Role of a Lifetime James Brown, 2009-09-24 We live in a world that all too often operates under the overriding template of self-promotion, embracing a hooray for me attitude, and which measures success in increasingly small timeframes dotted with markers of temporal value. Millions of viewers know James Brown as a sports commentator and former athlete. With Role of a Lifetime, James reveals a different side of his character. Brown rose from a middle-class home to earn a scholarship to Harvard and a chance at a professional sports career before moving on to broadcast journalism. Part memoir and part self-help, this book draws on James's lessons from his faith and life experiences to guide readers to find fulfillment and significance. He offers values and encouragement to others of all generations, assisting them in their search for meaning in navigating a world that increasingly promotes transient values, if any at all. His message that shortcuts and gimmicks are counterproductive to a person's success provides hope that there is a God who cares about them and their futures.

Music & Lyrics Emma Lea, 2021-04-06 The complete Music and Lyrics series. Includes Books 1-5: Rock Star - Nate Nash was a rock star...used to be a rock star, now he was just a cautionary tale. Songbird - Stevie Jacks was on her way to the top. Her dreams of being a country music star were on the precipice of coming true, but there was something missing. Nate Nash. Strings - Nadine Court was a hot mess. After crashing and burning in spectacular fashion during her debut tour with her band Court'n Jacks, Nadine had gone to rehab. Now she was ready to try again and hopefully, this time, they might actually finish the tour without ending up in hospital and on the front page of every country music website in the world. Which was why it was a very, very, very bad idea to get involved with her therapist... former therapist. Sticks - A chance meeting between Vanessa Court and Carson Giles had them losing themselves in the physical pleasure of being with someone who didn't expect more. A 'friends with benefits' relationship was what they both needed to blow off steam and reduce the stress in their lives. It was fun. It was secret. And best of all...there were no strings attached. Symphony - The last thing Maeve needed in her life was drama that came in the shape of a six-foot, grumpy musician with control issues. Unfortunately, she needed the job. It was just too bad that six-foot, grumpy musicians were her catnip. So what if it had been a long time since she'd had any adult cuddling...she could keep her hands, and lips, and tongue, to herself, couldn't she?

The Night of God's Suicide Barney Vincelette, 2013-03-01 This is savage satire on religious

fundamentalism and pop culture. Mephistopheles took over the religions of the world and after thousands of years of holy wars, genocides, inquisitions and holocausts, will unite his religions and establish his kingdom on Earth. Trailer Park Buford, college football hero, is arrested for raping and murdering a six-year-old girl, but because he is so passionately admired by sports fans, corporate America spends billions on his defense. The oratory in the trial is so brilliant that bin Laden, who sees it on television, concludes that Buford is the Seventh Mullah, makes peace with the television evangelism industry, and Buford becomes Buford Christ. Mephistopheles' new religion turns the world into a low class trailer park that is so ugly that it causes God to begin His suicide. But little Laurie, the only child to survive an encounter with Buford, stands alone and fights back against Mephistopheles as the stars go out. The universe hangs in the balance.

The Acting Bug Kathryn Ellis, 1995-09 It's the chance of a lifetime for Kate Merriman when she lands a small role in a new TV series called Backbeat. Sport and the Irish Alan Bairner, 2016 Considers the relationship between sport, national identities and gender in a contemporary Irish context

Too Dangerous to Teach Isobel Kleinman, 2003-11-04 Readers will laugh, cry and rage as Elizabeth Feinman, passionate about her job, her students and the issues of the day, tumbles from grace the more deeply involved she gets in trying to improve all three. Set in a junior-senior high school in the nineties, this story reveals what passes for standards and discipline and how a school administration, eager for national attention, can cook the books, shut down criticism, avoid critical evaluation and rid itself of whomever it cares to. The narrative, which spans four decades, touches on

raising the mantle for women, introducing sports to girls and adapting to societal changes. It then follows a school district's efforts to rid itself of a thorn in its side. As Ms. Feinman stands up to career ending challenges, readers will no longer believe that teaching is easy; teachers don't care; top-down management improves what goes on in classrooms; tenure protects teachers; and that a strong professional association is unnecessary if teachers are good at what they do.
