Moods Helen Thomas, 2016-10-31 The remarkable story of a champion Aussie horseman In March 2016 Peter Moody, the man who took his 'good mare' Black Caviar to an unprecedented 25 straight victories, walked away from racing. Suspended for six months after he was found to have presented a horse on race day with an illegal level of cobalt in its system, the trainer made the drastic decision to close down his Caulfield stables altogether. How had it come to this? In Moods, respected journalist Helen Thomas traces Moody's extraordinary career, and shines a spotlight on the cobalt scandal that engulfed him. Through interviews with family, colleagues and friends, and with Peter Moody himself, Thomas explores the horseman's life and achievements: from his time with turf legend T.J. Smith to the day he first

noticed the bay filly who grew up to become Black Caviar, and the inquiry that led him to quit the job he loves. Articulate yet reticent, tough yet sensitive, Moody is an intriguing character. For the first time, discover what drives the man who will always be remembered as Black Caviar's trainer, and a true Aussie legend.

Good Practices in Addressing Illegal Betting: A Handbook for Horse Racing and Other Sports to Uphold Integrity The Anti-Illegal Betting Task Force of the Asian Racing Federation, The Handbook, written by the Asian Racing Federation Council on Anti-illegal Betting and Related Financial Crime, aims to (1) highlight the risks to the integrity of racing and other sports from illegal betting-related sports corruption, and (2) provide practical guidance to administrators and other key stakeholders to mitigate against and combat such corruption. It has been written by the Council members, a group of experts from horse racing and sports integrity management, law enforcement, sports law, and international government relations. The Asian Racing Federation is a regional federation comprising 28 racing authorities and racing-related organisations, with a wide geographic spread from New Zealand to South Africa. Among its core objectives is the promotion of integrity in the sport of horse racing. The Asian Racing Federation Anti-Illegal Betting Taskforce was established in 2017 and now comprises 14 members from organisations engaged in horse racing and sports integrity, law

enforcement, the UNODC, and academia. In October 2020, the task force was renamed as the Asian Racing Federation Council on Anti-illegal Betting & Related Financial Crime whose purpose is to foster and enhance international cooperation among horse racing operators, regulators, intergovernmental organisations and government agencies in order to better combat the threat of illegal betting and other financial crimes to horse racing integrity in particular, and sport in general.

Racing and Sports Car Chassis Design Michael Costin, David Phipps, 1967 The aim of this book is to provide information on the more advanced types of chassis and suspension in a form which will be understood by the large majority of motoring enthusiasts -- Preface.

The Global Horseracing Industry Phil McManus, Glenn Albrecht, Raewyn Graham, 2013 Horseracing, thoroughbred breeding and gambling on racing are global industries worth several hundred billion dollars. They are also industries facing serious challenges, from the rise of alternative forms of leisure gambling to concerns about the ethical treatment of animals in all equestrian sports. This book offers a broad-ranging examination of the contemporary horseracing industry, from geographical, economic, social, ethical and environmental perspectives. The book draws on in-depth, mixed-method research into the racing and breeding industries in the US, Australia, the UK, Canada and New Zealand, and includes comparative material on other key racing centres, such as Ireland, Singapore and Hong Kong.

It explores the economic structure of the global racing business, including comparisons with other major international sport businesses and other equestrian sports. It examines the social and cultural roots of the sport through its association with, and impact on, rural places, communities and environments from Kentucky to Newmarket – highlighting racing's particular blend of tradition and scientific and technological innovation. The book also explores the ethical issues at the heart of horseracing, from reproduction to the use of the whip, and the inescapable tension between the horse as an instrumentally valuable commodity and the horse as an intrinsically valuable animal with needs and interests. The Global Horseracing Industry concludes by considering alternative futures for this major international sports business. The book is illuminating reading for anybody with an interest in sport, business, cultural geography, animal studies, or environmental studies.

The Bahamas Speed Weeks Terry O'Neil,2006 The vision of one man, Captain Sherman Red Crise formed the basis for what was to become the Bahamas Speed Weeks, a series of motor races held on the island of New Providence in the Bahamas. They started in the mid 1950s and continued for 13 years, before ending due to a mix of political

decisions, ill fortune and a shift in the direction motor racing had taken over that period of time. These years were described by many commentators as the golden age of motor racing, where internationally acclaimed drivers attended the Speed Weeks to mix with the many amateur racers from America who came to enjoy the scenario of sun, parties and racing. For many drivers the social scene was as important as the racing, and in latter years prize money was an extra incentive to turn up. This well researched account tracks the history of the Speed Weeks with its roller-coaster ride throughout its 13 years existence, and includes stunning photos, complete statistics, and more. With a foreword by Denise McCluggage.
