The Librarian's Book of Quotes Tatyana Eckstrand, 2009 Celebrate librarianship and the love of libraries with this charming collection of quotes! Tatyana Eckstrand has compiled nearly three hundred of the most insightful, thought-provoking, and inspiring aphorisms about the library profession. Writers from Shakespeare to Ray Bradbury and librarians from John Cotton Dana to Nancy Pearl are gathered together to sing the praises of librarians' skills, values, and the amazing institutions they support. Citations are provided to the original source material, and a handy biographical dictionary provides background on individuals who may not be household names. With its broad selection of sayings that pay honor to their work and commitment, *The Librarian's Book of Quotes* is a perfect gift for information professionals and lovers of libraries.

The Book of Poisonous Quotes, 1993-09 The creative arts. Literature. Drama film. Music. The media. Education.

They Never Said It Paul F. Boller Jr., John George, 1990-06-14 Abraham Lincoln never said, You cannot fool all the people all the time. Thomas Jefferson never said, That government is best which governs least. And Horace Greeley never said, Go west, young man. In *They Never Said It*, Paul F. Boller, Jr. and John George examine hundreds of misquotations, incorrect attributions, and blatant fabrications, outlining the origins of the quotes and revealing why we should consign them to the historical trashcan. Many of the misquotes are quite harmless. Some are inadvertent misquotes that have become popular (Shakespeare actually said, The best part of valor is discretion), others, the inventions of reporters embellishing a story (Franklin Roosevelt never opened a speech to a DAR group with the salutation, My fellow immigrants). But some of the quotes, such as Charles Darwin's supposed deathbed recantation of evolution, falsify the historical record with their blatant dishonesty. And other chillingly vicious ones, filled with virulent racial and religious prejudices, completely distort the views of the person supposedly quoted and spread distrust and hatred among the gullible. These include the forged remarks attributed to Benjamin Franklin that Jews should be excluded from America and the fabricated condemnation of Catholics attributed to Lincoln. An entertaining and thought-provoking book, *They Never Said It* covers a great deal of history and sets it right. Going beyond a mere catalog of popular misconceptions, Boller and George reveal how rightists and leftists, and atheists and evangelists all have at times twisted and even invented the words of eminent figures to promote their own ends. The ultimate debunking reference, it perfectly complements handbooks of quotations.

The Big Book of Quotes M. Prefontaine, 2015-10-19 *The Big Book of Quotes* is a collection of over 3,500 quotations from some of the greatest minds that ever existed. This is a book which you can just pick up anytime and carry on where you left off last time. It is for those who want to pep up a speech, a presentation or an email and for those who just want to jump start their brains with thought provoking or amusing quotations. The essence of the best quotes are that they express a truth or an insight in a short and often amusing way. Thoughts expressed succinctly have tremendous power. They can inspire and motivate, they can get a message across and they can provide insight. I hope this book will prove useful, amusing and the quotes will resonate with you.

Power Quotes Daniel B. Baker,1992 In this easy-to-use and fun-to-read collection of more than 4,000 quotes, politicians and philosophers, poets and priests, CEOs and comedians all share their views on leadership and liberty, treason and triumph, sacrifice and scandal, risk and rebellion, weakness and war, and other affaires politiques. For instance, Groucho Marx on politics: Politics is the art of looking for trouble, finding it everywhere, diagnosing it incorrectly and applying the wrong remedies. A Visible Ink bestseller since the reign of George the Senior, it just keeps going and going. Apparently good quotes, like fine wine, just get better with age. Or maybe it's the back cover copy. With Power Quotes, readers can learn what Plato and Aristotle had to say about democracy, and find Mark Twain musing on any number of topics, including: Its name is Public Opinion. It is held in reverence. It settles everything. Some think it is the voice of God. Or look up the self-serving statements James I made to Parliament about the divine nature of kings (he was for it). Richard Nixon's postmortem on Vietnam: Rarely have so many people been so wrong about so much. Selected with impeccable judgment by quote master Daniel Baker, the quotes are organized under 50 themes such as ethics, monarchy, politics, public opinion, taxes, war and peace, and women in politics, and then arranged chronologically, with sources fully cited.
