**Stories by Dhruv** Raksha,2022-08 In the summer of 2020 when there was a nationwide lockdown announced due to the pandemic, seven-year-old Dhruv from the coastal town of Mangalore had nothing better to do. With his schools shut and nowhere to go his days were long and stretched. To keep him occupied (read out of her way) His mother asked him to write a story a day. What started as a boring chore which his mother nagged him to do turned out to be quite enjoyable to Dhruv. Soon his book was filled with endearing stories with befitting illustrations from his imagination. The stories were further adapted and written in a rhyming verse by his mom who has a penchant for writing; specifically children's literature thus adding her own twist to the tales while retaining the original plot and characters. Welcome to our world of lazy bees and talking teacups. A world of endearing friendships and dauntless bravery.

**Religious Basis of Hindu Beliefs** Dr. Bhojraj Dwivedi,2005-06 Book Summary of Religious Basis Of Hindu Beliefs Sanatan Hindu Dharma (Perennial Hindu Religion) is like a huge banyan tree. Different kinds of faiths and beliefs have merged into it from time immemorial. As a consequence, the branches and sub-branches of Hindu religion also grew. Is there any scientific basis of the faith and values propagated in Hinduism? A very large section of people with faith in Hindu Sanatan Dharma wants that every faith and belief of this religion should not be subjected to scientific test. A man of faith is theist, while a scientific mind is atheist in nature. A harmony between the two may indicate a state of dilemma. Therefore, more discussion should take place on religious basis of beliefs prevalent in society so that we can know better the origin and religious thinking behind our beliefs. Internationally acclaimed Vaastu-Shastri and Jyotishacharya, Dr. Bhojraj Dwivedi, is a rare signature of invincible time. More than 258 books on Astrology, Vaastu-shastra, Cheiromancy, Numerology, Figure Science, Yantra-Tantra-Mantra Science, Karmakand and priesthood written by Dr. Bhojraj Dwivedi, the founder of the International Vaastu Association, are read in many languages in India and abroad.

From simple, humble sensation to a state of spiritual bliss.
