**Angels Elect and Evil** C Fred Dickason,1995-10-01 What are angels like? How many kinds are there? Are mental disorders caused by their influence? Long favored by scholars, this classic has now been rewritten to give us accessible scriptural answers to our questions about the spirit world.

**Rethinking Hell** Christopher Date,Gregory Stump,Joshua Anderson,2014-04-15 Most evangelical Christians believe that those people who are not saved before they die will be punished in hell forever. But is this what the Bible truly teaches? Do Christians need to rethink their understanding of hell? In the late twentieth century, a growing number of evangelical theologians, biblical scholars, and philosophers began to reject the traditional doctrine of eternal conscious torment in hell in favor of a minority theological perspective called conditional immortality. This view contends that the unsaved are resurrected to face divine judgment, just as Christians have always believed, but due to the fact that immortality is only given to those who are in Christ, the unsaved do not exist forever in hell. Instead, they face the punishment of the second death--an end to their conscious existence. This volume brings together excerpts from a variety of well-respected evangelical thinkers, including John Stott, John Wenham, and E. Earl Ellis, as they articulate the biblical, theological, and philosophical arguments for conditionalism. These readings will give thoughtful Christians strong evidence that there are indeed compelling reasons for rethinking hell.

**Revelation** Buist M. Fanning, III,2020-05-05 Designed for the pastor and Bible teacher, the Zondervan Exegetical Commentary on the New Testament features today's top New Testament scholars and brings together commentary features rarely gathered together in one volume. With careful analysis and interpretation of the Greek text, the authors trace the flow of argument in each New Testament book, giving readers the tools they need to properly understand and communicate the meaning of the text. Commentary on each passage follows a clear structure to help readers grasp the flow and meaning of the text: Literary Context: A brief discussion of how the passage

functions in the broader literary context of the book. Main Idea: A one- or two-sentence statement of the big idea or central thrust of the passage. Translation and Graphical Layout: Presents each commentator's translation of the Greek text in a graphical layout to help the reader visualize, and thus better understand, the flow of thought within the text. Structure: Describes the flow of thought in the passage and explains how certain interpretive decisions regarding the relationship of the clauses were made in the passage. Exegetical Outline: The overall structure of the passage is described in a detailed exegetical outline. This will be particularly helpful for those who are looking for a way to concisely explain the flow of thought in the passage in a teaching or preaching setting. Explanation of the Text: Commentators examine words and images, grammatical details, relevant Old Testament and Jewish background to a particular concept, historical and cultural context, important text-critical issues, and various interpretive issues that surface. Theology in Application: The theological message of the passage is summarized. The author discusses the theology of the text in terms of its place within the book and in a broader biblical-theological context. Finally, each commentator provides some suggestions on what the message of the passage is for the church today. The Zondervan Exegetical Commentary on the New Testament series is the go-to resource for pastors and Bible teachers looking for deep but accessible study that equips them to connect the needs of Christians today with the biblical text.

Revelation Mary and Ernie Kroeger, 2019-11-23 The symbolism of the Book of Revelation from the Bible is made clear. This helps to get an accurate view of the big-picture before jumping to mis-founded conclusions, or incorrect interpretations. Very well researched using the Bible, and the root meanings of the Greek & Hebrew words from which the English words were translated. The book is well written, and both fun & gripping to read.

**Understanding End Times Prophecy** Paul N. Benware, 2006-05-01 Many Christians think of end times prophecy as a gigantic, intimidating puzzle -- difficult to piece together and impossible to figure out. But every puzzle can be solved if you approach it the right way. Paul Benware compares prophecy to a picture puzzle. Putting the edge pieces together first builds the 'framework' that makes it easier to fit the other pieces in their place. According to Benware, the framework for eschatology is the biblical covenants. He begins his comprehensive survey by explaining the major covenants. Then he discusses several different interpretations of end times prophecy. Benware digs into the details of the Rapture, the Great Tribulation, the judgements and resurrections, and the millennial kingdom. But he also adds a unique, personal element to the study, answering questions as: -Why study bible prophecy? -What difference does it make if I'm premillennial or amillennial? If what the Bible says about the future puzzles you, Understanding End Times Prophecy will help you put together the pieces and see the big picture.

The Book of Revelation Clarence Larkin, 2007-12-01 The Reverend Clarence Larkin was one of the most widely influential thinkers on end-times prophecies of the early twentieth century, and his writings remain vital to appreciating the apocalyptic Christian thought that today enjoys widespread popularity. This 1919 book serves as a study guide for the Book of Revelation, the Bible's prophetic final chapter. Larkin explains the concepts of the Beast and the False Prophet, the Seven Seals and the Seven Trumpets, and the importance of the Book of Daniel in understanding the Rapture. Charts and illustrations depict the Pale Horse Rider, Daniel's Four Wild Beasts, Egyptian Plagues Compared, and more. Also available from Cosimo Classics: Larkin's The Spirit World, Rightly Dividing the Word, and The Second Coming of Christ. American Baptist pastor and author CLARENCE LARKIN (1850-1924) was born in Pennsylvania, and later set up his ministry there. He wrote extensively and popularly on a wide range of Biblical and theological matters.

*The Epistle of James* Peter H. Davids, 1982-08-26 Peter David's study on the Epistle of James is a contribution to The New International Greek Testament Commentary, a series based on the UBS Greek New Testament, which attempts to provide thorough exegesis of the text that is sensitive to theological themes as well as to the details of the historical, linguistic, and textual context.

**Dogmatic Constitution on Divine Revelation** Pope Paul VI., 1965 This document's purpose is to spell out the Church's understanding of the nature of revelation--the process whereby God communicates with human beings. It touches upon questions about Scripture, tradition, and the teaching authority of the Church. The major concern of the document is to proclaim a Catholic understanding of the Bible as the word of God. Key elements include: Trinitarian structure, roles of apostles and bishops, and biblical reading in a historical context.

**Barnes' Notes on the New Testament** Albert Barnes, 1962 Verse-by-verse, the author covers the entire New Testament, carefully and understandably, explaining every verse and offering a practical application for Christian living.

**The Branch** Preston T. Massey, 2018-07-24 The thesis of the book may be stated simply: it is an argument based upon the four prophetic texts of Jer 23:5; Zech 3:8; 6:12; and Isa 4:2 as a foundational pattern for the four Gospels. These four prophetic texts, it will be argued, mention a King Branch, a Servant Branch, a Man/Priest Branch, and a Lord God Branch. This study seeks to show how Matthew presents Jesus as the King Branch, Mark as the Servant Branch, Luke as the Priest/Man Branch, and John as the Lord God Branch. Consideration will also be given to explore the ramification of the four living Beings as described in Rev 4:6-7. Given the sum total of this sequence of literary facts, the conclusion of this book will raise a number of possible implications. One of these implications will offer the conclusion that the four evangelists could not have written their four Gospels solely on their own human unaided efforts.
