Tremulous Hinge Adam Giannelli, 2017-04-15 Rain intermits, bus windows steam up, loved ones suffer from dementia—in the constantly shifting, metaphoric world of Tremulous Hinge, figures struggle to remain standing and speaking against forces of gravity, time, and language. In these visually porous poems, boundaries waver and reconfigure along the rumbling shoreline of Rockaway or during the intermediary hours that an insomniac undergoes between darkness and dawn. Through a series of self-portraits, elegies, and Eros-tinged meditations, this hovering never subsides but offers, among the fragments, momentary constellations: “moths all swarming the / same light bulb.” From the difficulties of stuttering to teetering attempts at love, from struggling to order a hamburger to tracing the deckled edge of a hydrangea, these poems tumble and hum, revealing a hinge between word and world. Ultimately, among lofting waves, collapsing hands, and darkening skies, words themselves—a stutterer's maneuvers through speech, a deceased grandfather's use of punctuation—become forms of consolation. From its initial turbulence to its final surprising solace, this debut collection mesmerizes.

Painting with Paper Yulia Brodskaya, 2019-09-28 The astoundingly vibrant three-dimensional paper artworks in this book will stop paper art fans of all levels in their tracks. After the initial

amazement, enjoy trying this method yourself, expanding your skills at your own pace with highly regarded artist Yulia Brodskaya's guidance. Using two simple materials--paper and glue--she's perfected the placement of carefully cut and bent strips of paper to paint images. Brodskaya offers not a predictable project book, but instead practical tips on how to work with her method in various ways of your own. See how this method gives new impact to lettering, nature themes, portraits, larger pieces, and experiments. Learn how to choose colors, the importance of testing compositions, which part of the image to start with, and when to consider it complete. Inspiring for its artworks alone, this is also a colorful starting point for anyone interested in working with paper, and full of practical ideas for artists who want to advance their creative thinking.
