Princess of Glass Jessica Day George,2011-02-01 The enchanting second book in New York Times bestselling author Jessica Day George's Twelve Dancing Princesses series is a Cinderella retelling that will sweep you off your feet! Hoping to escape the troubles in her kingdom, Princess Poppy reluctantly agrees to take part in a royal exchange program, where young princes and princesses travel to each other's countries in the name of better political alliances--and potential marriages. It's got the makings of a fairy tale--until a hapless servant named Eleanor is tricked by a vengeful fairy godmother into competing with Poppy for the eligible prince. Ballgowns, cinders, and enchanted glass slippers fly in this romantic and action-packed happily-ever-after quest from an author with a flair for embroidering tales in her own delightful way. Don't miss these other stories from New York Times bestselling author Jessica Day George: The Twelve Dancing Princesses series Princess of the Midnight Ball Princess of Glass Princess of the Silver Woods Sun and Moon, Ice and Snow Silver in the Blood The Rose Legacy series The Rose Legacy Tuesdays at the Castle series Tuesdays at the Castle Wednesdays in the Tower Thursdays with the Crown Fridays with the Wizards Saturdays at Sea Dragon Slippers series Dragon Slippers Dragon Flight Dragon Spear

Story Machines: How Computers Have Become Creative Writers Mike Sharples,Rafael Pérez y Pérez,2022-07-05 This fascinating book explores machines as authors of fiction, past, present, and future. For centuries, writers have dreamed of mechanical storytellers. We can now build these devices. What will be the impact on society of AI programs that generate original stories to entertain and persuade? What can we learn about human creativity from probing how they work? In Story Machines, two pioneers of creative artificial intelligence explore the design and impact of AI story generators. The book covers three themes: language generators that compose coherent text, storyworlds with believable characters, and AI models of human storytellers. Providing examples of story machines through the ages, it covers the history, recent developments, and future implications of automated story generation. Anyone with an interest in story writing will gain a new perspective on what it means to be a creative writer, what parts of creativity can be mechanized, and what is essentially human. Story Machines is for those who have ever wondered what makes a good story, why stories are important to us, and what the future holds for storytelling.

Reflections at Sunflower Farm The Second Semester AJ Georgia,2014-07-18 The Second Semester is book two in the Reflections at Sunflower Farm series. Ed, Donovan, Mary, and Julian deal with the loss of a friend as their wedding plans come together. Mary's students dig deeper learning more and more that their chosen field comes with personal dangers as well as mental ones. Graduation is fast approaching which will mark the beginning of new careers and maybe the close of others. Foresters Farm looks like it could become a reality which has Mary completely terrified to the point that it's making her physically ill. Or is it something else?

Fairy Godfather Ruth B. Bottigheimer,2013-03-01 In the classic rags-to-riches fairy tale a penniless heroine (or hero), with some magic help, marries a royal prince (or princess) and rises to wealth. Received opinion has long been that stories like these originated among peasants, who passed them along by word of mouth from one place to another over the course of centuries. In a bold departure from conventional fairy tale scholarship, Ruth B. Bottigheimer asserts that city life and a single individual played a central role in the creation and transmission of many of these familiar tales. According to her, a provincial boy, Zoan Francesco Straparola, went to Venice to seek his fortune and found it by inventing the modern fairy tale, including the long beloved Puss in Boots, and by selling its many versions to the hopeful inhabitants of that colorful and commercially bustling city. With innovative literary sleuthing, Bottigheimer has reconstructed the actual composition of Straparola's collection of tales. Grounding her work in social history of the Renaissance Venice, Bottigheimer has created a possible biography for Straparola, a man about whom hardly anything is known. This is the first book-length study of Straparola in any language.

3 Short Princess stories for kids Suzy Makó,2019-04-09 3 beautiful picture stories about princesses for your kids.1. The Rainbow PrincessAmelia is just a regular girl, living in her cottage on the margins of the forest. One day something magical will happen, that would change her life. Amelia will see a rainbow, which leads to another world the rainbow kingdom, full of unusual creatures. The scary which will give to Amelia a little bottle with a magic potion, thanks to which Amelia would change into a beautiful rainbow butterfly and could enter the rainbow kingdom. The rainbow kingdom is a huge adventure for her. The girl will fall in love with the king of the rainbow kingdom, and the spell from the witch could not be turned back again. Amelia would, therefore, turn into a creature who can live in the rainbow kingdom but can not return to the Earth. What adventures would Amelia have in the rainbow kingdom? What creatures would she meet on her adventurous journey? Would she be able to break the spell and live with the rainbow king, who loves her so much? This is a story full of illustrated drawings that your kid will love. Read the story a good night to your kid, support their

imagination thanks to the colorful picture. The story is suitable for all age categories. Read this illustrated story to your kids in the morning, before sleeping or anytime when your little treasure is up to hear a beautiful story. 2. The Princess from The Sky The king and the queen received a gift from the sky. The black sky queen is bringing the most beautiful present one dark night full of stars. A gorgeous princess. But, the princess is not ordinary. She has beautiful white wings because she came from the sky kingdom. The princess has a restriction to go out of the castle because her wings might shock the people in the kingdom. They might hurt her. The king is afraid for his daughter, the princess. The princess is secretly running out of the castle every night and flies over the kingdom. One night, she would experience something unexpected... This short bedtime story for kids is full of beautiful pictures. If you are looking for a nice short story for kids, this is the right one. A short bedtime story about a princess is popular around the world. Your kids will love this nice short bedtime story. Cartoon pictures are amazing for kids eyes and imagination. Improve kids imagination by this nice bedtime story. This beautiful book will be the right option before sleeping and girls will be amazed by the nice princess Elsa. 3. Princess Aurora and Dragon Princess Aurora is a very lazy princess. She has lots of maids which helps her with everything. Her daddy and mommy - the king and the queen decide that day after her 18 birthday the princess Aurora has to choose her husband. King is very sad that the princess is so lazy and he hopes that a smart and handsome husband could change her. But... During her 18 birthday will dragon visit the castle and kidnap the princess. How will the story continue? Will the princess prepare wedding with an unknown prince? Read these stories to your kids before sleeping and bring them nice dreams.

The Princess's Story Book George Laurence Gomme, 1901

The Legend of Perseus Edwin Sidney Hartland, 1894

Andersen's Fairy Tales and Stories Hans Christian Andersen, 2015-09-28 Andersen's initial attempts at writing fairy tales were revisions of stories that he heard as a child. Andersen then brought this genre to a new level by writing a vast number of fairy tales that were both bold and original. Initially they were not met with recognition, due partly to the difficulty in translating them and capturing his genius for humor and dark pathos. It was during 1835 that Andersen published the first two installments of his immortal Fairy Tales (Danish: Eventyr; lit. fantastic tales). More stories, completing the first volume, were published in 1837. The collection comprises nine tales, including The Tinderbox, The Princess and the Pea, Thumbelina, The Little Mermaid, and The Emperor's New Clothes. The quality of these stories was not immediately recognized, and they sold poorly. At the same time, Andersen enjoyed more success with two novels, O.T. (1836) and Only a Fiddler (1837); the latter was reviewed by the young Søren Kierkegaard. After a visit to Sweden in 1837, Andersen became inspired by Scandinavism and committed himself to writing a poem that would convey the relatedness of Swedes, Danes, and Norwegians. It was in July 1839, during a visit to the island of Funen, that Andersen first wrote the text of his poem, Jeg er en Skandinav (I am a Scandinavian). Andersen composed the poem to capture the beauty of the Nordic spirit, the way the three sister nations have gradually grown together, as part of a Scandinavian national anthem. Composer Otto Lindblad set the poem to music, and the composition was published in January 1840. Its popularity peaked in 1845, after which it was seldom sung. Andersen spent two weeks at the Augustenborg Palace in the autumn of 1844. Andersen returned to the fairy tale genre in 1838 with another collection, Fairy Tales Told for Children. New Collection. First Booklet (Eventyr, fortalte for Børn. Ny Samling), which consists of The Daisy, The Steadfast Tin Soldier, and The Wild Swans. The year 1845 heralded a breakthrough for Andersen with the publication of four different translations of his fairy tales. The Little Mermaid appeared in the periodical Bentley's Miscellany. It was followed by a second volume, Wonderful Stories for Children. Two other volumes enthusiastically received were A Danish Story Book and Danish Fairy Tales and Legends. A review that appeared in the London journal The Athenæum (February 1846) said of Wonderful Stories, This is a book full of life and fancy; a book for grandfathers no less than grandchildren, not a word of which will be skipped by those who have it once in hand. Andersen would continue to write fairy tales, and he published them in installments until 1872.

Samurai Road Lawrence Winkler, 2016-08-03 Most remote islands of the imagination conjure up paradise. Japan is an archipelago of puzzlement. From the sands that forged their swords and serenity, they traveled a Samurai Road of temples and shrines, feudal fortresses, and flowing mountain streams of wasabi. On sashimi and soy sauce, and green tea over rice, they lived a thousand years of pathos, under cherry blossoms and ephemeral moonlight, in Zen gardens and futon dreams. It was all so perfect.

Shadow and Evil in Fairy Tales Marie-Louise von Franz, 2017-06-13 A renowned psychologist examines fairy tales through a Jungian lens, revealing what they can teach us about the darkest sides of human behavior. Fairy tales seem to be innocent stories, yet they contain profound lessons for those who would dive deep into their waters of meaning. In this book, Marie-Louise von Franz uncovers some of the important lessons concealed in tales from around the world, drawing on the wealth of her knowledge of folklore, her experience as a psychoanalyst and a collaborator with Jung, and her great personal wisdom. Among the many topics discussed in relation to the dark side of life and human psychology, both individual and collective, are: • How

different aspects of the shadow—all the affects and attitudes that are unconscious to the ego personality—are personified in the giants and monsters, ghosts, and demons, evil kings, and wicked witches of fairy tales • How problems of the shadow manifest differently in men and women • What fairy tales say about the kinds of behavior and attitudes that invite evil • How Jung's technique of Active imagination can be used to overcome overwhelming negative emotions • How ghost stories and superstitions reflect the psychology of grieving • What fairy tales advise us about whether to struggle against evil or turn the other cheek Dr. von Franz concludes that every rule of behavior that we can learn from the unconscious through fairy tales and dreams is usually a paradox: sometimes there must be a physical struggle against evil and sometimes a contest of wits, sometimes a display of strength or magic and sometimes a retreat. Above all, she shows the importance of relying on the central, authentic core of our being—the innermost Self, which is beyond the struggle between the opposites of good and evil.

The Pretty Pink Princess and Friends Donna Hibbert,2020-03-03 She is pretty, she is pink, she is a Princess, but she is also bored. Whatever will she do? Who shall she meet? Point of View in Plays Dan McIntyre,2006-01-01 This is the first book-length study of how point of view is manifested linguistically in dramatic texts. It examines such issues as how readers process the shifts in viewpoint that can occur within such texts. Using insights from cognitive linguistics, the book aims to explain how the analysis of point of view in drama can be undertaken, and how this is fruitful for understanding textual and discoursal effects in this genre. Following on from a consideration of existing frameworks for the analysis of point of view, a cognitive approach to deixis is suggested as being particularly profitable for explaining the viewpoint effects that can arise in dramatic texts. To expand on the large number of examples discussed throughout the book, the penultimate chapter consists of an extended analysis of a single play. This book is relevant to scholars in

a range of areas, including linguistics, literary studies and cognitive science.
