A limited number of additional footnotes is included, but only what is felt necessary for a basic understanding of the story and the grammar. Some more detailed footnotes have been taken from Conington's edition of the Aeneid.

*The Winning Way* Brian Tracy,Nick Nanton, Esq.,Jw Dicks, Esq.,2014-04-15 By definition, winning means that you competed and you came out ahead. Human nature requires us to compete in order to survive. Therefore, winning and survival have the element of success in common. To ascend to a winning position, you need a goal, a desire to achieve it, and the qualities of discipline, perseverance and action to attain it. Having your goal and setting yourself up to achieve your goal is the first step in the process. You adjust your mindset and begin to plan diligently. Goals may be as different as DNA, but methodologies have much in common. Furthermore, your plans and expectations will need adjustments as you go along. That is why the knowledge shared by the CelebrityExperts(r) in this book will be of importance to you. The advice and suggestions of these CelebrityExperts(r) are based on their experiences - both their accomplishments and their shipwrecks. The knowledge they share will allow you to make plans that can propel you in the right direction. That is the function of a mentor - to guide you where you are going and to advise what to avoid. If you wish to develop The Winning Way to your goals, read on... You will never win if you never begin. Helen Row

*Brutified* Robert Benefiel,2020-11-27 Brutified is a collection of poetry written by the author Robert Benefiel. The poems contained within it are from a larger cache of poems written in 2019. The pieces themselves range from narrative to abstract, bibliographical to fictionalized, allowing for a fuller range of expression and voice. What each piece carries is the idea of surviving the brutality of the world, others, and even one's self, in hopes of gaining insight and retaining one's compassion. Whether the piece is addressing the idea of finding one's own art at a junk store, or stumbling across a love note written before, but after, a lover has left them, or even watching a young midget be chased through the mall, the author never ceases to try and present the emotion and meaning at the core of each piece in a blatant yet subtle way.

She's dealt with her anger, depression, and blindness primarily on her own. A seeing-eye dog would help alleviate her reliance on anyone else, but the guide dog school has been unsuccessful in providing her with one. On a mission to find someone who will train a dog specifically for her, she ultimately zeroes in on Kate. They say lightning never strikes the same place twice. But positive lightning is notoriously unpredictable and can ignite a fire when and where least expected . . . no matter who's in its path.
