the young man, you may find that it is the best gift you can give yourself. www.ThePresent.com

Fully Present Susan L. Smalley, Diana Winston, 2022-12-27

“Excellent. Fully Present offers one of the clearest introductions to mindfulness in the field.” —Library Journal Mindfulness has attracted ever-growing interest and tens of thousands of practitioners, who have come to the discipline from both within and outside the Buddhist tradition. In Fully Present, leading mindfulness researchers and educators Dr. Sue Smalley and Diana Winston provide an all-in-one guide for anyone interested in bringing mindfulness to daily life as a means of enhancing well-being. This new edition, now with a new afterword, provides both a scientific explanation for how mindfulness positively and powerfully affects the brain and the body as well as practical guidance to develop both a practice and mindfulness in daily living, not only through meditation but also during daily experiences. Now, you can wait in line at the supermarket, exercise, or face difficult news with calm and mental fortitude. Ditch the absent-minded lifestyle and begin bringing your full self and your full mind everywhere. With research studies, personal accounts, and practical applications, Fully Present highlights how things like simply breathing, listening, and walking can change your perspective--and your life.

The Precious Present Spencer Johnson, 1998-11 In your hands you

are holding an incredible little story about the ultimate secret of human happiness. Author Dr Spencer Johnson's unique allegory tells the story of a young child who learns about the fabulous Precious Present and then spends a lifetime searching for the mysterious gift.

Present Shock Douglas Rushkoff, 2014-02-25 People spent the twentieth century obsessed with the future. We created technologies that would help connect us faster, gather news, map the planet, and compile knowledge. We strove for an instantaneous network where time and space could be compressed. Well, the future's arrived. We live in a continuous now enabled by Twitter, email, and a so-called real-time technological shift. Yet this now is an elusive goal that we can never quite reach. And the dissonance between our digital selves and our analog bodies has thrown us into a new state of anxiety: present shock.

What Is the Present? Michael North, 2018-06-12 A provocative new look at concepts of the present, their connection to ideas about time, and their effect on literature, art, and culture The problem of the present—what it is and what it means—is one that has vexed generations of thinkers and artists. Because modernity places so much value on the present, many critics argue that people today spend far too much time in the here and now—but how can we tell without first knowing what the here and now actually is? What Is the Present? takes a provocative new look at this moment in time that remains a mystery even though it is always with us. Michael North tackles puzzles that have preoccupied philosophy, neuroscience, psychology, history, and aesthetic theory and examines the complex role of the present in painting, fiction, and film. He engages with a range of thinkers, from Aristotle and Augustine to William James and Henri Bergson. He draws illuminating examples from artists such as

Fra Angelico and Richard McGuire, filmmakers like D. W. Griffith and Christopher Nolan, and novelists such as Elizabeth Bowen and Willa Cather. North offers a critical analysis of previous models of the present, from the experiential present to the historical period we call the contemporary. He argues that the present is not a cosmological or experiential fact but a metaphor, a figurative relationship with the whole of time. Presenting an entirely new conception of the temporal mystery Georg Lukács called the unexplained instant, *What Is the Present?* explores how the arts have traditionally represented the present—and also how artists have offered radical alternatives to that tradition.

The Present Bob Gill, 2010-09-29 The carefully wrapped present was perched half-hidden on his parents' closet shelf. Arthur, a little boy with a very large imagination, feverishly tried to guess what it might contain. A pet? A shiny trumpet? A new computer? The possibilities were almost endless. All for him and him alone—until the doorbell interrupted his reverie. What happened next is a remarkable and soul-satisfying reminder that the act of sharing is perhaps the greatest present of all. A simple and timeless tale of spontaneous generosity, told with understated humor, a great warmth and a brilliantly direct graphic style which go to the very heart of the human experience. With the gentle insight of *A Cup of Christmas Tea* and the resonant innocence of *The Giving Tree*, Bob Gill's book is destined to become a best-loved gift about gift-giving.

"Present" and "Afterward" ... Present, 1857

Being Present David Kundtz, 2015-11-01 This beginner's guide to meditation offers a year of daily reflections to help bring greater mindfulness into your life. Meditation and mindfulness may seem like daunting ideas but making room for these practices in your daily life

is simpler than it looks. Longtime therapist and meditator David Kundtz gives you permission not to fret about whether you're getting it right or not. The whole purpose of meditation is to be as awake and aware as possible. *Being Present* offers daily quotes to ponder that will help you live in the moment once a day, every day. As you start to accumulate these mindful moments, your life will become more peaceful, more rewarding, and more awakened. With these daily reflections, Kundtz guides us through the seasons of a year—and the seasons of a life—by drawing inspiration from poets and scientists, spiritual teachers and children, butterflies and big cities. With the help of this book, you will discover how to:

- Become a more mindful person
- Maintain the focus, awareness, and equanimity through stressful situations
- Experience the peaceful moments of mindful living

I Got You a Present! Mike Erskine-Kellie, Susan

McLennan, 2020-04-07 A quest for the perfect birthday gift makes for laugh-out-loud fun. “I wanted to get you the greatest present ever,” our narrator says. But somehow, nothing quite worked out. First there were the hand-knitted birthday socks (have you ever tried knitting birthday socks?). Then, a ten-scoop ice cream cone (a disaster to carry), a magic kit (it disappeared, just like magic!), an apple juice-fueled jet pack (just a few kinks to work out). And still our narrator has nothing. Or, maybe there is something here to give after all ... Everyone knows it's the thought that counts, right? Especially when it's a gift that comes from the heart.

Present Imperfect Andrew van der Vlies, 2017-05-19 Present

Imperfect asks how South African writers have responded to the end of apartheid, to the hopes that attended the birth of the 'new' nation in 1994, and to the inevitable disappointments that have followed. The

first full-length study of affect in South Africa's literature, it understands 'disappointment' both as a description of bad feeling and as naming a missed appointment with all that was promised by the anti-colonial and anti-apartheid Struggle (a dis-appointment). Attending to contemporary writers' treatment of temporality, genre, and form, it considers a range of negative feelings that are also experiences of temporal disjuncture-including stasis, impasse, boredom, disaffection, and nostalgia. *Present Imperfect* offers close readings of work by a range of writers - some known to international Anglophone readers including J.M. Coetzee, Nadine Gordimer, Ivan Vladislavic, and Zoë Wicomb, some slightly less well-known including Afrikaans-language novelists Marlene van Niekerk and Ingrid Winterbach, and others from a new generation including Songeziwe Mahlangu and Masande Ntshanga. It addresses key questions in South African studies about the evolving character of the historical period in which the country now finds itself. It is also alert to wider critical and theoretical conversations, looking outward to make a case for the place of South African writing in global conversations, and mobilizing readings of writing marked in various ways as 'South African' in order to complicate the contours of World Literature as category, discipline, and pedagogy. It is thus also a book about the discontents of neoliberalism, the political energies of reading, and the fates of literature in our troubled present.

Russia as it is ; and Turkey, Past and Present John Reynell
Morell, 1854

Love in the Present Tense Catherine Ryan Hyde, 2007-07-10
From the bestselling author of *Pay It Forward* comes a moving novel about the bond between a five year old abandoned by his mother and the man who raises him. After accidentally killing a police officer five

years ago, Pearl has managed to protect her bright, frail young son Leonard from her violent past. Then one day, Pearl drops him off with their neighbor Mitch, and never returns. Mitch is far from the ideal caretaker--he's having an affair with a client's wife--but he and Leonard must find a way to bridge the gap between them as they bond as parent and child. Gritty but big-hearted, *Love in the Present Tense* is an inspiring story of love and the surprising forms it can take.

Christmas Present Cree Storm, Maggie Walsh, 2017-12-20

Christmas is a time for family, friends, and love. A time that every wish should come true, and tonight is no different for the people of Maddox and Crystal. Illan, Justice, and Avery are hosting the annual Christmas gathering and everyone is invited. Secret Santa is in full force bringing joy to all that are there. Normally you know where your gift is coming from, but Ollie has been noticing that some gifts were not exactly under the tree and no one will believe him. However, Ollie is determined to figure out what is going on as one by one wishes are coming true. Is someone on Santa's nice list or is something evil trying to distract them all so they can catch everyone off guard and attack?

Being Present Jeanine W. Turner, Jeanine Turner, 2022 *Being Present* offers a framework to navigate social presence at work and at home. By exploring four primary communication choices--budgeted, entitled, competitive, and invitational--author Jeanine W. Turner shows when and where to employ each strategy to most effectively communicate in modern life.

The Stormy Present Adam I. P. Smith, 2017-10-06 In this engaging and nuanced political history of Northern communities in the Civil War era, Adam I. P. Smith offers a new interpretation of the familiar story of the path to war and ultimate victory. Smith looks

beyond the political divisions between abolitionist Republicans and Copperhead Democrats to consider the everyday conservatism that characterized the majority of Northern voters. A sense of ongoing crisis in these Northern states created anxiety and instability, which manifested in a range of social and political tensions in individual communities. In the face of such realities, Smith argues that a conservative impulse was more than just a historical or nostalgic tendency; it was fundamental to charting a path to the future. At stake for Northerners was their conception of the Union as the vanguard in a global struggle between democracy and despotism, and their ability to navigate their freedoms through the stormy waters of modernity. As a result, the language of conservatism was peculiarly, and revealingly, prominent in Northern politics during these years. The story this book tells is of conservative people coming, in the end, to accept radical change.

Do Present Mark Shayler, 2020-07-07 Getting our voices heard can be a nerve-wracking and overwhelming task - particularly in a world where everyone seems to have something to say. The ability to present our ideas with confidence is now a coveted skill. Yet on stage, we become this other person: less funny, less engaging, less human. Mark Shayler draws on his own experience - from nervous speaker to charismatic compere - to guide you through the task of public speaking. He takes a deeper look at what's holding you back, and will help you to: Find your voice and the confidence to share it Learn how to tell stories, not just share data Stand and move around the stage comfortably Leave the audience informed, entertained and uplifted Giving a brilliant talk is not about following a method. It's not about rules. It's about understanding what you want the audience to think, feel and do afterwards. Ultimately, it's about being more you.
