Yes Man Pavan C. Lall,2020-12-22 The Rise and Fall of One of India's Most Promising Bankers The year was 2004, India's economy was booming and 'India Shining' seemed like a true slogan. Around the same time, a non-banking financial company applied for and received a licence to operate as a private bank. Yes Bank was born. Its rise was phenomenal and it soon became the fourth-largest private bank in the country, with approved permissions to operate in Singapore, London and Dubai. The returns were also immense: shareholders received hefty dividends on their investments for years on end. That is, till the skeletons began tumbling out of the Yes Bank lockers. Stories of the bank's reckless lending were going around, and allegations of bribery and corruption became rife. Ultimately, in March 2020, the bank ran out of money, and customers were unable to get their own savings out of their accounts. The bank's promoter Rana Kapoor was arrested, and multiple agencies began what is still an ongoing probe. Yes Man is the story of Rana Kapoor, and his Icarus-like flight that eventually led to the Yes Bank crisis. From starting out as a junior employee at Bank of America to leading a bank worth billions, Kapoor's rise and fall is a case study in ambition, greed and deceit. In this hard-hitting book, Pavan C. Lall details not only Rana Kapoor's journey, but also asks tough questions about the banking system, its regulators and even the business environment that led to a point of no return for Yes Bank.

Girl Decoded Rana el Kaliouby,Carol Colman,2020-04-21 In a captivating memoir, an Egyptian American visionary and scientist provides an intimate view of her personal transformation as she follows her calling—to humanize our technology and how we connect with one another. LONGLISTED FOR THE PORCHLIGHT BUSINESS BOOK AWARD • “A vivid coming-of-age story and a call to each of us to be more mindful and compassionate when we interact online.”—Arianna Huffington NAMED ONE OF THE BEST BOOKS OF THE YEAR BY PARADE Rana el Kaliouby is a rarity in both the tech world and her native Middle East: a Muslim woman in charge in a field that is still overwhelmingly white and male. Growing up in Egypt and Kuwait, el Kaliouby was raised by a strict father who valued tradition—yet also had high expectations for his daughters—and a mother who was one of the first female computer programmers in the Middle East. Even before el Kaliouby broke ground as a scientist, she broke the rules of what it meant to be an obedient daughter and, later, an obedient wife to pursue her own daring dream. After earning her PhD at Cambridge, el Kaliouby, now the divorced mother of two, moved to America to pursue her mission to humanize technology before it dehumanizes us. The majority of our communication is conveyed through nonverbal cues: facial expressions, tone of voice, body language. But that communication is lost when we interact with others through our smartphones and devices. The result is an emotion-blind digital universe that impairs the very intelligence and capabilities—including empathy—that distinguish human beings from our machines. To combat our fundamental loss of emotional intelligence online, she cofounded Affectiva, the pioneer in the new field of Emotion AI, allowing our technology to understand humans the way we understand one another. Girl Decoded chronicles el Kaliouby's journey from being a “nice Egyptian girl” to becoming a woman, carving her own path as she revolutionizes technology. But decoding herself—learning to express and act on her own emotions—would prove to be the biggest challenge of all.

Voices of Jordan Rana Sweis, 2019-01-01 Jordan's diverse socioeconomic make-up encapsulates, like no other Middle Eastern state, both the array of pressing short-term problems facing the region, and the underlying challenges that Arab states will need to face once the current spate of civil conflicts is over: meaningful youth employment, female participation in politics, and integration of refugees into society. This book tells the story of Jordan through the lives of ordinary people, including a political cartoonist, a Syrian refugee, a Jihadist and a female parliamentarian. The raw voices and everyday struggles of these people shine a fresh light on the politics, religion, and society of a culture coming to terms with the harsh reality of modernization and urbanization at a time of regional upheaval. With her deep knowledge of Jordan's landscape, language and culture, Rana Sweis sketches an intimate portrait of the intricacies and complexities of life in the Middle East. Rather than focusing on how individuals are affected by events in the region, she reveals a cast of characters shaping their own lives and times. Voices of Jordan shares those stories in all of their rich detail, offering a living, breathing social and political history.

City of Dreams Pranaya SJB Rana, 2015-10-01 Buildings, roads and bridges made up the city, Kanti knew that. So did trees, rivers and hills. But he had never quite thought about people. He was told that they, too, were integral parts of a metropolis; if Kathmandu were an organism, people were its red blood cells, navigating busily through road-veins and street-arteries. City of Dreams is set in the multifaceted, fast-changing Nepali capital, Kathmandu. And through a series of deftly woven short stories, it exposes the interaction of city-dwellers with this teeming, schizophrenic metropolis, caught in the tussle between tradition and modernity. In the title story, a Kathmandu native wanders the streets of his hometown and encounters a deep secret. In 'The Presence of God', a couple bickers about faith and ambivalence, only to be confronted with an event so inexplicable that it changes the very foundations of their argument. In 'Dashain' a young man's attempt to leap into adulthood goes horribly awry. And in 'The Smoker'-the only story set outside Kathmandu, in New York City-a writer begins his quest to craft the perfect narrative; yet, even here, the Nepali city is a shadowy presence. As Kathmandu becomes the protagonist of the collection, what we see emerge is not just the skeletal outline of the metropolis, a cartographer's map, but a capital of stories. City of Dreams is one of the most startling literary debuts in recent times.

A Castration Story from the Tebtunis Temple Library Rana Sérida, 2016-05-01 This volume presents the first edition of a hitherto unattested narrative from the Tebtunis temple library (1st-2nd century AD). The story seems to have formed part of the so-called Inaros Cycle; it is set in the reign of king Necho I (672-664 BC), who is mainly known for his rebellion against the Assyrians, and also mentions general Anosis. The text makes repeated mention of the castration of an individual, who is made into a eunuch. Rana Sérida holds a PhD in Egyptology from the University of Copenhagen, where she is currently a postdoctoral research fellow. Her research focuses on Egyptian literary texts, particularly their utilization as markers of a collective identity.

Hidden Women: The Ruling Women of the Rana Dynasty Greta Rana, 2012-10-18 Hidden Women are women about whom we know nothing, or very little, so they are shades or shadows in the life of Jung Bahadur Rana who founded the Rana dynasty that ruled Nepal for 104 years. Nothing is written about the women in his life except that against his wishes they committed sati when he was cremated. Strong and independent women, they had influence on him, enjoyed a prominent place in his life, and ironically the one he admired most tried to kill him. It is a novel look at his story, worn out by many Nepali writers, as it is the first time being told through the eyes of the women in his life. Thoroughly researched, Greta Rana builds together a feasible picture of how women lived and thought, hoped and died in a restrictive feudal society.

A History of Nepal John Whelpton, 2005-02-17 A comprehensive and accessible one-volume history of Nepal, first published in 2005.

In Shock Rana Awdish, 2017-10-24 A riveting first-hand account of a physician who's suddenly a dying patient, In Shock searches for a glimmer of hope in life's darkest moments, and finds it." —The Washington Post Dr. Rana Awdish never imagined that an emergency trip to the hospital would result in hemorrhaging nearly all of her blood volume and losing her unborn first child. But after her first visit, Dr. Awdish spent months fighting for her life, enduring consecutive major surgeries and experiencing multiple overlapping organ failures. At each step of the recovery process, Awdish was faced with something even more unexpected: repeated cavalier behavior from her fellow physicians—indifference following human loss, disregard for anguish and suffering, and an exacting emotional distance. Hauntingly perceptive and beautifully written, In Shock allows the reader to transform alongside Awdish and watch what she discovers in our carefully-cultivated, yet often misguided, standard of care. Awdish comes to understand the fatal flaws in her profession and in her own past actions as a physician while achieving, through unflinching presence, a crystalline vision of a new and better possibility for us all. As Dr. Awdish finds herself up against the same self-protective partitions she was trained to construct as a medical student and physician, she artfully illuminates the dysfunction of disconnection. Shatteringly personal, and yet wholly universal, she offers a brave road map for anyone navigating illness while presenting physicians with a new paradigm and rationale for embracing the emotional bond between doctor and patient.

Tokyo Cancelled Rana Dasgupta, 2007-12-01 Thirteen strangers stranded in an Asian airport spin tales that “outdo Arabian Nights for inventiveness” in this debut novel (The Guardian). Thirteen passengers are stranded at an airport. Tokyo, their destination, is covered in snow and all flights are cancelled. To pass the night

they huddle by the baggage carousels and tell each other stories. So begins Tokyo Cancelled, a unique literary adventure that combines a modern landscape with a timeless, fairy-tale ethos. In his delightful debut, Dasgupta brings to life a cast of extraordinary individuals—some lost, some confused, some happy—in a world that remains ineffable, inexplicable, and wonderful. A Ukrainian merchant is led by a wingless bird back to a lost lover; Robert De Niro’s son masters the transubstantiation of matter and turns it against his enemies; a man who manipulates other people’s memories has to confront his own past; a Japanese entrepreneur risks everything in his obsession with a doll; a mute Turkish girl has a strange encounter with a German man who is mapping the world. Told by people on a journey, these stories “tackle themes of transit, dislocation and uprootedness” in a “sprawling, experimental project achieves an exotic luster” (Publishers Weekly).
