Rapcore Dick Porter,2002-11-30 Rapcore explores the evolution of the 21st century's preeminent genre of heavy rock, Nu-Metal. Author Dick Porter defines the origins of the fusion of hip hop, punk, reggae, and rock that drives this popular sound. He discusses early innovators such as George Clinton and Run DMC, contemporary masters Kid Rock and Limp Bizkit, and peripheral but influential figures such as Ice-T, Eminem, and Rob Zombie. The contributions of Slipknot, Linkin Park, Papa Roach, and others are also covered.

The Music Sound Nicolae Sfetcu,2014-05-07 A guide for music: compositions, events, forms, genres, groups, history, industry, instruments, language, live music, musicians, songs, musicology, techniques, terminology, theory, music video. Music is a human activity which involves structured and audible sounds, which is used for artistic or aesthetic, entertainment, or ceremonial purposes. The traditional or classical European aspects of music often listed are those elements given primacy in European-influenced classical music: melody, harmony, rhythm, tone color/timbre, and form. A more comprehensive list is given by stating the aspects of sound: pitch, timbre, loudness, and duration. Common terms used to discuss particular pieces include melody, which is a succession of notes heard as some sort of unit; chord, which is a simultaneity of notes heard as some sort of unit; chord progression, which is a succession of chords (simultaneity succession); harmony, which is the relationship between two or more pitches; counterpoint, which is the simultaneity and organization of different melodies; and rhythm, which is the organization of the durational aspects of music.

THE BOOK OF LIFE, KNOWLEDGE AND CONFIDENCE STEVE ESOMBA, Dr.,

The Violent World Of Moshpit Culture Joe Ambrose,2010-01-01 The Moshpit: Hub of a live music culture that is high in sex and violence... and no stranger to death. For the hardcore fans of groups like Limp Bizkit, Hole, Korn and Slipknot, the music is only part of the experience. At gigs worldwide fans literally hurl themselves into a pit - the mosh pit. The result is a mass of seething bodies where fierce physical contact provides a brief, exhilarating escape from everyday life. The mosh pit means random sexual encounters as well as haphazard violence... and occasionally, as Joe Ambrose discovers, it can lead to encounters of unexpected tenderness too.

Hardcore Rap Arion Berger,2001 Secretly dreaming of sporting metal-rap 'ho or masta' pimp fashions? Can't turn the music up loud enough? Angry for no apparent reason? Constantly feel the need to break something? Or would you do it all for the nookie? If you've just answered yes to all these questions you're worthy of the label mook, a term that has its roots in hip-hop and has evolved into its own popular and provocative form of music. From urban skater-kids to suburban mid-Western teens this genre of music has transcended all social and economic levels to become the it music for a post-grunge generation. A cutting edge category that is ferocious, in your face, and brutally honest, mockdom is becoming the sound of the century. This book documents the fusion of metal, rock, and hip-hop stomping the airwaves and making teen pop-queens cry. Find out how the Beastie Boys and Public Enemy laid the foundation and why the media made instant stars out of today's well-known acts such as Eminem, Limp Bizkit, Kid Rock, Shootyz Groove, 311, Orange 9mm, Rage Against the Machine, Korn, and others. Pimps, trailer trash, and attitude problems--love them or hate them these are the new crossover pop-stars; see them fully exposed in this gritty and intensely illustrated celebration on the family tree of metal-rap.

Punk in Russia Ivan Gololobov,Hilary Pilkington,Yngvar B Steinholt,2014-04-24 Punk culture is currently having a revival worldwide and is poised to extend and mutate even more as youth unemployment and youth alienation increase in many countries of the world. In Russia, its power to have an impact and to shock is well illustrated by the state response to activist collective and punk band Pussy Riot. This book, based on extensive original research, examines the nature of punk culture in contemporary Russia. Drawing on interviews and observation, it explores the vibrant punk music scenes and the social relations underpinning them in three contrasting Russian cities. It relates punk to wider contemporary culture and uses the Russian example to discuss more generally what constitutes 'punk' today.

Mortality and Music Christopher Partridge,2015-08-27 The evidence of death and dying has been removed from the everyday lives of most Westerners. Yet we constantly live with the awareness of our vulnerability as mortals. Drawing on a range of genres, bands and artists, Mortality and Music examines the ways in which popular music has responded to our awareness of the inevitability of death and the anxiety it can evoke. Exploring bereavement, depression, suicide, violence, gore, and fans' responses to the deaths of musicians, it argues for the social and cultural significance of popular music's treatment of mortality and the apparent absurdity of existence.

Fashion & Music Jochen Strähle,2017-08-10 This book will broaden readers' understanding of the links between the music and fashion industries. It highlights the challenges currently facing the fashion industry in terms of hyper-competition, definition of ever-faster trends, changing consumer demands etc. In fact, the fashion industry is heavily influenced by the digital revolution in the music industry, which has changed the face of individual music consumption and social reference, and therefore, also has impacts on fashion consumption and social reference. This understanding is crucial in order to realign any fashion company's strategies to the demands of modern fashion consumers. In terms of content, the book first discusses the social perspective of fashion and music. This includes an analysis of music as a key influencer of fashion trends, both theoretically and on the basis of a case study on grunge music. Then the role of music in the fashion business is addressed, and covers in-store music and the role of music in fashion communication. Following up, the role of fashion in the music business is analyzed. This includes the trend of co-design of fashion collections, music artists' role of differentiation by style, and the market for music fashion merchandise articles (both theoretically and drawing on a case study). In closing, potential lessons learned from the music industry are developed for the fashion industry. This includes an analysis of the digital revolution and the advent of the crowdfunding idea (both theoretically and in a case study).
