Gloriana, Presente Alyssa Reynoso-Morris, 2023 Enter the classroom in this joyful story of growth that will help new students find their voice. With Spanish words throughout the text, this radiant picture book is perfect for fans of *Mango*, *Abuela*, and *Me*. On the first day of elementary school, Abuela soothes Gloriana's nerves by telling her stories from their family home in la República Dominicana. But as soon as Gloriana enters the classroom, the tropical scenery crumbles and la música is replaced with English phrases she does not understand. When other kids approach her to play at recess, she freezes, uncertain about how to exist between her two homes, or how to make new friends between her two languages. Abuela recognizes echoes of her own immigration journey on this challenging day at school, and she gently guides Gloriana towards newfound confidence. This beautifully painted, imaginative picture book celebrates the magic of existing in-between, and the transformative power of self-soothing to build confidence. An essential read for fans of *The Queen of Kindergarten*.

*Presente!* Cristina Tzintzún, Arnulfo Manríquez, Carlos Pérez de Alejo, 2014-04-21 Read the media coverage of the increasingly heated debate around immigration reform in the United States: two dominant narratives emerge. From Lou Dobbs to Sean Hannity, commentators on the right have crafted an image rooted in fear, demonizing undocumented immigrants as a threat to national security and raising the specter of a deliberate browning of America. Left-leaning journalists, on the other hand, foreground victimization, emphasizing the plight of immigrants, stripping them of their agency. Neither captures the range of experiences within undocumented immigrant communities, and both fail to see immigrants as active participants in their own struggle for racial and economic justice. *Presente!* offers a rare perspective on the immigrant-rights movement, written by immigrant workers themselves. Including a range of essays exploring the intersection of race, class, and immigration in the United States, this anthology challenges its readers to move beyond a legalization-only framework and embrace a broader vision for social justice organizing embodied in the work of grassroots organizations across the country resisting state repression, cultivating solidarity, and building alternative models for progressive social change. Offered in a dual-language edition, with a foreword by Democracy Now! co-host Juan González. Cristina Tzintzún is the executive director of Workers Defense Project, a Texas based workers' rights organization. Carlos Pérez de Alejo is the executive director of Cooperation Texas, an organization dedicated to the creation of sustainable jobs through the development, support, and promotion of worker-owned cooperatives. Arnulfo Manríquez is an organizer at Workers Defense Project, where he organizes immigrant construction workers to defend their labor and human rights.

**iPresente!** Timothy Matovina, Gerald E. Poyo, 2015-02-01 Through dozens of original documents iPresente! offers readers the story of Latino/Hispanic Catholicism from 1534 to the present. From the first mission encounters in the sixteenth century, to Cesar Chavez and the UFW, to the beginnings of *mujerista* theology in the 1980s, this collection offers a unique and indispensable look at the community that has become the largest ethnic component in the American Catholic Church today.

**Latinos and Latinas at Risk [2 volumes]** Gabriel Gutiérrez, 2015-01-26 This two-volume collection of essays addresses the Latino/a experience in present-day America, covering six major areas of importance: education, health, family, children, teens, and violence. The Latino/a presence in this country predates the United States itself, yet this group is often marginalized in the American culture. Many noted experts explore the ideology behind this prejudicial attitude, examining how America views Latinos/as, how Latinos/as view themselves, and what the future of America will look like as this group progresses toward equitable treatment. Through the exploration process, the book reveals the complexity and diversity of this community, tracing the historical trajectories of those whose diverse points of origin could be from almost anywhere, including the Americas, Europe, or other places. Written with contemporary issues at the forefront, this timely collection looks at the resolve of the Latino people and considers their

histories, contributions, concerns, and accomplishments. Pointed essays address disparate quality-of-life issues in education, health, and economic stability while depicting individual and group efforts in overcoming barriers to mainstream American society. Each chapter discusses key challenge areas for the Latino American population in everyday life. An engaging Further Investigations feature poses questions about most of the essays, leading to critical thinking about the most important topics affecting Latino/as today.

**iPresente!** Diana Taylor, 2020-07-17 In *iPresente!* Diana Taylor asks what it means to be physically and politically present in situations where it seems that nothing can be done. As much an act, a word, an attitude, a theoretical intervention, and a performance pedagogy, Taylor maps *ipresente!* at work in scenarios ranging from conquest, through colonial enactments and resistance movements, to present moments of capitalist extractivism and forced migration in the Americas. *iPresente!*—present among, with, and to; a walking and talking with others; an ontological and epistemic reflection on presence and subjectivity as participatory and relational, founded on mutual recognition—requires rethinking and unlearning in ways that challenge colonial epistemologies. Showing how knowledge is not something to be harvested but a process of being, knowing, and acting with others, Taylor models a way for scholarship to be present in political struggles.

**iPresente!** Kyle B.T. Lambelet, 2020-02-03 *iPresente!* develops a lived theology of nonviolence through an extended case study of the movement to close the School of the Americas (also known as the SOA or WHINSEC). Specifically, it analyzes how the presence of the dead—a presence proclaimed at the annual vigil of the School of the Americas Watch—shapes a distinctive, transnational, nonviolent movement. Kyle B.T. Lambelet argues that such a messianic affirmation need not devolve into violence or sectarianism and, in fact, generates practical reasoning. By developing a messianic political theology in dialogue with the SOA Watch movement, Lambelet's work contributes to Christian ethics as he explores the political implications of the resurrection of the dead. This book contributes to studies of strategic nonviolence and civil resistance by demonstrating how religious and moral dynamics remain an essential part of such struggles.

**Missing Mila, Finding Family** Margaret E. Ward, 2011-11-01 In the spring of 1983, a North American couple who were hoping to adopt a child internationally received word that if they acted quickly, they could become the parents of a boy in an orphanage in Honduras. Layers of red tape dissolved as the American Embassy there smoothed the way for the adoption. Within a few weeks, Margaret Ward and Thomas de Witt were the parents of a toddler they named Nelson—an adorable boy whose prior life seemed as mysterious as the fact that government officials in two countries had inexplicably expedited his adoption. In *Missing Mila, Finding Family*, Margaret Ward tells the poignant and compelling story of this international adoption and the astonishing revelations that emerged when Nelson's birth family finally relocated him in 1997. After recounting their early years together, during which she and Tom welcomed the birth of a second son, Derek, and created a family with both boys, Ward vividly recalls the upheaval that occurred when members of Nelson's birth family contacted them and sought a reunion with the boy they knew as Roberto. She describes how their sense of family expanded to include Nelson's Central American relatives, who helped her piece together the lives of her son's birth parents and their clandestine activities as guerrillas in El Salvador's civil war. In particular, Ward develops an internal dialogue with Nelson's deceased mother Mila, an elusive figure whose life and motivations she tries to understand.

Alejo Carpentier Roberto González Echevarría,1990 Alejo Carpentier was one of the greatest Latin American novelists of the twentieth century, as well as a musicologist, journalist, cultural promoter, and diplomat. His fictional world issues from an encyclopedic knowledge of the history, art, music, and literature of Latin America and Europe. Carpentier's novels and stories are the enabling discourse of today's Latin American narrative, and his interpretation of Latin American history has been among the most influential. Carpentier was the first to provide a comprehensive view of Caribbean history that centered on the contribution of Africans, above and beyond the differences created by European cultures and languages. Alejo Carpentier: *The Pilgrim at Home*, first published in 1977 and updated for this edition, covers the life and works of the great Cuban novelist, offering a new perspective on the relationship between the two. González Echevarría offers detailed readings of the works *La música en Cuba*, *The Kingdom of This World*, *The Lost Steps*, and *Explosion in a Cathedral*. In a new concluding chapter, he takes up Carpentier's last years, his relationship with the Cuban revolutionary regime, and his last two novels, *El arpa y la sombra* and *La consagración de la primavera*, in which Carpentier reviewed his life and career.

**The Story of New England, Illustrated** Edward Oliver Skelton,1910

The War Trumpet Emiro Martínez-Orsorio,Mercedes Blanco,2023-03-30 The epic poems written during the rise of Portugal and Spain on the global stage often dealt with topics quite unimaginable to the likes of Virgil or Homer. These poems reveal the astounding opportunities for upward social mobility and self-promotion afforded by broader access to print and the vast amount of knowledge and material wealth accrued through maritime exploration. Iberian poets of the period were quite cognizant of their ventures into uncharted territory, and that awareness informed their literary journeys. *The War Trumpet* features nine substantial essays that expand our understanding of Iberian Renaissance epic poetry by posing questions seldom raised in relation to poems such as *La Araucana*, *Os Lusíadas*, *Carlo famoso*, *El Bernardo*, *Arauco Domado*, *Espejo de paciencia*, and *Felicissima Victoria*, among others. Particularly compelling are questions concerned with early modern understandings of the natural world, the practice of poetic imitation, the discipline of cartography, or the reception of Petrarchism in the newly established viceroyalties of the New World. Fostering a greater appreciation of the intersection between poetry, war, and exploration, *The War Trumpet* sheds light on the transformative changes that took place during the period of Iberian expansion.

*The Dialectics of Exile* Sophia A. McClennen, 2004 The history of exile literature is as old as the history of writing itself. Despite this vast and varied literary tradition, criticism of exile writing has tended to analyze these works according to a binary logic, where exile either produces creative freedom or it traps the writer in restrictive nostalgia. *The Dialectics of Exile: Nation, Time, Language and Space in Hispanic Literatures* offers a theory of exile writing that accounts for the persistence of these dual impulses and for the ways that they often co-exist within the same literary works. Focusing on writers working in the latter part of the twentieth century who were exiled during a historical moment of increasing globalization, transnational economics, and the theoretical shifts of postmodernism, Sophia A. McClennen proposes that exile literature is best understood as a series of dialectic tensions about cultural identity. Through comparative analysis of Juan Goytisolo (Spain), Ariel Dorfman (Chile) and Cristina Peri Rossi (Uruguay), this book explores how these writers represent exile identity. Each chapter addresses dilemmas central to debates over cultural identity such as nationalism versus globalization, time as historical or cyclical, language as representationally accurate or disconnected from reality, and social space as utopic or dystopic. McClennen demonstrates how the complex writing of these three authors functions as an alternative discourse of cultural identity that not only challenges official versions imposed by authoritarian regimes, but also tests the limits of much cultural criticism.
