Storm Warnings Judi Lind,2011-07-15 He was her safe harbor... Elisa Montoya was haunted by half memories too painful to remember—vague recollections of her boyfriend's suicide and her accident. Even escaping to Double Dare Island for a vacation didn't help, especially not when she stepped into the path of a deadly hurricane—and of a killer who intended she never regain her memory of that fateful night. When Dr. F. Storm Delaney pulled her out of the churning sea and swirling winds, he had no idea how much this woman needed saving. Trapped on the battered island, the eerie chills and bizarre accidents having followed her, Elisa needed Storm to help her remember. But the secrets she'd locked away could either free her to love her protector...or get her killed. A woman alone...with no one to trust. Where can she run? Straight into the arms of HER PROTECTOR

The Storm's Betrayal Corry L. Lee,2021-04-27 For the rebellion to succeed, the great Stormhawk—Bourshkanya's paranoid, seemingly unkillable fascist leader—must die. For Celka, who uses magic in ways no one believed possible; Gerrit, the Stormhawk's son, returned to his side; and Filip, Gerrit's old friend, torn between duty and loyalty, the cost may be everything they hold dear.

Storm Kings Lee Sandlin,2014-03-11 With 16 pages of black-and-white illustrations In *Storm Kings*, Lee Sandlin retraces America's fascination and unique relationship to tornadoes and the weather. From Ben Franklin's early experiments, to the great storm debates of the nineteenth century, to heartland life in the early twentieth century, Sandlin shows how tornado chasing helped foster the birth of meteorology, recreating with vivid descriptions some of the most devastating storms in America's history. Drawing on memoirs, letters, eyewitness testimonies, and numerous archives, Sandlin brings to life the forgotten characters and scientists that changed a nation and how successive generations came to understand and finally coexist with the spiraling menace that could erase lives and whole towns in an instant.

Torn Apart Sharon Sala,2018-06-11 Second in the Storm Front series from the New York Times–bestselling author of *Blown Away*. “Vivid, gripping . . . This thriller keeps the pages turning.” —Library Journal The twister that touches down in Bordelaise, Louisiana, not only destroys the calm of a summer Sunday, it pierces the soul of Katie Earle, whose young son Bobby goes missing . . . and it wasn't the storm that took him. Katie's first thought is that her estranged husband, J.R., saw his chance and grabbed Bobby to spite her. But the reality goes beyond that to truly horrifying, and now her nightmare is only just beginning. The real terror will begin when the tornado's wreckage is cleared away and the kidnapper can escape with his prize. The agony of uncertainty grows with every passing hour as Katie and J.R. reunite with a single, desperate purpose: to find their son before he slips from their grasp . . . forever. Praise for Sharon Sala “If you can stop reading, then you are a better woman than me.” —Debbie Macomber, New York Times–bestselling author “Sala is a master at telling a story that is both romantic and suspenseful . . . one of the best writers in the genre.” —RT Book Reviews “Sala's characters are vivid and engaging.” —Publishers Weekly

Its an Adventure, just like the Navy promised! Told from the perspective of an aircraft mechanic who was just doing his best to hold things together, you'll feel the salt spray on your face as the rotor wash threatens to blow you over the edge. Storm Surge Ramsey Coutta,2016-01-18 A parish minister is callously murdered by corrupt local authorities. A generation later, his son finds himself unexpectedly caught up in the murderous paranoia of one of his father's killers. Daniel Trahan and his friend Rachel Breland, race against time to avoid the evil designs of the killer, as a deadly hurricane bears down on their southern Louisiana parish. Murder in the Marsh is a fast paced story of murder and it's cover-up, as well as a realistic account of the terrible destruction wrought by Hurricane Katrina on a small, coastal Louisiana town.

Storm Surge William Neil Martin,2001-08-21 Sgt.Garland Flowers, a homicide detective for the Los Angeles County Sheriff's Department, has a dilemma. He loves his wife and he loves his job, but his two loves are not compatible. This conflict is causing the breakup of his marriage and any hopes for a normal home life. The long hours, constant demands of the job, and Garland's preoccupation with his cases have caused the couple to separate. The turmoil in his personal life, though, does not compare with what is in store for him in his latest case. Garland and his partner, Archie Penner, are called to investigate a murder in a ghetto community adjacent to the city of Los Angeles. The scene they encounter resembles a disaster area. The place looks like a cyclone went through it is how the deputy at the scene describes it. A triple murder, including a pre-adolescent girl, has been perpetrated. The apartment has been left in shambles, with furniture thrown about as if by a raging storm. Two of the victims, a man and a woman, are in the master bedroom. The man's neck is broken and the woman has been strangled. Both appear to have been dispatched by an incredibly powerful assailant. In the other bedroom is their child, the product of a racially mixed marriage. The body of the child is neatly laid out in repose. She has been smothered. No items in the room have been displaced ... quite a contrast from the other rooms. Further assessment of the crime scene rules out robbery as a motive. Could this crime have been racially motivated? The crime has all the earmarks of an act of personal rage. With little to go on, no fingerprints, no witnesses or other clues as to the perpetrator's identity or motive, the detectives have no place to turn. That is, until another multiple homicide two weeks later gives Flowers his first break. A thumbprint has been lifted from the second crime scene. The fingerprint identifies the suspect as a man by the name of B.C. Jones, a recent parolee from Soledad Prison. Jones is six feet six inches in height and weighs 280 pounds, and none of it is fat. His chest and arms are massive. For six years he has been lifting weights in prison, where he was sent for killing his father. He committed the crime with his bare hands. Jones is a mulatto, the product of a black father and a white mother. He is also simple-minded, having endured a childhood of constant physical abuse. He is a social outcast, and is extremely bitter about his racially mixed blood. In his mind, his lack of racial identity is the root of all of his problems, and he feels compelled to do something about it. During the course of the investigation Sgt. Flowers pieces together the psychological puzzle that motivates Jones to commit these murders. Meanwhile,

Jones discovers that he has been named as the suspect in these crimes and flees to the home of his only known relative, an aunt who lives in Gulfport, Mississippi. While staying with her he is arrested for a minor offense. A routine record check is made, and the Gulfport Police Department learns that Jones is wanted for murder in Los Angeles. The L. A. County Sheriff’s Department is immediately notified. Sgt. Flowers is assigned the task of traveling to Mississippi to pick up the prisoner and return him to Los Angeles for trial. The Deep South is not a place Flowers has ever given any thought of visiting. After all, this is 1969, and desegregation is still new to these parts ... and Garland Flowers happens to be black. Born and reared in California, he has heard horrifying stories of how blacks are treated in the South, and is concerned about the kind of cooperation and assistance he will receive from the Southern law enforcement officers. But his reception is not what he expects. The absence of racial prejudice that he encounters upon

What Stands in a Storm Kim Cross,2016-03 Enter the eye of the storm in this gripping real-life thriller—A Perfect Storm on land—that chronicles America’s biggest tornado outbreak since the beginning of recorded weather: a horrific three-day superstorm with 358 separate tornadoes touching down in twenty-one states and destroying entire towns. April 27, 2011 was the climax of a three-day superstorm that unleashed terror from Arkansas to New York. Entire communities were flattened, whole neighborhoods erased. Tornadoes left scars across the land so wide they could be seen from space. But from terrible destruction emerged everyday heroes—neighbors and strangers who rescued each other from hell on earth. “Armchair storm chasers will find much to savor in this grippingly detailed, real-time chronicle of nature gone awry” (Kirkus Reviews) set in Alabama, the heart of Dixie Alley where there are more tornado fatalities than anywhere else in the US. With powerful emotion and captivating detail, journalist Kim Cross expertly weaves together science and heartrending human stories. For some, it’s a story of survival; for others it’s the story of their last hours. Cross’s immersive reporting and dramatic storytelling catapult you to the center of the very worst hit areas, where thousands of ordinary people witnessed the sky falling around them. Yet from the disaster rises a redemptive message that’s just as real: in times of trouble, the things that tear our world apart reveal what holds us together.

This Mortal Storm David V. Mason,2007-06 On rainy, wind-tossed Galveston Isle, a young man struggles with his beautiful girlfriend, his future and his life here and now. But he can't deny the truth: Things are going so badly that danger and disillusion haunt his very footsteps. Strange and mystical happenings on this historic island, demolished by the terrible hurricane of 1900, pull him in relentlessly and build to a shattering climax producing nightmarish death and an astounding revelation.

Hurricane Audrey Post, Cathy Cagle,2007-04-30 This narrative re-creates Hurricane Audrey through the eyes of the survivors in a combination of suspense, family drama, and the struggle for life over death. In the midnight hours of June 27, 1957, the hurricane exploded in intensity and speed, slamming into the sleeping coast at dawn 12 hours ahead of its predicted landfall. Many unsuspecting residents woke that morning to find water already inside their homes. Their ordeal transports the reader back to 1957 with a new appreciation and understanding of how Cameron Parish residents clung to life during the category-four storm.
