Once, they were inseparable, just two little girls playing games in a formidable castle. Now Princess Marie-Victoria, heir to the mightiest empire in the world, and Aelwyn Myrddyn, a bastard mage, face vastly different futures. The Spider Ring Andrew Harwell, 2015-01-27 A powerful ring. A dangerous web. When Maria inherits a strange, spider-shaped ring from her grandmother, she doesn't realize she's also inheriting a strange power -- the power to control spiders and have them do whatever she wants. This is a pretty cool thing when it comes to fetching objects from another room . . . or if Maria wants to use the spiders to get back at some mean kids in her class. But the power comes with a price. Maria has attracted the attention of the Black Widow -- who is trying to collect all the spider magic for herself. The Black Widow is not going to let anything stand in her way -- especially not Maria. The story of the ring is being woven like a web -- and Maria is going to have to do everything she can to not get trapped within it.

Tree Story Valerie Trouet, 2020-04-21 Trouet delights us with her dedication to the tangible appeal of studying trees, a discipline that has taken her to austere and beautiful landscapes around the globe and has enabled scientists to solve long-pondered mysteries of Earth and its human inhabitants.

Ring Papa Ring! Dean A. Thomson, Gary A. Thomson, 2013-05 This book tells the story of one American family. Several family trees came together in two people, Blanche Klinefelter and Herbert Thomson—our grandparents. As writers, we are two grandsons who have corroborated to tell this story. Like weaving a tapestry, we have tried to interpret the story of our particular family in the context of unfolding European and American history. This is a book about our family and its stories. We write about eras long, long ago as well as times closer to the present day. As two cousins, we have two points-of-view about these times and places. As the French would have it, Vive la différence. It is easy to confuse family traditions with history. History is the enemy of memory. The two stalk each other across the fields of the past, claiming the same terrain. Remembered family stories trail off into forgotten places. Each in his own way, we are historians. We have benefited from each other's approaches. Historians follow cautiously checking records. Memory can be misleading. But stories always have some basis in the

past. The heart of our book is where the recollected stories and history meet.

Ideas of Heaven: A Ring of Stories Joan Silber,2005-05-17 Shortlisted for the National Book Award: Joan Silber writes with wisdom, humor, grace, and wry intelligence. Her characters bear welcome news of how we will survive.—Andrea Barrett Intense in subject yet restrained in tone, these stories are about longings—often held for years—and the ways in which sex and religion can become parallel forms of dedication and comfort. Though the stories stand alone, a minor element in one becomes major in the next. In *My Shape*, a woman is taunted by her dance coach, who later suffers his own heartache. A Venetian poet of the 1500s, another storyteller, is introduced to a modern traveler reading Rilke. His story precedes a mesmerizing narrative of missionaries in China. In the final story, Giles, born to a priesthood family, leans toward Buddhism after a grievous loss, and in time falls in love with the dancer of the first story. So deft and subtle is Joan Silber with these various perspectives that we come full circle surprised and enchanted by her myriad worlds. National Book Award finalist. Reading group guide included.
