*Chaos Storm* Tarek Badr, 2019-11-26 After a cataclysmic war between the gods left the southern part of the continent of Huratan ravaged by a storm that carried more than dust and stone, a storm brimming with foul power, Chaos; the bane of existence. Now thousands of years later, humans, the only race left in Huratan, lived under the shelter provided by their mysterious sanctuary. The Pyramid of Light. SURVIVE. HIDE YOUR TATTOOS. For sixteen years, these rules shaped Art's world. Yet in a few short days, he would break them. FOR THOUSANDS OF YEARS CHAOS STORMS SHAPED THE WORLD. All his life, he had lived in the city by the pyramid. All his life, he was told that leaving the city would mean certain death. Only the Pyramid could keep them safe. Only the Pyramid could protect them from the Chaos storms. An unforeseen crisis brought him inside the mystical Pyramid of Light, where he faced questions, accusations, and doubts about him and his tattoos. GUIDED BY DARK VISIONS, ART WOULD LEAVE THE SAFETY OF THE PYRAMID. Would he be able to travel through the harsh deserts? Would he find a way to stop The Man in Black? About the author: Tarek Badr's lifetime love for reading fiction and fantasy novels inspired him to begin writing his debut novel, *Chaos Storm*. He left a career of engineering behind when he could no longer ignore his passion for writing. Tarek lives in Cairo, Egypt, where the country's rich history fuels the fires of his imagination. **Harbinger of the Storm** Aliette de Bodard, 2016-01-05 The second book in the critically acclaimed *Obsidian and Blood* trilogy: The year is Two House, and the Emperor of the Mexica has just died. The protections he afforded the Empire are crumbling, and the way lies wide open to the flesh-eating star-demons--and to the return of their creator, a malevolent goddess only held in check by the War God's power. The council should convene to choose a

new Emperor, but they are too busy plotting against each other. And then someone starts summoning star-demons within the palace, to kill councilmen... Acatl, High Priest of the Dead, must find the culprit before everything is torn apart. REVIEWS: 'Political intrigue and rivalry among a complex pantheon of divinities drive this well-paced murder mystery set at the height of the Aztec Empire in the late 15th century. De Bodard reintroduces the series hero Acatl, high priest of the dead, immediately following the death of the Tenochtitlan leader. One of the council members in charge of choosing a successor has been brutally murdered in what looks like an attempt to influence the decision. But the deaths continue and the political situation grows more complex, while the empire looks to be increasingly at risk of invasion by malignant powers. Acatl must go face-to-face with the most powerful god in his world and put the good of the empire above his antipathy for his rivals to achieve the uneasy succession. De Bodard incorporates historical fact with great ease and manages the rare feat of explaining complex culture and political system without lecturing or boring the reader.' –Publishers Weekly 'Another thing that intrigues me here is the whole fact that historically we know that the real empire died out mysteriously and completely and as such there is always that thought in the back of my mind that the author could choose to bring about the end of days. That highlighted sense of possible doom is something that is missing from too many novels. The way the story is told in this book is very impressive, the plot is both mature and seductive, twisting and turning like a weather vane in a force 9 gale while the action is both bloodthirsty and imaginative. The world building is fantastic and we get to learn even more of this rich culture and the many gods and creatures of the dark. I really can't fault this book at all and recommend it to one and all but if you haven't yet read *Servant of the Underworld* I suggest that you get them both and read them in order, you won't be disappointed.' –SF Book Reviews 'Bodard's writing is polished and striking, as she convincingly fills in the colorful elements of the Aztec culture—even if those colors tend to be of blood and bile as well as flowers and hummingbirds... beautiful, grimy, breathtaking, and morbid. 5\*' –Examiner 'Aliette de Bodard has done it again. *Harbinger of the Storm* is an action packed Aztec mystery opera with magic, interventions from the gods and more twists and turns than the first book. It even has a love story with amusing snippets here and there... The story is self contained and can be enjoyed standalone, but you will not want to miss out on the first. I wish it was 2012 already even if the world is going under while I read the final *Obsidian & Blood*.' –Cybermage

Teotihuacan Esther Pasztory, 1997 This book is the first comprehensive study and reinterpretation of the unique

arts of Teotihuacan, including architecture, sculpture, mural painting, and ceramics. Comparing the arts of Teotihuacan - not previously judged artistic - with those of other ancient civilizations, Ester Pasztory demonstrates how they created and reflected the community's ideals. Most people associate the pyramids of central Mexico with the Aztecs, but these colossal constructions antedate the Aztecs by more than a thousand years. The people of Teotihuacan, who built the pyramids as part of a city of unprecedented size, remain a mystery.

*The Storm Runner* J.C. Cervantes,2018-09-18 A contemporary adventure based on Maya mythology from Rick Riordan Presents and New York Times bestselling author J. C. Cervantes! Zane has always enjoyed exploring the dormant volcano near his home in New Mexico, even though hiking it is challenging. He'd much rather hang out there with his dog, Rosie, than go to middle school, where kids call him Sir Limps a Lot, McGimpster, or Uno--for his one good leg. What Zane doesn't know is that the volcano is a gateway to another world and he is at the center of a powerful prophecy. A new girl at school, Brooks, informs him that he's destined to release an evil god from the ancient Maya relic he is imprisoned in--unless she can find and remove it first. Together they return to the volcano, where all kinds of crazy happens. Brooks turns into a hawk, a demon attacks them in a cave, and Rosie

gives her all while trying to protect Zane. When Zane decides to save his dog no matter the cost, he is thrust into an adventure full of surprising discoveries, dangerous secrets, and an all-out war between the gods, one of whom happens to be his father. To survive, Zane will have to become the Storm Runner. But how can he run when he can't even walk well without a cane?
