Short Story Press Presents Chest of Childhood Short Story Press, Janet Marie Lewis, 2012-09-21 Short Story Press Presents Chest of Childhood by Janet Marie Lewis An aged, decrepit old woman wanders the quiet hallways of her home. She remembers a day when they were brighter...more kinetic with anticipation of life within their walls. Family was a regular occurrence and the tinkling laughter of grandchildren used to echo through the house. Oh how she missed those times as she now hobbles oh-so-slowly with her cane through the archaic old home. And as the old woman wanders reminiscing through the halls, she comes upon a door; rusty hinges amplify groan of age as the door swings slowly open and she balances herself in the doorway. The old woman discovers a chest...an antique old cedar chest that is very large, and her breath catches briefly as her heart thumps in her own body. The chest has sparked a memory and she releases the door jam and using her cane for support, the woman shambles over to the massive trunk with anticipation in her eyes. It had been near eighty-five years after all, since she'd seen what was in the trunk and she could barely remember, though it called out to her in the otherwise empty room. Now, it took her what seemed like a very long time to reach it, and when she did, her weakened old body fell against it for support. She fumbled with the latch as her gnarled and arthritic hands fought against what it was she desired, but finally...she was able to snap the hasp upward, releasing the lock on the trunk. What she discovered inside was not just a memory; what she discovered was a living, breathing catalyst that grasped her firmly in its grips and propelled her back in time. The old woman discovered herself in the midst of her childhood friends; a child again herself, she caught the jump rope chant on the wind... Short Story Press Presents Stitches of Fate Short Story Press, Holly Williford, 2012-08-10 Short Story Press Presents Stitches of Fate by Holly Williford "Hello, my name is Aura Smith; we are here to take you back to your time. I do not exactly why you think killing, what was his name again... oh yes, Stalin was a great idea, but you can't just go around fixing things like that. Without Stalin the world would have been a very different place, you see. I understand he was evil for whatever the historical context is, but we just can't go altering all the bad things in history. The Fates do not like it. Not to mention it completely unravels time, so that there is no existence anymore. So it's important that you do not try to do this again or I'll be back to take you back to your time again. "Why don't you have a seat and I'll make you a drink while I take you back to your time? I understand wanting to fix seemingly terrible events, and actually recently just tried to alter something minor myself. It wasn't a historical figure or anything like that. They probably wouldn't even have noticed, and I am not quite sure yet how they found out. I'm actually going to find out my punishment afternoon. I think I'll have a drink as well." Short Story Press Presents White-Out Man Short Story Press, Janet Marie Lewis, 2012-08-25 Short Story Press Presents White-Out Man by Janet Marie Lewis Everyone it seems wonders, at some point in their lives, what will happen when they eventually stand before the "Pearly Gates"? One man seems stuck somewhere between, in a groundhog effect, approaching and re-approaching the Gates in a repeatedly futile attempt to attain a bottle of

white-out. In order to follow standard protocol, the clerk must annotate on the requisition form what exactly the white-out is being used for. Peter is his name, and he has seen the White-Out Man many times over the past months and his patience is running thin. As he inquires of the reasoning behind the request, White-Out Man becomes irate and difficult, overheard by Peter's Boss who intervenes on the intercom. White-Out Man is haggard, and doesn't seem to realize that the same old mistakes can't be covered up over, and over again. The file-purging time approaches yet again, and he has discovered that before he can purge, his form needs to be clean, hence the necessity of the white-out. He also doesn't recognize that he is in impending danger of being hauled down the seemingly endless stairs to the "Sub-levels". Poor White-Out Man, he knows what lies down in the Sub-levels; but is unsure if there is any way to avoid them other than to white-out his mistakes time and again. This rare metaphorical work, White-Out Man, broaches age-old questions of humanity in a purely science fiction manner that most people today can relate to. In a world that is all but overcome by technology and requisite red tape, where not even a simple pen can be accessed without filling out a form, it seems all but impossible to maintain any semblance of composure. The question is... will we be faced with these same or similar endless circles of frustration and bureaucracy even after our time on Earth is complete? Featuring a storyteller's voice, each chapter includes a case study about how a particular fiction or nonfiction work can be used in an early childhood classroom; a series of open-ended questions to help readers construct their own inquiry units; and a bibliography of children's literature. This book provides a unique synthesis of ideas based on constructivist approaches to learning, including the importance of positive dispositions and learning communities, the nature of higher order thinking, and the relationship between methods such as guided inquiry in the sciences and balanced literacy.

Short Story Press Presents Poor Choices Short Story Press, Robert Porter, 2012-06-27 Short Story Press Presents Poor Choices by Robert Porter Poor Choices is a short story about an intelligent man named Dan who works retail. Dan has a lot of talents and a good education, but he is prone to making bad choices that keep him from really having the type of life that he wants. The story takes real life inspiration from working at a video game retail store and all the annoyances that come from working within that corporate structure. He feels like he can do so much more with his life, but the worries over paying the bills and making sure things stay normal keep him within this box. He is much like many twenty-something's who are trying to find their place in the world and figure out exactly where they want to end up. Dan wants to answer all the question marks about his future, but will the poor choices he is prone to making keep him from doing so?
