The Story of My Boyhood and Youth John Muir, 2022-11-13 The Story of My Boyhood and Youth reveals the beginnings of the forming of Muir's special relation towards nature. He considered the encounters with nature as quite an adventure and at first, paid special attention to bird life. John Muir understood that to discover truth, he must turn to what he believed were the most accurate sources. In his autobiographical account, The Story of My Boyhood and Youth, he writes that during his childhood, his father made him read the Bible every day. Muir eventually memorized three-quarters of the Old Testament and all of the New Testament. In his autobiography, written near the end of his life, he described his life from childhood years in Scotland and moving to America to student years in Wisconsin. When he was a student in the University of Wisconsin he was a frequent caller at the house of Dr. Ezra

S. Carr. The kindness shown him there, and especially the sympathy which Mrs. Carr, as a botanist and a lover of nature, felt in the young man's interests and aims, led to the formation of a lasting friendship. He regarded Mrs. Carr, indeed, as his spiritual mother, and his letters to her in later years are the outpourings of a sensitive spirit to one who he felt thoroughly understood and sympathized with him. John Muir (1838-1914) was a Scottish-American naturalist, author, environmental philosopher and early advocate of preservation of wilderness in the United States. His letters, essays, and books telling of his adventures in nature, especially in the Sierra Nevada mountains of California, have been read by millions. His activism helped to preserve the Yosemite Valley, Sequoia National Park and other wilderness areas. The Sierra Club, which he founded, is a prominent American conservation organization.

Journeys in the Wilderness John Muir, 2013-03-20 The name of John Muir has come to stand for the protection of wild land and wilderness in both America and Britain. Born in Dunbar in the east of Scotland in 1838, Muir is famed as the father of American conservation, and as the first person to promote the idea of National Parks. Combining acute observation with a sense of inner discovery, Muir's writings of his travels through some of the greatest landscapes on Earth, including the Carolinas, Florida, Alaska and those lands which were to become the great National Parks of Yosemite and the Sierra Valley, raise an awareness of nature to a spiritual dimension. These journals

provide a unique marriage of scientific survey of natural history with lyrical and often amusing anecdotes, retaining a freshness, intensity and brutal honesty which will amaze the modern reader. This collection, including the never-before-published Stickeen, presents the finest of Muir's writings, and imparts a rounded portrait of a man whose generosity, passion, discipline and vision are an inspiration to this day.

John Muir: Nature Writings (LOA #92) John Muir, 1997-04-22 In a lifetime of exploration, writing, and passionate political activism, John Muir became America's most eloquent spokesman for the mystery and majesty of the

wilderness. Selected Writings of John Muir John Muir, 2017-04-04 A new collection of the seminal writings of America's first naturalist and the founder of the modern conservation movement. AN EVERYMAN'S LIBRARY ORIGINAL. This volume of John Muir's selected writings chronicles the key turning points in his life and study of the American wilderness. The Story of My Boyhood and Youth is Muir's account of his childhood on a Wisconsin farm, where his interest in nature was first piqued; in The Mountains of California, The Yosemite, and Travels in Alaska, we follow him on long journeys into stunning mountain ranges and valleys, where he records native flora and fauna and finds proof of his theories of the effect of glaciers on landscape formation. These four full-length works--along with a selection of important essays--helped galvanize American naturalists, and led to the founding of the Sierra Club and several national parks. In these pages, written with meticulous thoroughness and an impassioned lyricism, we witness Muir's awakening to the incredible beauty of our planet, and the honing of an eye turned as acutely toward the scientific as the spiritual.

The Story of My Boyhood and Youth John Muir, 1913 John Muir (1838-1914), whose writings about the natural world have shaped the conservation and environmental movements for more than a century, wrote this autobiographical account near the end of his life about his childhood in Dunbar, Scotland, his immigration to America (1849), his adolescence on a pioneer farmstead near Kingston, Wisconsin, and his student years at the University of Wisconsin at Madison. *The Story of My Boyhood and Youth* reveals the evolution of Muir's scientific curiosity and the beginnings of his reverential attitude towards nature. Treating his encounters with wildlife as high adventure, he gives especially informed attention to bird life in both Scotland and Wisconsin.

Inn-By-The-Bye Stories - 22 William Flewelling, 2020-10-28 In an endeavor to find a fresh way into the scriptural text upon which I would be preaching, I began to develop an imaginary world populated primarily by wee folk. I found that they - the characters I developed and the way they evolved in my mind and on the page - served me well as a consideration of how I sensed things happening in the scriptural text at hand. I want to make these stories newly available, and so I bring them to book form, fifty stories at a time. The cover drawing is done by Eve Sullivan, the author's granddaughter. The drawing is the artist's conception of Guerric and Mahara walking along a path in Hyperbia.
