**Ada's Violin** Susan Hood,2016-05-03 A town built on a landfill. A community in need of hope. A girl with a dream. A man with a vision. An ingenious idea.

**Michael Recycle** Ellie Bethel,2008-03-25 Perfect for Earth Day on April 22, but important for teaching environmental lessons year around! Michael Recycle tells the adventures of a young superhero whose power allows him to teach people about recycling. There once was a town Called Abberdoo-Rimey, Where garbage was left To grow rotten and slimy. It never smelled fresh. The air was all hazy. But the people did nothing. They got rather lazy. But the townspeople are called to attention when a streak of green crash-lands in the town dump! It's not a bird, nor a plane, but a new kind of superhero—Michael Recycle, who has a plan to save Abberdoo-Rimey. . . and the world! Fresh and funny, Michael Recycle will entertain young and old while gently imparting an important message about recycling and environmental awareness. A special section of Go Green Tips (from Michael Recycle himself) encourages all kids to become environmental superheroes.

**The Gollywhopper Games** Jody Feldman,2009-06-30 Jody Feldman's popular, award-winning novel about a group of kids playing the Gollywhopper Games—the fiercest toy company competition in the country—will appeal to fans of *The Amazing Race* and *Charlie and the Chocolate Factory*! Gil Goodson has been studying, training, and preparing for months to compete in the Gollywhopper Games. Everything is at stake. Once Gil makes it through the tricky preliminary rounds and meets his teammates in the fantastical Golly Toy and Game Company, the competition gets tougher. Brainteasers, obstacle courses, mazes, and increasingly difficult puzzles and decisions—not to mention temptations, dilemmas, and new friends (and enemies)—are all that separate Gil from ultimate victory. An interactive and inventive page-turner perfect for young readers who love to solve puzzles!

**Ada's Violin** Susan Hood,2016-05-03 From award-winning author Susan Hood and illustrator Sally Wern Comport comes the extraordinary true tale of the Recycled Orchestra of Paraguay, an orchestra made up of children playing instruments built from recycled trash. Ada Ríos grew up in Cateura, a small town in Paraguay built on a landfill. She dreamed of playing the violin, but with little money for anything but the bare essentials, it was never an option...until a music teacher named Favio Chávez arrived. He wanted to give the children of Cateura something special, so he made them instruments out of materials found in the trash. It was a crazy idea, but one that would leave Ada—and her town—forever changed. Now, the Recycled Orchestra plays venues around the world, spreading their message of hope and innovation.

The clean and green town where he lives is in danger from his lazy ways, not to mention suffering from the stench released by the mountains of garbage that Doug leaves wherever he goes! So strong is its stink that even the army of rats that follow Doug around are

rethinking their friendship with him. It's up to Michael Recycle, planet Earth's green-caped crusader, to show dastardly Doug the error of his ways...before it's too late!

**Why Should I Recycle?** Jen Green,2006 Uses color illustrations and simple text to explore the importance and benefits of recycling bottles, cans, plastic, clothes, and paper. *Can I Recycle This?* Jennie Romer,2021-04-13 "If you've ever been perplexed by the byzantine rules of recycling, you're not alone...you'll want to read *Can I Recycle This?*... An extensive look at what you can and cannot chuck into your blue bin." —The Washington Post The first illustrated guidebook that answers the age-old question: Can I Recycle This? Since the dawn of the recycling system, men and women the world over have stood by their bins, holding an everyday object, wondering, can I recycle this? This simple question reaches into our concern for the environment, the care we take to keep our homes and our communities clean, and how we interact with our local government. Recycling rules seem to differ in every municipality, with exceptions and caveats at every turn, leaving the average American scratching her head at the simple act of throwing something away. Taking readers on a quick but informative tour of how recycling actually works (setting aside the propaganda we were all taught as kids), *Can I Recycle This* gives straightforward answers to whether dozens of common household objects can or cannot be recycled, as well as the information you need to make that decision for anything else you encounter. Jennie Romer has been working for years to help cities and states across America better deal with the waste we produce, helping draft meaningful legislation to help communities better process their waste and produce less of it in the first place. She has distilled her years of experience into this non-judgmental, easy-to-use guide that will change the way you think about what you throw away and how you do it.

**All That Trash** Meghan McCarthy,2018-02-27 An ALA Notable Book "The year was 1987 and a ship full of trash was about to become famous...The narrative is immensely readable...A fresh take on a story of

old garbage guaranteed to spark conversations and a desire for actions among students. Highly recommended.” —School Library Journal (starred review) A garbage barge that can’t find a place to welcome it sparks a recycling movement in the United States in this smart and smelly picture book from the author of *Earmuffs for Everyone*. Lowell Harrelson wanted to turn trash into methane gas so he rented a barge called Morbo 4000. His plan was to ship the garbage from New York to North Carolina, but as the barge floated down the coast, no state would let him dock because of smelly waste on board! The barge became a mockery and the butt of many jokes in the media. What started as an attempted business venture turned into quite the predicament for Mr. Harrelson. Mobro 4000 roamed the seas for forty-five days and traveled a distance of 6,000 miles. While awaiting its fate, the trash floated in New York’s harbor, garnering much attention by onlookers. Green Peace activists put up a large banner across the barge that read, “NEXT TIME...TRY RECYCLING.” Even though the garbage barge was a farce, the unintended consequence inspired America to find a new way to deal with its trash.

*Save the Ocean* Bethany Stahl, 2022-09-13 *Save the Ocean* tells the story of Kaleisha, a mermaid, and Agwe, a silly sea turtle, who work together to discover that Agwe's favorite food, may not be what it seems!
