A Simple Guide to Rangoli Drawing! Rangoli / Kolam/ Muggu Handbook! Narasimhan G R, 2019-07-15 Rangoli/ Kolam (or Muggu) - A conventional Indian adornment and examples made with ground rice, especially during celebrations. Rangoli is gotten from the Sanskrit word 'rangavalli'. Rangoli is a craftsmanship which goes before figure and painting. It is both a promising and a starter need in any religious custom. It is a custom to draw rangoli at the site of any promising religious custom, for example, a blessed celebration, a religious celebration, a propitious capacity like wedding, ceremonial love, a pledged religious recognition, and so on. Rangoli is a fine art, beginning in the Indian subcontinent, in which examples are made on the floor or the ground utilizing materials, for example, hued rice, dry flour, shaded sand or blossom petals. It is generally made during Diwali or Tihar, Onam, Pongal and other Hindu celebrations in the Indian subcontinent. Plans are passed starting with one age then onto the next, keeping both the work of art and the custom alive. Generally in temples, home, celebrations, pooja rooms, marriages, birthdays or any other important places; rangolis are drawn. The reason for rangoli is enhancement, and it is thought to bring good karma. Structure delineations may likewise differ as they reflect conventions, old stories, and practices that are interesting to every territory. It is customarily done by young ladies or ladies. For the most part, this training is displayed during events, for example,

celebrations, favorable observances, marriage festivities and other comparative achievements and get-togethers. Rangoli structures can be basic geometric shapes, god impressions, or blossom and petal shapes (proper for the given festivals), however they can likewise be intricate plans made by various individuals. The base material is typically dry or wet powdered rice or dry flour, to which sindoor (vermilion), haldi (turmeric) and other regular hues can be included. Different materials incorporate shaded sand, red block powder and even blooms and petals, as on account of blossom rangolis. In center India mostly Rangoli is called Chaoook and is commonly drawn at the passageway of a house or some other structure. Dried rice flour or different types of white residue powder is utilized for illustration Chaoooks. Despite the fact that there are various conventional Chaoook designs, a lot more can be made relying upon the imagination of the individual who draws it. It is viewed as favorable as it implies showering of good karma and success on the house and in the family. It isn't drawn like an image. There are two major types of Rangoli/ Kolam: 1. Dotted pattern 2. Free Pattern Dotted pattern starts by keeping dots to connect lines in rangoli/ kolam. Free patterns are without dots and the rangoli maker can start mostly from center of the kolam as per their wish. Dots are just to give perfection of lines and patters. This book is released for 100+ simple(basic), medium(intermediate) & advanced sized rangolis/ kolams which are drawn for different occasions like Diwali, Sankranthi, Ganesh Chadurthi, Ugadhi, New Year, Temple festivals etc. These kolams are not printed one; they are drawn simply with freehand. Most of the rangoli/ kolams/ muggus in this handbook are drawn with free hand in the paper or notebooks. Many others are down on the floor in our houses and temples as well. So nothing is computer generated design here. Naturally it has been

pictured and cropped wherever necessary and brief description given for these designs!.....MORE!

Keywords for India Rukmini Bhaya Nair,Peter Ronald

deSouza,2020-02-20 What terms are currently up for debate in Indian society? How have their meanings changed over time? This book highlights key words for modern India in everyday usage as well as in scholarly contexts. Encompassing over 250 key words across a wide range of topics, including aesthetics and ceremony, gender, technology and economics, past memories and future imaginaries, these entries introduce some of the basic concepts that inform the 'cultural unconscious' of the Indian subcontinent in order to translate them into critical tools for literary, political, cultural and cognitive

studies. Inspired by Raymond Williams' pioneering exploration of English culture and society through the study of keywords, *Keywords for India* brings together more than 200 leading sub-continental scholars to form a polyphonic collective. Their sustained engagement with an incredibly diverse set of words enables a fearless interrogation of the panoply, the multitude, the shape-shifter that is 'India'. Through its close investigation and unpacking of words, this book investigates the various intellectual possibilities on offer within the Indian subcontinent at the beginning of a fraught new millennium desperately in need of fresh vocabularies. In this sense, *Keywords for India* presents the world with many emancipatory memes from India.

young children's development and that a few old bikes and a climbing frame just will not do. This book shows how to develop an outdoor learning environment properly for young children and how adult supporters should behave in this space. This book offers examples of good outdoor practice in a range of early years settings. Both practical and theoretical aspects of learning outdoors are covered, tracking a shared enthusiasm for outdoor play amongst practitioners, children and parents. The book shows how the authors set about solving common problems encountered in the outdoor area, and, using photographs, plans and written observations, the book shows how stimulating outdoor learning environments can be created.
